Prof.J. Davidson,  
Vancouver,  
B.C.

Dear Sir:

On leaving Steveston I left my butterfly specimens, a whole cabinet of them at Mr.Yoneda's house but as I understand now, it has been transferred to No.I Storehouse in Steveston .

Since I value my specimens highly, I wonder if you could take care of them by storing it in your home or wherever you may think it is convenient.

You may locate my collection easily by getting in contact with Mrs.King, The Custodian at Steveston.

Waiting for your reply

Yours truly,

S.Shigematsu,

Reg.No.08I77
