UBC REPORTS CAMPUS EDITION

Graduating Class Gives \$15,500

The gift of the 1974 graduating class will take the form of grants of more than \$15,500 to three UBC projects and one community-based organization.

A total of 31 campus and community organizations submitted applications for a share of the graduating class gift. The council of the graduating class approved 17 of the projects, which were then voted on by members of the graduating class.

The four projects that topped the poll are:

- UBC's Museum of Anthropology, now under construction in the northwest section of the campus, will receive a total of \$6,000. Graduating students approved a \$5,000 grant to aid in the purchase of materials and the carving of a massive wooden entrance to the Museum, which will house UBC's outstanding collection of Northwest Coast Indian artifacts as well as collections representing other world cultures.

ADDITIONAL GRANT

The council of the graduating class also approved an additional grant of \$1,000 for a mural for the interior of the Museum.

- UBC Day Care Centre No. 2, one of eight day care centres operating in Acadia Camp at UBC, will receive a grant of \$5,000 to aid the centre in extending their present quarters. Up to 160 children ranging in age from 18 months to five years, are accommodated in the eight day care centres, each of which operates as a parent co-operative.

- A grant of \$4,500 will be made to a group of UBC Engineering students who are redesigning and rebuilding a B.C. Hydro bus with the object of making it more comfortable and efficient and safer. The ultimate aim of the project is to encourage greater use of buses for urban transit.

- The Vancouver Environmental Law Office will also receive a grant from the graduating class. The organization provides legal advice to community groups and individuals on environmental problems. VELO will receive whatever money remains in the graduating-class fund when all other disbursements have been made.

The 1974 graduating class of the Faculty of Science has contributed \$780 to a \$4,620 fund to upgrade Room 2000 in UBC's Biological Sciences Building.

The student gift was matched by the Department of Botany and the Department of Zoology and the office of the Dean of Science. The Systems Services department, which allocates and books all University rooms for lectures and other events, contributed \$1,500. All the contributions resulted in a fund of \$4,620 for the improvements.

NEW EQUIPMENT

Most of the funds will be spent for the purchase of new audio-visual equipment for the room, for the installation of new lighting, and improvement of the 200-seat lecture room, the largest in the building.

A plaque acknowledging the gift will be unveiled in Room 2000 at 10:00 a.m. on Friday (May 31), the day on which Bachelor of Science degrees are awarded. Members of the B.Sc. graduating class are invited to the short ceremony, which will be followed by a coffee hour.

3,300 to Get Degrees at Colorful Campus Ceremony

A total of 3,300 students will receive their academic degrees during UBC's three-day Spring Congregation ceremony on May 29, 30 and 31.

UBC's Chancellor, the Hon. Nathan T. Nemetz, Chief Justice of the Supreme Court of B.C., will preside at the ceremony and confer all academic and honorary degrees, which have previously been approved by the Senate, UBC's supreme academic body.

In addition to academic degrees to be conferred on students who have completed requirements for degrees, UBC will also award honorary degrees to six persons for their contributions to the University and to public life.

The Congregation ceremony begins at 2:15 p.m. each day in the campus War Memorial Gymnasium.

What follows is a day-by-day account of the degrees to be awarded at the 1974 ceremony.

WEDNESDAY, MAY 29

Students graduating from the Faculty of Arts, the largest of UBC's 12 Faculties, will be in the spotlight on the first day of Congregation. Master's degrees in Arts, Fine Arts, Music, Library Science, and Social Work will be conferred, as will Bachelor's degrees in Arts, Fine Arts, Home Economics and Music.

Two noted members of the UBC teaching staff will each receive the honorary degree of Doctor of Literature (D.Litt.) on the first day of Congregation. They are: Prof. Margaret Ormsby, retiring head of the UBC History department, and Prof. B.C. "Bert" Binning, former head of the Department of Fine Arts and a noted Canadian painter.

Prof. Ormsby has been a member of the UBC faculty since 1943 and was named head of the History department in 1965.

A tireless researcher into the history of her native B.C., Prof. Ormsby is perhaps best known for her widely-acclaimed book, *British Columbia: A History*, published to mark the province's 1958 Centennial celebrations.

Born in Quesnel, Prof. Ormsby received her Bachelor and Master of Arts degrees in history at UBC and her Doctor of Philosophy degree from Bryn Mawr College. She is a fellow of the Royal Society of Canada and a former president of the Canadian Historical Association.

Prof. Binning joined the UBC faculty in 1949 as an associate professor in the School of Architecture after teaching at the Vancouver School of Art for 14 years. He became the first head of UBC's Department of Fine Arts in 1955, a post he held until 1968. He continued to teach at UBC until last year.

Prof. Binning is regarded as one of the founders of the contemporary school of West Coast painting. His works are included in the permanent collections of Canada's leading public galleries and he has also executed a number of mosaics and murals for buildings in Vancouver.

THURSDAY, MAY 30

Three honorary degrees will be awarded at the Thursday ceremony. Academic degrees to be awarded include the highest offered by the University — the Doctor of Philosophy and Doctor of Education degrees.

The honorary degree of Doctor of Laws (LL.D.) will be conferred on Miss D. Mary Pack, former executive director of the Canadian Arthritis and Rheumatism Society; on the Hon. H. Carl Goldenberg, a member of the Canadian Senate and a noted political scientist and economist; and on Mr. Taffara Deguefe, a UBC graduate who is now managing director of the Commercial Bank of Ethiopia.

Miss Pack pioneered the organization in B.C. of medical and paramedical services for victims of arthritis and rheumatism. After attending the founding meeting of the national Canadian Arthritis and Rheumatism Society in October, 1947, she returned to Vancouver and organized the first provincial branch of the organization, building it into the largest division in Canada in the ensuing 22 years.

She served as the executive secretary and executive director of the B.C. division of CARS from 1947 until her retirement in 1969.

While she was head of the B.C. division, the organization developed a province-wide medical and rehabilitation program for arthritis and rheumatism victims and constructed the Arthritis Treatment Centre adjacent to the Vancouver General Hospital.

CARS also played a leading role in the establishment of UBC's School of Rehabilitation Medicine, which trains physiotherapists and occupational therapists, and of an arthritis research unit in the Faculty of Medicine.

Senator Goldenberg, who practices law in Montreal, has served on numerous commissions of inquiry established by governments at all levels and as an arbitrator of labor-management disputes in almost every province.

Five of the six honorary degree recipients at UBC's 1974 Spring Congregation are pictured above. From left to right they are: Prof. B.C. Binning, former head of UBC's Fine Arts Department; Prof. Margaret Ormsby, head of UBC's History department; the Hon. H. Carl Goldenberg, noted Canadian political scientist and economist; UBC graduate Mr. Taffara Deguefe, managing director of the Commercial Bank of Ethiopia; and Miss Mary Pack, former director of the B.C. division of the Canadian Arthritis and Rheumatism Society. Canada's Governor-General, His Excellency the Right Honourable Jules Léger will receive an honorary degree on Friday, May 31.

CEREMONY

Continued from Page One

in Canada. He was special counsel to the Prime Minister of Canada on the Constitution from 1968 to 1971.

A graduate of McGill University, Senator Goldenberg was gold medalist in economics and political science when he was awarded the degree of Bachelor of Arts in 1928 and gold medalist in Law in 1932.

Mr. Deguefe was a student at UBC from 1947 to 1952. He graduated with the degree of Bachelor of Commerce in 1950 and studied law at UBC until 1952, when he returned to his native Ethiopia. In 1955 he graduated from University College of Addis Ababa as head of the law class.

Mr. Deguefe was director-general of civil aviation for the government of Ethiopia from 1955 to 1957, when he joined the State Bank of Ethiopia. He became chief executive officer of the Commercial Bank of Ethiopia in 1964.

In addition to the degrees of Doctor of Philosophy and Doctor of Education, the following Master's degrees will be awarded on Thursday: Education, Physical Education, Science in Business Administration, and Business Administration.

Bachelor's degrees to be awarded are: Education, Physical Education, Recreation Education, and Commerce. The degree of Licentiate of Accounting will also be conferred.

FRIDAY, MAY 31

Students from most of UBC's professional schools will receive their academic degrees on the final day of Congregation.

The honorary degree of Doctor of Laws (LL.D.) will be conferred on Canada's Governor-General, His Excellency the Right Honourable Jules Léger, who was a career diplomat until he took up his present duties in January.

His Excellency joined the Department of External Affairs in 1940 and was Canada's ambassador to Italy and France in the 1960s. At the time of his appointment as Canada's 21st Governor-General, he was Canada's ambassador to Belgium and neighboring Luxembourg.

Governor-General Léger has also represented Canada at a number of international conferences and served as undersecretary for external affairs on two occasions.

He was educated at the University of Montreal, where he received a law degree, and the University of Paris, where he was awarded the degree of Doctor of Literature in 1938.

On Friday, Master's degrees will be awarded in Applied Science, Engineering, Architecture, Nursing, Forestry, Law, and Science. Bachelor's degrees will be awarded in Science, Applied Science, Architecture, Nursing, Forestry, Pharmacy, Medicine, Rehabilitation, Dental Medicine, and Law.

UBC also pays tribute during its annual Congregation ceremony to those students who head their respective graduating classes.

The student who heads each graduating class is presented to Chancellor Nemetz when he or she arrives at the platform at the east end of the War Memorial Gymnasium to receive his or her academic degree.

Only one student — the winner of the Governor-General's Gold Medal as head of the graduating class in either Arts or Science — is especially singled out.

The winner of this medal is asked to come to the Congregation platform and a special citation is read

before the medal is awarded.

Following are the heads of the 1974 graduating class:

The Governor-General's Gold Medal (Head of the Graduating Classes in the Faculties of Arts and Science, B.A. and B.Sc. degrees): Michael L. Overton, Vancouver.

The Wilfrid Sadler Memorial Gold Medal (Head of the Graduating Class in Agricultural Sciences, B.Sc. degree): William G. Stewart, Vancouver.

The Association of Professional Engineers Gold Medal (Head of the Graduating Class in Engineering, B.A.Sc. degree): Andrew B. Dunwoody, West Vancouver.

Honorable mention and Special University Prize of \$100 for the runner-up in Engineering: Phillip J. Lockwood, Vancouver.

The Kiwanis Club Gold Medal and Prize, \$100 (Head of the Graduating Class in Commerce and Business Administration, B.Comm. degree): James Harley Cleave, North Vancouver.

The University Medal for Arts (Head of the Graduating Class in Arts, B.A. degree): Terrance Robert Greenberg, Vancouver.

The Law Society Gold Medal and Prize (Call and Admission fee) (Head of the Graduating Class in Law, LL.B. degree): Richard R. Mahoney, Vancouver.

The Hamber Gold Medal and Prize, \$250 (Head of the Graduating Class in Medicine, M.D. degree, best cumulative record in all years of course): L. Jean Hlady, North Vancouver.

The Horner Medal for Pharmaceutical Sciences (Head of the Graduating Class in Pharmaceutical Sciences, B.Sc. degree): Lynn R. Trottier, Coquitlam.

The Helen L. Balfour Prize, \$250 (Head of the Graduating Class in Nursing, B.S.N. degree): Joan Beverly Piller, Vancouver.

The Canadian Institute of Forestry Medal (best overall record in Forestry in all years of course, and high quality of character, leadership, etc.): Garry E. Mancell, Port Coquitlam.

The H.R. MacMillan Prize in Forestry, \$100 (Head of the Graduating Class in Forestry, B.S.F. degree): Evert Kenk, Vancouver.

Honorable mention and Special University Prize of \$100 for the runner-up in Forestry: Simeon S. Chiyenda, Vancouver.

The Dr. Maxwell A. Cameron Memorial Medal and Prize (Head of the Graduating Class in Education, Elementary Teaching Field, B.Ed. degree): Collyne Amanda Bunn, Teslin, Yukon.

The Dr. Maxwell A. Cameron Memorial Medal and Prize (Head of the Graduating Class in Education, Secondary Teaching Field, B.Ed. degree): William John MacDonald, Vancouver.

The College of Dental Surgeons of British Columbia Gold Medal (Head of the Graduating Class in Dentistry, D.M.D. degree): Daniel H.P. Ng, Vancouver.

The Royal Architectural Institute of Canada Gold Medal (outstanding student in Architecture, B.Arch. degree): Sean R. McEwen, Vancouver.

The Ruth Cameron Medal for Librarianship (Head of the Graduating Class in Librarianship, M.L.S. degree): Ernest B. Ingles, Calgary.

The Physical Education Faculty Award (Head of the Graduating Class in Physical Education, B.P.E. degree): Jillian Marcia Philipchuk, Vancouver.

The British Columbia Professional Recreation Society Prize Certificate and \$50 (Head of the Graduating Class in Recreation, B.R.E. degree): Michael William Murray, New Westminster.

The College of Dental Surgeons of British Columbia Gold Medal (leading student in the Dental Hygiene program): Susan Jean Ellis, Vancouver.

The Dean of Medicine's Prizes (Heads of the Graduating Class in Rehabilitation Medicine, B.S.R. degree), \$100 each: Anne E. Scott, North Vancouver; Barbara J. Larkin, New Westminster.

Special University Prize, \$100 (Head of Graduating Class in Music, B.Mus. degree): Pen-Yeh (Benny) Tsao, Vancouver.

Special University Prize, \$100 (Head of the Graduating Class in Fine Arts, B.F.A. degree): Jennifer L. Scott, West Vancouver.

Special University Prize, \$100 (Head of the Graduating Class in Social Work, M.S.W. degree): David Bryce Bosomworth, Vancouver.

Special University Prize, \$100 (Head of the Graduating Class in Home Economics, B.H.E. degree): Deanne M. Roberts, Vancouver.

Special University Prize, \$100 (Head of the Graduating Class in the Licentiate in Accounting Program, Lic. Acct. degree): Gordon Pow, North Vancouver.

Rhodes Scholarship: Alan A. Hobkirk, Vancouver.

Colorful Congregation Gown

The gowns and hoods worn by graduating students and by faculty members for UBC's annual Congregation ceremony are rooted in 800-year-old customs.

The garb of students and faculty members is linked to the dress of the high Middle Ages, which extended roughly from the 12th to the 15th century.

Three items worn by participants in the ceremony — a gown, a hood and, in the case of women graduates, a mortarboard cap — are 20th-century counterparts of the apparel worn in the medieval period.

Eight hundred years ago a basic item of apparel for practically everyone was a long robe or gown, which varied in materials, cut, color and trimmings according to the station of the owner.

HOOD ATTACHED

Over the gown was worn a cloak, often fur- or wool-lined, which had attached to it a hood that could be pulled up to cover the head in cold or rainy weather.

The hood, when not covering the head, hung down the wearer's back. In the later Middle Ages the hood

was often absent and worn as a separate item, which usually took the form of a close-fitting headpiece.

These elements, with minor variations, make up the dress worn by graduating students at UBC's Congregation ceremony.

Students receiving their first degree wear a gown of "ordinary stuff material" (stuff simply means woollen) with long sleeves and the yoke edged in khaki cord. The master's degree is the same, minus the cord.

UBC's Doctor of Philosophy gown is considerably more lavish. It consists of an ankle-length gown of maroon silk material with front facing panels of UBC blue with gold piping. The hood has blue silk on the outside and is lined with gold material. The Ph.D. cap is a decanal bonnet of maroon silk with gold cord and tassel.

The brightly-colored hoods worn by students have evolved from the garment which once covered the heads of medieval men. In the course of time various colors came to be associated with each degree. These colors are used in the material which lines the students' hoods. Occasionally a colored cord is used as an embel-

Welcome Mat Out for Visitors to UBC

VISITORS' INFORMATION SERVICE co-ordinator Mrs. Phyllis Aylsworth greets campus visitors at top left at International House, one of two "Info UBC" centres operating this summer on campus. Brochures detailing self-guided walking tour are available and during July and August there will be a free campus shuttle-bus service. At top right UBC research assistant Vivian Wylie puts finishing touches on pictorial exhibition of UBC history, part of a summer display centre he has created at International House.

INFORMAL ENVIRONMENT of UBC's Sedgewick Library made for a mood of happy relaxation for these public-school visitors to the UBC campus. Guided tours of the campus for any type of group can be arranged by calling the Tour Co-ordinator at 228-6262.

PHYSICS-laboratory experiment fascinates two young visitors on a guided tour of the UBC campus.

UBC REPORTS

Vol. 20, No. 9 - May 29, 1974.
Published by the University of British Columbia and distributed free. UBC Reports appears on Wednesdays during the University's Winter Session. J.A. Banham, Editor. Louise Hoskin and Jean Rands, Production Supervisors. Letters to the Editor should be sent to Information Services, Main Mall North Administration Building, UBC, 2075 Wesbrook Place, Vancouver, B.C. V6T 1W5.

and Hoods Reflect Dress of the Middle Ages

ishment on the edge of the hood.

The mortarboard cap worn by women graduates evolved from a loose-fitting cap into a fuller and looser bonnet, which eventually became so large that the corners began to droop. The practice of inserting a board in the hat to keep the corners from falling originated in England in the 16th century.

HIGHEST DEGREE

At UBC's graduating ceremony, all candidates for academic or earned degrees, with the exception of Doctor of Philosophy candidates, enter the War Memorial Gymnasium wearing their hoods and carrying their degrees, which they received in the Student Union Building, where the student procession assembles.

Because the Ph.D. is the highest earned degree awarded by UBC, doctoral candidates have their hoods placed over their shoulders after being presented to UBC's Chancellor, the Hon. Nathan Nemetz.

The Chancellor confers on all students the degrees which were granted in the previous week at a meeting

of the Senate, UBC's paramount academic body.

Similarly, honorary degree recipients, honored for their contributions to university and public life, receive their hoods after UBC's President, Dr. Walter H. Gage, has presented the candidate to the Chancellor and read a citation which outlines the reasons for conferring the honorary degree.

What follows is a listing of the hood colors associated with each of the degrees to be awarded:

Bachelor of Arts - University blue; Bachelor of Fine Arts - University blue with magenta cord; Bachelor of Applied Science - scarlet; Bachelor of Commerce - light grey with black and grey cord; Licentiate in Accounting - light grey with white cord; Bachelor of Education - white with cord of University blue; Bachelor of Home Economics - turquoise; Master of Library Science - cadmium yellow; Bachelor of Music - University blue with cord of alizarin crimson; Bachelor of Science - light blue; Bachelor of Architecture - scarlet with white cord.

Doctor of Dental Medicine - lilac and red; Doctor of Education - blue and gold, with blue, white and

gold chevrons; Bachelor of Physical Education - malachite green; Bachelor of Recreation Education - malachite green with gold and green cord; Bachelor of Science in Agriculture - maize; Bachelor of Science in Forestry - brown with green cord; Bachelor of Science in Nursing - scarlet with twisted cord of University blue and white; Bachelor of Science in Pharmacy - dark green with cord of scarlet; Bachelor of Science in Rehabilitation - scarlet and white twisted cord on royal blue.

Master of Social Work - magenta; Bachelor of Laws - amethyst violet; Doctor of Medicine - scarlet and royal blue; Doctor of Philosophy - blue and gold.

HOOD COLORS

The hoods for Master's degrees are the same as the Bachelor's lined with the distinctive color.

The hood for the honorary degree of Doctor of Laws (LL.D.) is scarlet broadcloth lined with dark blue velvet; that for the Doctor of Literature (D.Litt.) is the same with a white lining.

UBC ALUMNI Contact

PREPARED FOR UBC REPORTS BY THE UBC ALUMNI ASSOCIATION

NEW SHELL for UBC rowers, donated by Dr. Walter Koerner, will be named the "Wally Cruiser" for UBC's President, Dr. Walter Gage, left. Prof. William C. Gibson, right, announced the donation at a May 18 banquet winding up the UBC-hosted Western Intercol-

legiate Rowing Championships. Outgoing Alumni Association President George Morfitt, centre, holds plaque presented at banquet in recognition of the UBC Alumni Association's contribution to rowing meet arrangements.

Rowers to Get New Shell

Dr. Walter Koerner, a former chairman of the UBC Board of Governors, has made a gift of a new rowing shell to University of B.C. rowers.

Dr. W.C. Gibson, head of the Department of the History of Medicine and Science at UBC and a rowing supporter, formally announced the gift at the May 18 awards banquet of the Western Intercollegiate Rowing Championships which were held on Burnaby Lake on May 17 and 18.

The new four-oared shell will be a much-needed addition to the rowers' equipment and will join an eight-oared shell which Dr. Koerner donated three years ago.

UBC alumni are to match the gift. In recognition of Dr. Koerner's generosity to UBC, the UBC Alumni Association has decided to take steps immediately to provide money for the acquisition of a second four-oared shell. The shell donated by Dr. Koerner is to be named the "Wally Cruiser" in honor of UBC's President, Dr. Walter H. Gage, and the alumni shell is to be named the "Aubrey Roberts I" in honor of an original

Great Trekker and long-time supporter of rowing.

The largest collegiate rowing regatta ever held in Canada, the rowing championships brought together more than 25 universities and 500 oarsmen from Canada and the United States.

Mr. Frank Read, coach of the famous and powerful UBC "Cinderella Crew" of the 1950s, and Mr. George Pocock, a noted Seattle rowing-shell builder known as "Mr. Rowing of North America" for his avid support of the sport, were special head table guests at the banquet held in the UBC Faculty Club.

Both gave tributes to the sport of rowing and Mr. Read presented the Frank Read Trophy to the University of Washington junior varsity eights, while Pocock presented the University of Washington eight-oar crew with the Ebright Trophy for winning the varsity eights event.

The UBC eights crew placed sixth out of a large field of competition, while the Burnaby Lake Centre crew, all of whom are UBC alumni, won the open four without cox event.

Association Honors Two

Two prominent Canadians who are as distinguished for their social concern as for their professional achievements were honored on May 15 by the UBC Alumni Association.

The Association, at its annual dinner held at the Hotel Vancouver, awarded the Alumni Award of Distinction to Dr. Hugh Keenleyside, a distinguished long-time public servant and former co-chairman of B.C. Hydro, and awarded an Honorary Life Membership to UBC zoology professor Dr. David Suzuki, a noted researcher and teacher in the field of genetics.

A graduate of UBC and Clark University, Dr. Keenleyside has had a long and varied career of public service. In addition to service on many national and international councils and commissions, Dr. Keenleyside has served as Canada's Under-Secretary of State for External Affairs, Ambassador to Mexico, director-general of the United Nations Technical Assistance

Administration and co-chairman of B.C. Hydro. An outspoken opponent of war and the spread of nuclear weapons and an advocate of increased foreign aid, Dr. Keenleyside was cited for his distinguished public service and his social concern.

Vancouver-born Dr. David Suzuki, a graduate of Amherst College and the University of Chicago, is noted as an excellent researcher and teacher. In 1969 he was the recipient of the E.W.R. Steacie Memorial Fellowship for outstanding research in Canada and in 1968 he was named runner-up for UBC's Master Teacher Award. Dr. Suzuki was cited not only for his research and teaching achievements, but also for his determined advocacy of the social responsibility of science.

As one of his last official duties, outgoing Alumni Association President George Morfitt made the presentations.

New UBC Graduates Welcomed

By **CHUCK CAMPBELL**
President, UBC Alumni Association

Well, congratulations are certainly in order. You have successfully completed your undergraduate course of studies and have earned that university degree for which you have been striving these many years. The next order of business for you will be one of several possibilities — a new career, marriage, travel, post-graduate study — but whatever your future direction we want you to know that you have our full support and best wishes.

You are now a member of our Association of UBC alumni, a group now more than 66,000 strong, and your addition to our membership has made us that much stronger. We welcome you as a new alumnus and we wish you the best of success and good fortune during the months and years ahead.

Our Association is one of the largest and most active alumni associations in Canada and if you have not already done so, you may soon find yourself involved in many of our programs, such as:

Young Alumni Club — this group of young graduates has an active year-round social program for its more than 1,000 members;

Branches — there are 41 branches of our Association which bring together our many alumni who are living throughout British Columbia, Canada and the rest of the world;

Divisions — we have five divisions whose varied programs are specifically directed to graduates of particular Faculties;

Reunions, Special Events, Awards and Scholarships — these and many other ongoing activities.

UBC does much to improve and expand both knowledge and understanding. You can contribute to its future direction and well-being by actively supporting your UBC Alumni Association.

New President Takes Office

Charles Campbell, a Vancouver accountant, is the president of the UBC Alumni Association for 1974-75.

Mr. Campbell was declared elected at the conclusion of the Association's first mail ballot, in which UBC graduates all over the world cast their votes in the annual elections to the alumni Board of Management. He defeated Mr. Peter Uitenbosch, a Vancouver real estate salesman, for the position.

Mr. Campbell took office officially at the Association's annual meeting on Monday, May 27. He succeeds outgoing President George Morfitt.

Mr. Campbell will head a new executive of the UBC alumni Board of Management. These officers, all elected by acclamation, include: first vice-president, Ken Brawner; second vice-president, James Denholme; third vice-president, R.B. (Bernie) Treasurer; and treasurer, Paul Hazell.

The executive guides the day-to-day operation of the Alumni Association. Overall policy is set by the 50-member alumni Board of Management.

Club Meets During Summer

What's the cheapest nightspot in town? The Young Alumni Club at Cecil Green Park.

Memberships, which are open to students in their graduating year and to recent graduates, cost \$4.00 for the winter program and \$2.00 for the summer program.

And the summer program is now underway. Every Thursday, from 8:00 p.m. to 12:00 midnight, the club gathers at Cecil Green Park for informal socializing throughout the summer.
