Calendar Deadlines.

For events in the period July 13 to August 2, notices must be submitted on proper Calendar forms no later than 4 p.m. on Thursday, July 3 to the Community Relations Office, 6328 Memorial Road, Room 207, Old Administration Building. For more information, call 228–3131.

MONDAY, JUNE 16

Cancer Research Seminar.

Nuclear Binding Sites for Androgen Receptors. Dr. Paul S. Rennie, Cancer Endocrinology, CCABC and UBC.

Lecture Theatre, B.C. Cancer Research Centre, 601 W.

WEDNESDAY, JUNE 18

Plant Science Seminar.

Studies on the Induction and Release of Seed Dormancy in Wild Oat (Avena Fatua L.). Heidy R. Tilsner, graduate student, Plant Science Department. Room 342, MacMillan Building. 12:30 p.m.

FRIDAY, JUNE 20

Neuroscience Discussion Group.

Cholinergic–Specific Antigens and Their App Prof. Victor P. Whittaker. IRC 4. 12:30 p.m.

SATURDAY, JUNE 21

AMS Films.

AMS Summer Films presents White Nights. Admission is \$2. Call 228–3897 for more information. Continues or Sunday, June 22. Student Union Building, 7:30 and

Graduate Student Society Jazz Night.

Jazz night featuring the Garge Orchestra. No cover charge. For further information, call 228–3203. Garden Room Lounge, Graduate Student Centre. 8:30 p.m. –

MONDAY, JUNE 23

Cancer Research Seminar.

Dysplastic Nevi. Dr. David I. McLean, Medical Oncology Division, CCABC and Medicine, UBC. Lecture Theatre, B.C. Cancer Research Centre, 801 W. 10th Ave. 12

TUESDAY, JUNE 24

Continuing Education Lecture.

Faith and Freedom in Conflict? Bryan Ralph, Deputy Secretary of the Law Society of B.C. Cost is \$7. Conference Room, Continuing Education. 8 – 9:30 p.m.

WEDNESDAY, JUNE 25

Research Seminar.

Lipid and Detergent Interactions with Carnitine
Palmitoytransferase. Dr. Linda Brady, Food Science
and Human Nutrition, Washington State University. Room 202, The Research Centre, 950 W. 28th Ave. 12

FRIDAY, JUNE 27

Medical Genetics Seminar.

Genetic Factors Controlling Serum Cholesterol. Phillipa Talmud, Charing Cross Sunley Research Centre, London, England. Parentcraft Room, Grace Hospital. 1

Continuing Education Lecture.
Famine in the Sahel: A Not-So-Natural Disaster. John M. Fryxell. Cost is \$7. Conference Room, Continuing Education. 8 - 9:30 p.m.

MONDAY, JUNE 30

Cancer Research Centre.

Use of Prolactin Dependent Nb Lymphoma Cell Cultures in Endocrine and Cancer Research. Dr. Peter W. Gout, Cancer Endocrinology, CCBC. Lecture Theatre, B.C. Cancer Research Centre, 801 W. 10th Ave. 12 noon.

Immunology Seminar.

Divalent Cations in Lymphocyte Activation, Dr. Michael Quastel, Soroka Medical Centre, Beer-Sheba, Israel. om 201, Wesbrook Building. 4 p.m.

MONDAY, JULY 7

Continuing Education Lecture.

Between Donor & Recipient: Tracking Our Aid Dollars.

Arthur Perret, Executive Director of International Unit,

Y.M.C.A. Cost is \$7. Conference Room, Continuing Education. 8 - 9:30 p.m.

TUESDAY, JULY 8

Medical Genetics Seminar.

Genetics of Diabetes. Dr. Jerome Rotter, Medical Genetics, Harbor – UCLA Medical Center, Torrance, California. Parentcraft Room, Grace Hospital. Sp.m

Continuing Education Lecture.

Kushan Sculpture. Marilyn Leese. Cost is \$7. (Bus tour to Seattle Art Museum on Wednesday, July 9, \$46, museum members \$42 – includes lecture and tour).

Room 102, Lasserre Building. 8 – 9:30 p.m.

FRIDAY, JULY 11

Medical Genetics Seminar.

Mutations in the LDL Receptor Gene, Dr. David
Russell, Molecular Genetics, University of Texas, Dallas.
Parentcraft Room, Grace Hospital. 1 p.m.

NOTICES

Campus Walking Tours.

Free guided walking tours of the UBC campus are offered at 10 a.m., 1 p.m. and 2:30 p.m. Monday through Friday by UBC's Community Relations Office. To book a tour, or for information on UBC's public attractions, call 228—31:41

Research Forest Tours.

HOSOAICH FOFEST TOUTS.

UBC's 5157-hectare Research Forest in Maple Ridge offers free tours each Sunday at 2 p.m. led by an experienced guide. Weekday tours for groups are offered for a minimal charge and visitors are welcome to explore the forest on their own. You can also take advantage of the special full-day forest tours during Expo, which depart from and return to downtown Vancouver. The cost of the Expo tours (\$25 for adults, \$12 for children 10 and under includes transportation a \$12 for children 10 and under) includes transportation guided tour and picnic lunch. Call 483-8148 for more information.

Room and Board Needed

Retirement Gathering. Friends and associates of Marilyn Pomfret, the retiring director of Women's Athletics at UBC, are invited to attend a retirement social in her honor at 3 p.m. on Thursday, June 19 in the Faculty Lounge of the War Memorial Gym. An associate professor in the School of Physical Education and Recreation, Marilyn Pomfret was recently awarded the YWCA Woman of Distinction Award in the Sport, Fitness and Recreation category. For more information, call 228–2767.

Library Tours.

Tours of the Library offered at 10:30 a.m. and 12:45 p.m. daily June 7 – 11. Meet at Main Library entrance. Tour lasts 45 minutes. Everyone welcome.

CAIS '86 Exhibits.

The Canadian Association for Information Science presents exhibits on the latest technology and products for information storage and retrieval as well as computer assisted learning. No charge. Everyone welcome.

Scarfe Building (Education). June 25 – 12 noon – 5:30 p.m.; June 28 – 27 – 8:30 a.m. – 5:30 p.m.; June 28 – 8:30 a.m. – 12 noon.

Reading, Writing and Study Skills.
Summer non-credit courses for those who want to
develop learning and communication skills begin the
week of July 7. Basic Skills: Five courses in one. Improve those skills essential for post-secondary studies, including reading for speed and studies, including reading for speed and comprehension, grammar, composition, vocabulary and study skills. Monday – Thursday mornings, July 7 – 31.

<u>Travel Writing:</u> Tuesday evenings, July 8 – August 5.
<u>Speaking for Success:</u> Wednesday evenings, July 9 – August 8. <u>Thinking On Your Feet:</u> Friday, July 18 and Saturday, July 19. For registration information on these and other reading, composition, study skills and vocabulary courses offered this summer, phone 222–524S. Enrolment is limited, so register early.

Stage Campus '86.

The Komagata Maru Incident by Sharon Pollack will be staged July 2 through to July 12. Adult admission is \$5 and student or senior admission is \$4. Monday performances are two for one adult admission. For information and reservations, call 228–2678. Frederic Wood Theatre. Curtain time is 8 p.m.

New Education curriculum approved

have approved a new curriculum in the Faculty of Education to take effect in September, 1987

The new program requires prospective elementary and secondary school teachers to take at least five years of university-level studies. The curriculum was developed over the past eight years by a Faculty of Education curriculum committee.

The main features of the new program are: Elementary school teachers will require three years of university studies, including background in elementary school curriculum subjects, followed by two years of study and

practicum in the Faculty of Education.

This program includes an extended teaching practicum, a full school term in length, in the fall of the second year in education.
Successful candidates will be awarded the Bachelor of Education degree and a professional teaching certificate. Prospective secondary school teachers

will be admitted to the Faculty of Education after they have completed a bachelor's degree with appropriate subject-matter preparation in one or, preferably, two teaching subjects.

The program for secondary teachers consists of a full calendar year (September through August) of courses and school experiences, including an extended teaching practicum during the winter. Successful candidates will be awarded a professional teaching certificate in August and a Bachelor of Education degree following a further summer session of studies

- * All programs include increased emphasis on classroom management, communication skills, special education and instructional
- The new curriculum includes an optional special education program for both elementary and secondary teachers. Multicultural, French immersion and other specialty programs will continue to be offered under the new
- * The Native Indian Teacher Education Program (NITEP) will become an integrated, five-year elementary teacher preparation program offered in cooperation with regional colleges in years one and two and including all

elementary teaching program. Dr. Murray Elliott, associate dean of Education and chairman of the faculty's curriculum committee, said the new degree program reflects contemporary trends in teacher education. It also addresses problems highlighted in "Let's Talk About Schools," a provincial-government study of public and teacher perceptions of schooling in B.C.

"One important feature of the program is its response to the provincial government's policy of mainstreaming," says Dr. Elliot. "Under this policy students with mild learning handicaps are integrated into regular classrooms. All graduates of our program will be prepared to identify and deal with this situation.

The new curriculum represents a significant change from existing programs leading to the Bachelor of Education degree.

UBC expands defence studies

UBC is expanding military and strategic studies' teaching and research as the result of a five-year, \$450,000 grant awarded by the federal Department of National Defence

Part of the grant will be used to pay the salary of Dr. Douglas A. Ross, an expert in the areas of arms control, Canadian defence and foreign policy and Asia-Pacific security. Dr. Ross has been appointed an associate professor in the UBC Political Science Department, where he will teach graduate and undergraduate courses in strategic studies as well as a new course in Canadian foreign

The remainder of the grant will be used to support research studies and graduate students.

Dr. Ross will also continue an association with the UBC Institute of International Relations (IIR), where he has been a post-doctoral research fellow and research associate since

He is currently co-director, with Prof. Frank Langdon, of the Pacific Security Project, a study of the defense roles of Pacific Rim countries that are not super powers, including Canada, Japan, New Zealand and Australia. The study is funded as part of a major IIR research project, "Canada and International Regulatory and Management Regimes," supported by a \$300,000 grant from the Donner Canadian Foundation.

Prof. Mark Zacher said the Department of National Defence had fostered institute research in the past, giving grants to support post-doctoral fellows.

Dr. Ross is the author of a book regarded as one of the best published recently on Canadian foreign policy (In the Interests of Peace, Canada and Vietnam, 1954-197) He has also co-authored books both on the roles of China and Japan as emerging global powers and also on Canadian nuclear export

He has written numerous journal articles on topics such as Canada and "Star Wars. Canadian foreign policy and the Pacific Rim and the evolution of American and Canadian strategic policy perspectives.

Dr. Ross was educated at the University of Toronto, where he was awarded the Doctor of Philosophy in 1979 in international politics and Canadian foreign policy. He taught at Trent University in Ontario before coming to B.C. UBC's Institute of International Relations is

part of the Faculty of Graduate Studies. Its major purpose is to organize large-scale research projects, especially those of a multi-disciplinary character, and to promote international studies at the University. For the most part, the institute draws upon staff from the Faculties of Arts, Law and Commerce and Business Administration.

UBC Reports is published every second Wednesday by Community Relations, UBC, 632B Memorial Road. Variouver, B.C., V6T 1W5 Telephone 22B-3131. Lorie Chortyk, editor, Ilm Banham, contributing editor.
