

UBC Reports

Volume 28, Number 4

January 20, 1982

It will be 'business as usual' at UBC Friday

The University of B.C. will operate as close to normal as possible on Friday (Jan. 22) despite a strike that is planned by the Teaching Assistants' Union.

The union says it will picket all entrance 'gates' to the campus proper from 11 p.m. Thursday until 11 p.m. Friday. Also picketed, a union spokesperson said, would be the Museum of Anthropology, Mary Bollert Hall (Employee Relations), the

Mather Building (Family Practice Unit), the Bob Berwick Centre, the Health Sciences Centre Hospital (acute, psychiatric and extended care units), and the Centre for Continuing Education, all of which can be reached without passing through a 'gate'.

The child care centres in the Acadia area, however, will not be picketed, the spokesperson said, adding that there would be no attempt to curtail

any essential services at the hospital.

Meanwhile, President Douglas Kenny said the University's first concern will be to ensure that the normal schedule of academic lectures takes place and that students have access to campus facilities.

"The University will remain open on Jan. 22," Dr. Kenny said. "Supervisory personnel will maintain essential campus services, and libraries will be open.

"The University recognizes that its employees are entitled, as a matter of conscience, to refuse to cross picket lines during a labor dispute. All those who do not report for work on Jan. 22 will lose a day's pay in keeping with common practice."

Although the University policy of "no work, no pay" applies equally to faculty and union and non-union staff, and although union contracts do not prohibit the crossing of picket lines, members of campus unions who are considering working on Friday are advised to check with their union before doing so.

The two largest campus unions, CUPE and AUCE, are both supporting the TAs and have asked members not to cross picket lines, except those

"The Drint Suite: An Excavation of a Drawing" is on display at the UBC Fine Arts Gallery until Jan. 30.

Drawing? print? How about drint?

"By slowing down the process involved in making a drawing, I can present and understand the act of making a drawing and the relation of perception, conception and reception as ingredients that can be altered and mixed. The result is a complexity and range not possible in a unique or spontaneous occurrence." — Richard Sewell.

Every day for three years artist Richard Sewell sat for half an hour in front of a still life set up within a box and drew the image on identical pieces

of paper which were imprinted with a grid pattern the same as the grid on the box itself. The result is an exhibition of more than 400 works entitled *The Drint Suite: An Excavation of a Drawing*.

The exhibit is on display until Jan. 30 in the UBC Fine Arts Gallery, located in the basement of the Main Library.

Dated sketches done on consecutive days for a year cover one wall along the length of the gallery, and three-dimensional versions of the still life are

set up in surrounding areas.

Although all the objects in the 'Drint Box' are painted uniformly gray (the box is also displayed in the exhibit), Mr. Sewell's drawings and three-dimensional representations are done in varying shades of color. The term 'drint' was coined by the artist to describe an image that lies between a print and a drawing.

If you're interested in viewing this unusual exhibit, the Fine Arts Gallery is open from 10 a.m. to 5 p.m., Tuesday through Saturday.

In doubt? phone us

Although the information about the proposed one-day strike by teaching assistants is as up-to-the-minute as possible, 11th-hour changes can always happen.

If you have any questions about the strike, or University services, the latest information will be available on Thursday and Friday from Information Services, 228-3131, to 5 p.m. each day. After five, call 228-3133.

cleared for essential services. Asked what would happen to a member who reported for work on Friday, an AUCE spokesperson said this would be "an internal discipline problem."

B.C. Hydro buses are expected to run as far as the campus perimeter, since the TAs do not plan to picket entrances to the University Endowment Lands. A union spokesperson said, for example, that he expected Hydro buses from 10th Avenue would come as far as Wesbrook before returning to Blanca and Vancouver.

With the exception of student residences, all University Food Services outlets will be closed on Friday. But the delicatessen in the basement of the Student Union Building will be open as usual, as will the downstairs cafeteria of the Faculty Club.

A spokesperson for the Bank of

Historian starts Institute program

Princeton University historian Prof. Lawrence Stone will be the leadoff speaker when the Vancouver Institute opens its 1982 spring program of free public lectures at the University of B.C. on Jan. 23.

Prof. Stone, an expert in the areas of English history and the history of art, architecture, education, social structure and revolutionary movements, will speak on "The Modern Family and its Origins."

All Vancouver Institute lectures take place in Lecture Hall 2 of the Woodward Instructional Resources Centre on the UBC campus at 8:15 p.m.

Other speakers in the spring lecture series include: Prof. Stephen Weiss, chief of the Behavioral Medicine Branch, U.S. National Institutes of Health, who will speak on "Lifestyle Change and Health Enhancement" on Jan. 30; Mme. Solange Chaput-Rolland, one of Quebec's leading public affairs commentators, who will speak on "Quebec after Patriation" on Feb. 13; Prof. J. David Singer, an authority on the causes of war, arms control and disarmament, who speaks on "International Security in the 1980s" on March 6; and Prof. H. Gordon Skilling, an expert on the politics of Eastern Europe, who will speak on "Poland and the Future of Eastern Europe" on March 27.

The series ends on April 3 with a lecture entitled "Stars, Gas, Dust and Planets" by Prof. G.J. Wasserburg, one of America's leading geological and planetary scientists.

Vancouver Institute lectures are listed in the Calendar section of *UBC Reports*. Brochures listing all the lectures are available from Information Services, Old Administration Building (228-3131).

Ruth McRae

Ruth McRae retires, then volunteers

When Ruth McRae of the Graduate Student Centre retired earlier this month she didn't leave the campus — she just relocated.

She completed 11 years of service with the grad centre on Friday, Jan. 8, and the following Tuesday Mrs. McRae began volunteer work at UBC's Acute Care Unit.

"I've really enjoyed the years I've spent here," said Mrs. McRae, who took an early retirement, "and I felt it was time for me to give something in return. I've been very fortunate in my job and the people I've worked with, and I'd like now to help out people who haven't been as lucky as I have."

Mrs. McRae worked part-time for the Graduate Student Centre for four years before her full-time appointment as a clerk III in 1970.

U.S. astronauts here Monday

The two U.S. astronauts who took the space shuttle Columbia up in November, 1981, will visit the UBC campus Monday (Jan. 25).

Columbia commander Joe Engle and pilot Richard Truly will arrive on campus at 9:30 a.m. for a one-hour presentation of films and a question-and-answer session in the auditorium of the Student Union Building.

Seating in the SUB auditorium is limited — it holds 430 persons — and will be available on a first-come, first-served basis.

The Columbia astronauts will be accompanied by officials and scientists from Canada's National Research Council. The NRC party will include members of the engineering team responsible for managing the Canadarm project, the space shuttle's \$100 million manipulator arm that was flexed in space for the first time on Nov. 13, 1981.

The films to be shown will include new footage of last year's flight and views of the Canadarm's debut in space.

On Sunday (Jan. 24) the astronauts and NRC scientists will take part in a public presentation at 4 p.m. in the ballroom of the Hyatt-Regency Hotel, 655 Burrard. The films described above will be shown and there will be a question period.

Admission to the Sunday presentation is by ticket only. These are free and available at B.C. Research, 3650 Westbrook Mall on UBC's south campus, or at the MacMillan Planetarium, 1100 Chestnut, or the registration desk of the Hyatt-Regency.

The Vancouver appearance of the NRC-astronaut party is part of a five-day tour of western Canadian cities that begins in Winnipeg today (Jan. 20).

'North end' faculties Open House hosts

Faculties on the north end of the campus are oiling door hinges to prepare for Open House this spring.

Host faculties this year are the Faculties of Arts, Commerce and Business Administration, Education, Law and Science.

The two-day event will take place on Friday, March 12, from 10 a.m. to 4 p.m. and Saturday, March 13, from 10 a.m. to 10 p.m.

Friday will be reserved for high

school and regional college students. The general public will be invited on Saturday.

Chairman of the organizing committee is Dr. Peter Remnant, associate dean of the Faculty of Arts and professor in the Department of Philosophy.

Other committee members include Dr. Robert A. Adams (science), Kerry Armstrong (AMS), Dr. Stanley M. Oberg (commerce), Howard L. Kushner (law), Jocelyn Foster (library), Shirley Naleykin (education) and Peter Thompson of Information Services.

As is usual during Open House, University attractions such as the Aquatic Centre, Nitobe Gardens and the Museum of Anthropology will be open free of charge.

This year's Open House completes the first round under the new Open House format where one-third of the campus acts as host each year. The health sciences were hosts in 1980 and the applied sciences in 1981. Hosts next year will again be the health sciences.

Culling named to committee on presidency

UBC's Board of Governors has agreed to a request from Senate that the current president of the Faculty Association, Charles Culling, be added to the committee to advise on suitable candidates to succeed Dr. Douglas Kenny, who will step down as president of the University on June 30, 1983.

The Board's approval means that the advisory committee now in the process of formation will be increased in size by one person to a total of 24 members.

The advisory committee, which will be chaired by UBC's chancellor, Hon. J.V. Clyne, will be made up of representatives of the Board and the Senate, the faculty, deans and students, the Alumni Association and a member of the non-academic administration.

The terms of reference of the committee are to adopt criteria to guide it in the selection of candidates and to recommend a short list of presidential candidates to the staff committee of the Board.

The staff committee will then make its recommendation to the 15-member Board, which has responsibility for the appointment of the president under the University Act.

Mr. Culling will remain a member of the advisory committee until it has completed its task, even if his term of office as Faculty Association president expires.

Graduating? Return that card

No application, no degree. That's the word this week from the Registrar's Office to the 3,000-odd students who expect to receive their academic degrees at UBC's Spring Congregation on May 26, 27 and 28.

Application-for-graduation cards have been mailed to students in the graduating year of the following degree programs: BA, BFA, BMus, BCom, LicAcct, BEd (elementary, secondary and special ed.), BPE, BRE and BSc.

The cards should be completed and returned by Feb. 12 to the Registrar's Office, which uses them to compile the list of candidates for graduation which goes to faculties and to Senate for approval of degrees.

Students in the graduating year of degree programs not named above, except Graduate Studies, may obtain the application cards from the office of the dean of their faculty. Students in Graduate Studies can obtain them from their graduate advisors.

The cards are also available in the Registrar's Office in the General Services Administration Building.

Service set for Phyllis Schuldt

A memorial service will be held Friday (Jan. 22) for professor emeritus Phyllis Schuldt, who died on Jan. 16 at the age of 71.

Prof. Schuldt was a member of UBC's Department of Music from 1960 to 1978, during which time she earned a reputation as an outstanding teacher. After her retirement at the age of 68 she remained actively involved in the field of music, teaching piano and adjudicating competitions.

The memorial service will be held at 1 p.m. at Canadian Memorial United Church. Donations for the Phyllis Schuldt Scholarship can be sent to the Department of Music, UBC.

Prof. Schuldt is survived by her husband, Harold, and two sons, Edward and Richard.

'South Pacific' opens Jan. 29

MUSSOC, UBC's musical theatre society, is staging Rodgers and Hammerstein's *South Pacific* in the Old Auditorium, Jan. 29 through Feb. 6.

The production is directed by Prof. John Brockington, head of UBC's theatre department. Tickets are \$5 for regular admission and \$3 for students, seniors and children. You can get your tickets at the AMS Box Office, or by calling 228-2678 or 228-6902.

TA union

continued from page 1

Montreal said the SUB branch will be open, regular Friday hours.

The Library will be open, but services may be limited. The first priority will be to keep the library open the usual number of hours, with the emphasis on people using books inside the library.

The Computing Centre plans to function normally, with non-union staff keeping services running if union members do not cross picket lines.

The Bookstore plans to open as usual, but will close if there are too few staff to handle services.

A piano recital by Prof. Robert Silverman at 8 p.m. Friday in the Music Building will be held as scheduled, as will the Friday night performance of *The Firebugs* in the Frederic Wood Theatre.

The Aquatic Centre will be open as usual on Friday, although it will be closed to public swimming Friday night because of a swim meet.

A basketball game Friday night in

the War Memorial Gym will be held as scheduled.

Although there are almost 1,100 teaching assistants at UBC, only about half are members of the TA union.

Contract negotiations between the TAs and the University broke off on Jan. 4, with two major points — union membership and tuition waiver — still unresolved.

On union membership, the union wants all who are eligible to apply for union membership and pay a \$1 'initiation processing fee.' Those who do not wish to become members would then have 30 days from the date of signing the application for membership to apply for exemption.

The University proposes that those eligible for membership complete an option form indicating that they either (a) are already a member of the union; (b) wish to become a member; or (c) don't want to join. The option form would authorize the deduction of union dues, mandatory under the B.C. Labor Code for non-members as well as members.

On tuition waiver, the union wants

a waiver or rebate of tuition fees equal to either the fee for six units of undergraduate courses or the TA's total tuition fee, whichever is less. The TAs contend that members of other campus unions enjoy this 6-unit tuition waiver.

The University position is that the TAs are students (most of them full-time students) who are engaged for a limited period as part-time employees. Members of other unions are career employees having the opportunity to become occasional students.

A graduate student TA told *UBC Reports* that a 6-unit fee waiver would mean about \$400 to him, based on current tuition fees, and agreed that such a clause in the contract would result in a revenue loss of more than \$250,000 to the University.

Actual wages for the TAs, as proposed by the University, would range from just over \$7 an hour in 1981-82 for undergraduates to just over \$15 an hour for graduate TAs, an increase from 1980-81 of 15 per cent.

Memorial bursary established

A \$250 memorial bursary has been established by friends of Ann McCullough, a longtime employee of the University who died on April 15 last year.

Mrs. McCullough graduated from UBC with a Bachelor of Arts degree in 1930, and worked for more than 30 years in the Registrar's Office and with the Faculty of Agricultural Sciences.

The Ann McCullough Memorial Bursary will be awarded to a student in the Faculty of Agricultural Sciences or a related discipline who requires financial assistance in order to complete his or her studies.

The trust fund for the bursary is still open for those who wish to contribute. Donations should be sent to the Department of Finance, Room 60, General Services Administration Building.

UBC CALENDAR

Calendar Deadlines

For events in the weeks of Feb. 7 and Feb. 14, material must be submitted not later than 4 p.m. on Jan. 28. Send notices to Information Services, 6328 Memorial Rd. (Old Administration Building). For further information, call 228-3131.

The Vancouver Institute.

Saturday, Jan. 23
The Modern Family and its Origins. Prof. Lawrence Stone, History, Princeton University.

Saturday, Jan. 30
Lifestyle Change and Health Enhancement. Prof. Stephen Weiss, U.S. National Institutes of Health.

Both lectures in Lecture Hall 2, Woodward Instructional Resources Centre at 8:15 p.m.

SUNDAY, JAN. 24

Christian Campus Ministry.

Week of Prayer for Christian Unity. University Hill United Church. 7 p.m.

MONDAY, JAN. 25

National Research Council Presentation.

U.S. astronauts Joe Engle and Richard Truly, the commander and pilot of the space shuttle Columbia on its November, 1981, voyage into space will show films and answer questions in the auditorium of the Student Union Building. Party includes NRC scientists who managed the Canadarm project, the Columbia's manipulator arm used for the first time in space Nov. 13, 1981. Limited seating available on first-come, first-served basis. 9:30 a.m.

Cancer Research Seminar.

Studies on a Stem Cell Model of Human Tumor Growth (With Particular Reference to Self-Renewal in Human Ovarian Carcinoma). Dr. Ronald Buick, Ontario Cancer Institute, Toronto. Lecture Theatre, B.C. Cancer Research Centre, 601 W. 10th Ave. 12 noon.

Time Management for Women.

The Women Students' Office begins a three-week workshop on time management for women. Group size limited. Pre-registration necessary at the Women Students' Office, Room 203, Brock Hall. For information, call 228-2415. Room 106C, Brock Hall. 12:30 p.m.

Slavonic Studies.

Poland's Dark Hour: Background and Prospects. B. Czaykowski, head, Slavonic Studies, Room 102, Buchanan Building. 12:30 p.m.

Joyce-Woolf Centenary.

Virginia Woolf. Prof. Ralph Freedman, Princeton University, Room 100, Buchanan Building. 12:30 p.m.

Distinguished Visitors Program Linguistics Lecture.

Word Structure: The Relation of Phonology, Morphology, and the Lexicon. Dr. Paul Kiparsky, Linguistics and Philosophy, M.I.T., Cambridge. Room 205, Buchanan Building. 1:30 p.m.

Mechanical Engineering Seminar.

Thought Processes in Engineering Design. Dr. R.E. McKechnie, Room 1215, Civil and Mechanical Engineering Building. 3:30 p.m.

Applied Mathematics Seminar.

Periodic Solutions of Hamiltonian Systems: Asymptotic Expansions and Bifurcations. Prof. Ivar Ekeland, Mathematics, UBC. Room 104, Mathematics Building. 3:45 p.m.

Astronomy Seminar.

Low Frequency Turnover of Quasar Radio Spectra. Dr. T.K. Menon, Geophysics and Astronomy, UBC. Room 318, Hennings Building. 4 p.m.

Joyce-Woolf Centenary.

Reading of Virginia Woolf's *Freshwater*. The English Department Players. Penthouse, Buchanan Building. 4 p.m.

Biochemistry Seminar.

Minicircles and Maxicircles in the Kinetoplast DNA of Hemoflagellate Protozoa. Dr. L. Simpson, Lecture Hall 4, Woodward Instructional Resources Centre. 4:30 p.m.

TUESDAY, JAN. 26

Women's Lives and Public Policy.

Sponsored by the Centre for Continuing Education. Speaker is Freda Paltiel, senior advisor for Status of Women, National Health and Welfare Canada. For information, call 685-3934. Women's Resources Centre, 1144 Robson St. 12:10 p.m.

Cecil and Ida Green Lecture.

Money, Sex and Murder in Eighteenth-Century England. Prof. Lawrence Stone, History, Princeton University, Room 106, Buchanan Building. 12:30 p.m.

Human Settlements Video Program.

Life Support, a video program by the Centre for Human Settlements, looks at the problems of food supply and distribution in developing countries, with emphasis on appropriate technology. Room 308, Library Processing Centre. 12:30 p.m.

Joyce-Woolf Centenary.

James Joyce and Modernism. Prof. Hugh Kenner, The Johns Hopkins University, Room 100, Buchanan Building. 12:30 p.m.

Freeze Film Series.

The Huddled Masses, the ninth in this series with the general title *America - A Personal History of the United States*. Student Union Building. 12:30 p.m.

Forestry Seminar.

Research On Tree Volume, Form and Taper. Dr. Tony Kozak, Forestry, UBC. Room 166, MacMillan Building. 12:30 p.m.

Distinguished Visitors Program Linguistics Workshop.

Lexical Phonology. Dr. Paul Kiparsky, Linguistics and Philosophy, M.I.T., Cambridge. Room 327, Buchanan Building. 1:30 p.m.

Oceanography Seminar.

Diurnal Period Continental Shelf Waves Along the West Coast of Vancouver Island. Dr. R.E. Thompson, Institute of Ocean Sciences, Sidney, B.C. Room 1465, Biological Sciences Building. 3:30 p.m.

Joyce-Woolf Centenary.

Color in *To the Lighthouse*. Prof. Jack Stewart, Penthouse, Buchanan Building. 4 p.m.

Chemistry Seminar.

Recent Advances in the Synthesis of Natural Products. Prof. Larry S. Weiler, Chemistry, UBC. Room 126, Chemistry Building. 4:30 p.m.

Gerontology Seminar.

Environmental Quality and Spatial Behavior - Basic Relationships. Dr. Richard Seaton, Architecture, UBC. Lecture Hall 3, Woodward Instructional Resources Centre. 7 p.m.

CUSO Workshop.

Discussion of Changing and Different Approaches to Development. Open to anyone interested in the development of the Third World. For further information, call 228-4886. Asian Centre. 7:30 p.m.

WEDNESDAY, JAN. 27

Hillel House.

Free lunch sponsored by the B'nai B'rith Women. For information, call 224-4748. 11:30 a.m.

Pharmacology Seminar.

The Adrenal Gland and Reproductive Behavior in the Rat. Dr. Boris Gorzalka, Psychology, UBC. Room 114, Medical Sciences Building, Block C. 12 noon.

Women and Pensions.

Sponsored by the Centre for Continuing Education. Speaker is Freda Paltiel, senior advisor for Status of Women, National Health and Welfare Canada. For information, call 228-2181, local 238. Theatre, Robson Square Media Centre, 800 Hornby St. 12:10 p.m.

Simulation and Modelling in Science.

Stable Strategies for Evolution. Dr. James V. Whittaker, Mathematics, UBC. Room 103, Mathematics Building. 12:30 p.m.

Wednesday Noon-Hour Concert.

Noon-hour concert by UBC Wind Chamber Ensembles directed by Paul Douglas, Ronald de Kant, Martin Berinbaum and David Branter. Music of R. Strauss, Ibert, Dorff and Muczynski. Recital Hall, Music Building. 12:30 p.m.

Joyce-Woolf Centenary.

Feminist Approaches to Woolf. Prof. Lorraine Weir and Prof. John Hulcoop, English, UBC. Room 100, Buchanan Building. 12:30 p.m.

Distinguished Visitors Program Linguistics Workshop.

Lexical Phonology (continued). Dr. Paul Kiparsky, Linguistics and Philosophy, M.I.T., Cambridge. Room 351A, Brock Hall. 1:30 p.m.

Joyce-Woolf Centenary.

Reading of Joyce's *Exiles*. The English Department Players. Auditorium, Asian Centre. 4 p.m.

Animal Resource Ecology Seminar.

Field Work on a Cloudy Planet. Dr. W.G. Wellington, Institute of Animal Resource Ecology, UBC. Room 2449, Biological Sciences Building. 4:30 p.m.

THURSDAY, JAN. 28

Distinguished Visitors Program Linguistics Workshop.

Lexical Phonology (continued). Dr. Paul Kiparsky, Linguistics and Philosophy, M.I.T., Cambridge. Room 321, Buchanan Building. 10:30 a.m.

Cecil and Ida Green Lecture.

The Sociology of the English Country House, 1480-1750 (illustrated). Prof. Lawrence Stone, History, Princeton University, Room 106, Buchanan Building. 12:30 p.m.

Financial Planning Seminar.

Your Pensions and Benefits. Sponsored by the Faculty Association and the Centre for Continuing Education. Room 104, Henry Angus Building. 12:30 p.m.

Institute of International Relations Seminar.

Reflections on the Ottawa Summit. Dr. John M. Curtis, Institute for Research on Public Policy, Ottawa. Room 102, Buchanan Building. 12:30 p.m.

Human Settlements Video Program.

Energy and The Consumption Assumption - a video program by the Centre for Human Settlements. The program examines four natural energy sources. Room 308, Library Processing Centre. 12:30 p.m.

Condensed Matter Seminar.

Symmetry Centres and Energy Bands in Solids. Joshua Zak. Room 318, Hennings Building. 2:30 p.m.

China Seminar.

Leaving the Village - Migration in Republican China. Prof. Diana Lary, History, York University. Room 604, Asian Centre. 3:30 p.m.

Statistics Workshop.

Statistical Analysis of Arch Shape with Conic Sections. Prof. Paul D. Sampson, Statistics, University of Washington. Room 200, Geography Building. 3:30 p.m.

Physics Colloquium.

A Physicist in Wonderland. Tim Padmore, Science Editor, The Vancouver Sun. Room 201, Hennings Building. 4 p.m.

Sigma Xi Club Meeting.

Sight Leading to Insight. Denes Devenyi, P.Eng., photographer and author. Hebb Theatre. 4:30 p.m.

Biomedical NMR Seminar.

Introduction to X-ray Computed Tomography. Dr. David Li, Radiology, Vassar Room (G226), Pathology Department, Acute Care Unit, UBC. 7:30 p.m.

Campus Chaplains Lecture.

Spiritual Crisis. Dr. Matthew Fox. Lutheran Campus Centre. 7:30 p.m.

Music Recital.

Music of Bach, Mozart, Beethoven and Kreisler with guest artist Oscar Shumsky, violin. Robin Sutherland, piano. All seats \$10. Recital Hall, Music Building. 8 p.m.

UBC CALENDAR

FRIDAY, JAN. 29

Ecological Reserves Committee Meeting.

Annual General Meeting. Everyone welcome. Salons A, B and C, Faculty Club. 9:30 a.m.

Campus Chaplains Lecture.

Need for Wisdom. Dr. Matthew Fox. Room 207/209, Student Union Building. 12:30 p.m.

Developmental Medicine Seminar.

Effects of Starvation on Glycerolipid Synthesis. First Floor Seminar Room, Willow Pavilion, VGH. 12:30 p.m.

Medical Genetics Seminar.

Reiters Disease. Dr. D.K. Ford, Rheumatology, UBC. Fourth Floor Conference Room, Health Centre for Children, VGH. 1 p.m.

Chemical Engineering Seminar.

Plastic Coating of Steel Parts. Jim Lim. Room 207, Chemical Engineering Building. 3:30 p.m.

Linguistics Colloquium.

The Role of Subjects in Paninis Grammar. Prof. Sarah J. Bell, Linguistics, UBC. Room 2230, Buchanan Building. 3:30 p.m.

Institute of International Relations Seminar.

Canada-China Economic Relations. Dr. John M. Curtis, Institute for Research on Public Policy, Ottawa. Room 604, Asian Centre. 3:30 p.m.

UBC Bahai Club.

Informal Discussion on World Unity, Racial Equality, the Essential Harmony of True Science and True Religion. Everyone Welcome. Room 212, Student Union Building. 4 p.m.

Faculty Club.

Wine tasting and crabfeed. Cost is \$2 for wine tasting; \$17.50 for crabfeed; \$19 for wine tasting and crabfeed. Members only, reservations required. Faculty Club. 5:30 p.m.

UBC Public Affairs.

Aboriginal Rights and Native Land Claims. Prof. Michael Jackson, Law, UBC with host Gerald Savory, Centre for Continuing Education, UBC. Program will be repeated on Friday, Feb. 5. Channel 10, Vancouver Cablevision. 7:30 p.m.

Hockey.

UBC vs. the University of Saskatchewan. Thunderbird Winter Sports Centre. 8 p.m.

SATURDAY, JAN. 30

Faculty Club.

Old fashioned crabfeed and dance. Dinner from 7 to 9 p.m.; dancing from 9 p.m. to midnight. Cost is \$18.25 per person. Members only, reservations required. Faculty Club. 7 p.m.

Hockey.

UBC vs. the University of Saskatchewan. Thunderbird Winter Sports Centre. 8 p.m.

SUNDAY, JAN. 31

Joyce-Woolf Centenary.

The Vancouver Chamber Choir with instrumental ensemble will perform a concert of works by James Joyce and Virginia Woolf, set to music. Jon Washburn, director. Tickets are \$4; \$3 for students and seniors. Tickets available at the door. Recital Hall, Music Building. 8 p.m.

MONDAY, FEB. 1

Psychology Colloquium.

Behavioral Medicine: A Biobehavioral Approach to Health and Illness. Dr. Stephen M. Weiss, chief, Behavioral Medicine Branch, National Heart, Lung and Blood Institute, U.S. National Institutes of Health. Room 202, Buchanan Building. 3:30 p.m.

Applied Mathematics Seminar.

How To Find Fish: An Application of Search Theory. Prof. Colin W. Clark, Mathematics, UBC. Room 104, Mathematics Building. 3:45 p.m.

Astronomy Seminar.

First Radio Observations of Extragalactic Supernovae. Dr. Richard A. Sramek, VLA, National Radio Astronomy Observatory, Socorro, New Mexico. Room 318, Hennings Building. 4 p.m.

Biochemistry Seminar.

Regulation and Transfer of Metallothionein Genes. Dr. R. Palmiter. Lecture Hall 5, Woodward Instructional Resources Centre. 4:30 p.m.

TUESDAY, FEB. 2

Human Settlements video program.

Nuclear Energy and Alternatives, a video program by the Centre for Human Settlements. Room 308, Library Processing Building. 12:30 p.m.

Forestry Seminar.

B.C. Forests - Are They Managed by Men or Models? Strategic Timber Supply Modelling in B.C. Dr. Tom Hall, BCFS, Ministry of Forests. Room 166, MacMillan Building. 12:30 p.m.

Freeee Film Series.

The Promise Fulfilled and The Promise Broken, part of a series entitled America - A Personal History of The United States. Auditorium, Student Union Building. 12:30 p.m.

Career/Life Planning for Women.

The Women Students' Office begins a four-week workshop to examine career priorities, abilities and interests, and relate them to the realities of the employment situation. Pre-registration by Jan. 27, in Room 203 of Brock Hall. For information call 228-2415. Room 106A, Brock Hall. 12:30 p.m.

Poetry Reading.

Reading by poet Dennis Lee. Room 106, Buchanan Building. 12:30 p.m.

Women's Studies Program.

Is There A Biological Basis For Sex Differences in Mathematical Skills? Meredith Kimball, SFU. Room 204, Buchanan Building. 12:30 p.m.

Fine Arts Lecture.

Robert Mills and the Creation of an American Style of Architecture. Dr. Rhodri Liscombe. Room 104, Lasserre Building. 12:30 p.m.

Faculty Women's Club.

General Meeting and Valentine Tea. Babysitting available. Cecil Green Park. 1 p.m.

Chemistry Lecture.

Biochemistry and Physiology of Gastric Inhibitory Polypeptide. Prof. John Brown, Physiology, UBC. Room 126, Chemistry Building. 4:30 p.m.

Gerontology Seminar.

Planning Manageable Environments, Housing Neighborhoods and Special Facilities. Prof. Brahm Wiesman, Community and Regional Planning, UBC. Lecture Hall 3, Woodward Instructional Resources Centre. 7 p.m.

WEDNESDAY, FEB. 3

Pharmacology Seminar.

Spinal Mechanisms of Pain and Analgesia. Dr. B.S.R. Sastry, Pharmacology, UBC. Room 114, Medical Sciences Building, Block C. 12 noon.

Simulation and Modelling in Science.

Biological Network Modelling. Dr. Geoffrey W. Hoffmann, Physics, UBC. Room 103, Mathematics Building. 12:30 p.m.
