

April 2nd.1943.

Mrs.King,
Custodian of Japanese Stores,
Steveston, B.C.

Dear Madam,

In a letter from Mr.S.Shigematsu, now located at Raymond,Alberta, he asks me to get in touch with you to see if the cabinet containing his butterfly collections could be stored in my home.

Butterfly specimens are liable to be damaged by damp and insect pests, and as Mr. Shigematsu was a useful member of the Vancouver Natural History Society during my term as President, I would be willing to look after his cabinet for the duration.

He informs me the cabinet is in No.1 store house, and if arrangements can be made to have it brought to my home in Kerrisdale, I would be glad if you will inform me how to go about it.

I remain,
Yours faithfully,

John Davidson
Associate Professor of Botany.
