Notice was received from the Board of Governors of the appointment of Professor H.F. Angus as Director of Graduate Studies, with the status of Dean, effective July 1st, 1948. Senate noted that by virtue of this appointment Professor Angus would occupy a seat on Senate ex-officio, and that he would thereby vacate his place as a representative of the Faculty of Arts and Science. That Faculty, at its meeting on August 27th, deferred until its October meeting the election of a representative to replace him.

Re Standing Committees and Representatives on University Committees for Session 1948-49.

At its meeting on May 11th, 1948, Senate agreed that the appointment of Standing Committees and Representatives on University Committees for the Session 1948-49 be left in the hands of the Chair. In this connection President MacKenzie reported that in order that these committees might begin their duties before the opening of the session, if necessary, the Committee to Appoint Committees met in the Spring and the personnel of all committees, with the exception of Senate Committees and Senate members on other Committees, was decided at that time. The appointment of Senate Committees was deferred because of the pending Senate election.

"That the President be authorized to set up a Committee representing the Board, the Senate and the Faculties, to consider the organization of the University in the light of this and other requests."

President MacKenzie pointed out that while the Board recognized the autonomy of the Pharmacy unit it was felt that some consideration should be given to the differences, for example, between a unit such as Arts and Science with 6,000 students and Pharmacy with 250 students.
