FIRST TRACK MEET HELD AT BROCKTON POINT

WEATHER UNABLE TO DAMP SUCCESS OF FIELD DAY

In spite of the showery weather, Varsity's first annual track meet was an entire success. The heavy going prevented any records being made, but the competition in most of the events was keen. Of the field events, the high jump called forth the greatest efforts. "Cy" McLane took first place in the senior and then overcame Wallace's stiff opposition in the junior jump. On the track, Dave Wilson won first in the senior sprints, while in the junior Weir made great time. Weld and Palmer earned blue ribbons in the senior 440 and 880, while H. O. Arkley took the junior, besides winning the mile hands down.

Three or four hundred people braved the rain to see the first meet U.B.C. has ever held. The events were run off on schedule time, and right here is where Dr. J. G. Davidson played such a large part in making the meet a success. It was largely due to his energy, assisted by Jimmy Mitchell's megaphone, that the contestants were hustled to their places on time.

One of the most interesting and closely contested events of the day was the half-mile inter-class relay. Each team had been carefully chosen and represented the best material in the respective years, Arts '20, '21 and '23. After the pistol shot, and for the first half lap, the three men ran neck-and-neck; then Smith put on a bit of speed and gained a substantial lead for '21. This was lost in the second lap, when Melville Saunders, '23, finished even with Milley. In the third lap, Joe Schell's ability as a sprinter was shown in the way he regained the lead first set up by Smith. This advantage saved the day for '21; Wallace, the last man for '23, put forth his best efforts to catch Fisher, but the twenty-foot lead was too much, and Arts '21 finished first, with lots to spare.

The marathon was won by Cassidy, of '23, with J. O. Wilson second and "Chub" Arnott third. Wilson was leading when he reached the gate, but turned the wrong way and lost his place. By a good sprint he managed to come second, but could not gain much on Cassidy.

The Freshmen made a clean-up, carrying off most of the events, with a total

of 75 points to 44 points of the other years combined, besides taking both junior and senior championships. J. M. Wolverton won the senior championship with 8 points as against his nearest rival, Dave Wilson, who has 7 points. The junior championship was not decided until Tuesday noon, when the pole vault was held on K.E.H.S. campus. By winning this event, F. M. Wallace, '23, carried off the junior honors with 11 points, as against 10 for "Cy" McLane and 9 for H. O. Arkley. Wallace was given the Track Club medal for the best all-round performance. The winners of the championships are entitled to wear the small block letters for inter-class athletics.

Special credit for the success of the meet must be given to the executive, E. Solloway '21, W. R. Smith '21 and H. W. McLean '21; to the committee, Allen Buchanan '23 and Cliffe Mathers Sc. '23; and to Dr. J. G. Davidson, who kept the events moving swiftly, and who put so much energy into the arrangements and the carrying out of the plans.

Mr. Elliot acted as starter. The time-keepers were Dr. McDonald and Mr. West, from O. B. Allan's. The judges, Dr. Boggs, Dr. Sedgewick, Dean Brock, Mr. Ridington and Willson Coates. Art. Lord acted as marshal, and Jimmy Mitchell handled the megaphone.

120 Yards Hurdles—First, H. Ross '22; second, L. McLennan '22; third, C. Mathers Sc. '23. Time, 19 1-5 seconds.

Shot-Put (Open)—First, J. M. Wolverton '23; second, C. Mathers Sc. '23; third, O. H. Rae Sc. '23. Distance, 38 ft. 8 in.

100 Yards, Senior—First, D. Wilson '23; second, L. J. Fisher '21; third, H. Ross '22. Time, 11 1-5 seconds.

100 Yards, Junior—First, C. Weir '23; second, F. M. Wallace '23; third, C. Goldstein '21. Time, 11 2-5 seconds.

High Jump, Senior—First, P. McLane '23; second, J. M. Wolverton '23; third, W. Rebbeck Sc. '20. Height, 5 ft. 1 in.

220 Yards, Junior—First, C. Weir '23; second, F. M. Wallace '23; third, H. C. McCallum Ag. '23. Time, 25 seconds.

220 Yards, Senior—First, D. Wilson '23; second, L. J. Fisher '21; third, A. M. Russell '21; H. Ross '22. Time, 25 2-5 seconds.

High Jump, Junior—First, P. McLane

U.B.C. Debaters Are Victorious

WASHINGTON DEFEATED IN INTERNATIONAL DEBATE

After three successive defeats in the field of international debating, U. B. C. turned the tables last Friday night by easily overcoming the team sent up from the University of Washington to discuss the Shantung question. University Hall was well filled, and the audience showed its interest by close attention to the speakers, and perhaps a trifle too much enthusiasm. It is worth while considering whether applause ought not to be restrained until the conclusion of a speech, especially in cases where the inevitable bias of the audience unconsciously confines the expressions of appreciation to the points of one side only. Such was the case on Friday.

But, to be sure, our own speakers provided most of the occasion for these outbursts. They most decidedly had the advantages of the visitors on matter. On the other hand, while Peardon's rebuttal was as good a bit of debating as has been heard this year, still, taken on the whole, the Americans were the more forceful and convincing speakers. The training south of the line seems to give their speakers a confident bearing and vigorous, direct manner, which contrasts favorably with the rather hesitant attitude of our own debaters.

For the benefit of those of us who were not very sure whether Shantung was a Balkan state, or one of the newer types of imagist dancing, T. F. Peardon, opening the debate, explained that it was the intention of the affirmative to prove that the Peace Conference, in disposing of certain rights in this Chinese province, previously possessed by Germany, should have restored them to China, rather than have given them to Japan. Past history has proven, declared Peardon, that China is justified in reclaiming these rights, and that they would be advantageous to her. In the possession of imperialistic Japan, they threatened not only the commercial security, but the sovereign independence of China, as well as the commercial interests of the Western powers; finally, that it was in Japan's own interest to give up her militant ambition of an all-Asia Empire.

SOCCKER

'Varsity strengthened its position as leader in the Wednesday Afternoon League by defeating the R.C.M. Police 4-2.

The first goal was due to an error on the part of the R.C.M.P. defence, but the remaining three goals were obtained only after much effort. The work of Cameron, our tricky outside right, was such as to arouse enthusiastic cheers even from the opposing rooters when, single-handed, he dribbled the ball from centre-field, evaded the opposing defence and scored the second goal for 'Varsity. The other two goals were scored by Jackson by aggressive working.

The left wing missed the services of McLeod; but 'Varsity's stonewall defence made good the loss. Crute more than ever demonstrated his reliable ability. He was ably backed by Baker and Wolverton.

The Wednesday Afternoon League standing is as follows:

	Games	Won	Lost	Draw	Goals	Pts.
'Varsity	5	3	0	2	13	8
Firemen	4	2	0	2	5	6
Spencer's	4	1	2	1	9	3
Ladner	3	0	1	2	3	2
R.C.M.P.	4	0	3	1	4	1

FIRST TRACK MEET

(Continued from Page 1)

'23; second, F. M. Wallace '23; third, C. Weir '23. Height, 5 ft.

440 Yards, Junior—First, H. O. Arkley '23; second, H. C. McCallum Ag. '23; third, C. Goldstein '21. Time, 57 2-5 seconds.

440 Yards, Senior—First, J. N. Weld '20; second, A. M. Russell '21; third, D. Wilson '23. Time, 57 2-5 seconds.

Broad Jump, Junior—First, P. McLane '23; second, F. M. Wallace '23; third, H. C. McCallum Ag. 523. Distance, 17 ft. 8 in.

Broad Jump, Senior—First, J. M. Wolverton '23; second, L. McLennan '22; third, H. Ross '22. Distance, 18 ft. 3 in.

880 Yards, Junior—First, H. O. Arkley '23; second, J. Mitchell '23; third, P. McLane '23. Time, 2 min. 32 2-5 sec.

880 Yards, Senior—First, R. Palmer Ag. '21; second, D. Siddons '20; third, M. Saunders '23. Time, 2 min. 22 2-5 sec.

Marathon—First, H. Cassidy '23; second, J. O. Wilson '23; third, "Chub" Arnott '23. Time, 16 min. 48 sec.

One Mile (Open)—First, H. O. Arkley '23; second, J. N. Weld '20; third, A. N. Russell '21. Time, 5 min. 15 2-5 sec.

One-half Mile Inter-Class Relay—First, Arts '21 team (W. R. Smith, C. E. Milley, J. M. Schell, L. J. Fisher); second, Arts '23 team (A. Buchanan, G. W. Rowley, M. Saunders, F. M. Wallace); third, Arts '20 team (D. Siddons, J. N. Weld, W. H. Coates, H. L. Keenleyside). Time, 1 min. 48 sec.

Pole Vault (Open)—First, F. M. Wallace '23; second, C. Weir '23; third, N. T. Grimmett '22. Height, 7 ft. 9 in.

National Cravenette Coats for Men

Being porous, yet shower-proof, they are doubly desirable. Comfort and protection are assured, and a dignified appearance effected.

We are showing two of the latest models for Spring. One, a smart slip-on type with patch and flap pockets; the other, a snappy trencher with vertical pockets. Both extremely dressy and beautifully made.

Every man who considers good taste, coupled with style and quality, should have one of these coats in his wardrobe.

ADVERTISING OUR ALMA MATER

Examinations are but three weeks distant. The session of 1919-20 is nearly over, and U.B.C. seems no nearer Point Grey than it was last September. Our hopes have been raised many times this term by the inspections to which our accommodations have been subjected by various committees and civic bodies. However, no definite action has yet been taken by the Provincial Government. Whether we like it or no, we have to face the certainty of commencing the session of 1920-21, with a fresh influx of Freshies, in the old cramped quarters.

We have an intense desire to "waken up our Legislature. We could best serve U.B.C. by "wakening up" the communities which the members of the Legislature represent. Here is an opportunity for out-of-town students. Vancouver, at any rate, is fairly well aware of the needs of the Provincial University; but possibly the smaller centres may not yet realize that U.B.C. is a provincial University, whose needs should receive provincial attention; and that it is no longer a Vancouver, or, at best, a lower mainland institution. Out-of-town students, advertise your Alma Mater! Make your community aware of U.B.C.'s needs. Let your "folks at home" know what an asset British Columbia has in its University, and what a greater asset it might have were that University given the consideration that is its due.

Dr. Eastman has received the following telegram from Sir George Foster, acting Premier of Canada, in answer to one sent by the University Service Club, endorsing the request of the returned soldier students:

"I have to acknowledge receipt of your telegram of the 25th with reference to Government assistance to returned soldier students, and will be glad to give the matter my most careful consideration."

It is encouraging to see that the influence of this new club is already being felt, and that what they are doing for our returned students is likely to be effective both in the establishment of the scholarship and in obtaining Federal aid.

EX CATHEDRA

Allan Russell advocates a pneumatic suit for high-jump contestants.

Was it Doc. Sedgewick's cigar that made Art. Lord late for French on Monday?

In answering hymns at the Mission Study Class last Sunday, why did Jimmy Mitchell say, "1 by Arts '23"?

Why do the Freshmen call Buck Buchanan "the father of them all"?

Art. Lord, aided by the rain, kept the crowd off the field.

"How dry I am!" sang the judges, as the rain ran down their hats and up their sleeves.

Correspondence

All correspondence must be written legibly, on one side of the paper only, and may be signed by a pen-name, but must be accompanied by name and class of the writer. Letters must not exceed 400 words in length.

Editor "Ubyssy."

Dear Sir: May I, through your columns, commend the action recently taken by the Students' Council re pins for the inter-collegiate debaters? The Men's Literary Executive should certainly realize that students who take part in a debate against another university are representing U.B.C., and not the Men's Literary Society. That the arrangements for these debates are supervised by the society is an accident arising from the chaotic conditions under which our University was laboring when inter-collegiate debating was first started here. I would suggest that the executive of the society go over their amended constitution and re-word it, to make it express the spirit which prompted the Council to refuse the request made regarding the pins. The constitution should not read, debaters "representing this society."

The defeats which U. B. C. has recently sustained on the debating platform should cause our Literary executives to do some good hard thinking. That these defeats were due to inferior ability on the part of our representatives we do not believe. The fault must lie in the training. May I, then, put into words an idea, which is not original with myself, but which has been suggested by a number of graduates and undergraduates? In the absence of a department of Public Speaking, and in view of the fact that several members of our Faculty have enviable records as debaters, would it not be advisable to form a Board, comprised of, say, three members of Faculty and three members of the student body, and give to this Board complete control in inter-collegiate debating? Three Faculty members could undoubtedly be found who would sacrifice a portion of their well-earned rest to help select and train the various teams, and certainly the result would be beneficial. Under this system we would have co-ordination in control and not divided authority as this year; training of debaters would be assumed and not left to individual sporadic endeavors.

Sincerely yours,

HUGH L. KEENLEYSIDE.

U.A.P. NEWS DESPATCH FROM ALBERTA

J. R. Davidson, Correspondent

University of Alberta: The 'Varsity ladies' team captured the ladies' city hockey championship when they easily defeated the Edmonton Monarchs 2-0. Although only a poor crowd turned out to see the team perform, the University girls had no difficulty in disposing of their Edmontonian opponents. The 'Varsity team were considerably stronger than when they fell before Saskatchewan.

Calgary, March 6.—The Calgary Regents kept up their winning streak when they disposed of the Alberta ladies' hockey team to the tune of two to nothing. The game was very fast and was in doubt during the entire space of the game. Though the Alberta girls played a very good game, the Calgarians were able to show their superiority.

University of Alberta: The present staff of "The Gateway" are out on the warpath to establish "The Gateway" as a tri-weekly paper, and are meeting considerable opposition from various sources. The question will be finally decided in about two weeks when the question comes up before the Students' Union—the students' parliament.

University of Alberta: One of the best social affairs ever held at the University took place last Saturday night, when the Junior and Senior girls entertained their friends at a leap year dance. This is the first time that such an affair has been held at Alberta, and things went off with a great swing.

University of Alberta: The last edition of "The Gateway" is published this week.

University of Alberta: The Meds. are having their annual Med. night this week, when they present a great programme to the rest of the University. The Meds. are the only faculty at Alberta that try to have such an affair.

INTERNATIONAL DEBATE

(Continued from Page 1)

E. L. Blaine, the first speaker of the negative, based his argument on two main points—first, that Japan possessed these rights by agreement entered into by China, without Japanese compulsion, and that the Peace Conference had simply refused to release China from this voluntary contract; secondly, that this decision was necessary for the preservation of the League of Nations.

A. E. Richards, supporting the affirmative, claimed that avowed principles of the League of Nations had been violated by the decision in question: principles of the vindication of national rights, protection of weaker nations, and self-determination. Richards spoke rather too rapidly and with apparent nervousness in his first five minutes, but later regained confidence and brought home several telling points.

E. J. Hoover, the second Washington speaker, has an agreeable conversational manner. He stated that China was herself incapable of exercising these rights, and denied that Japan was seeking, or could obtain, dominance. But if Japan were a powerful and ambitious nation, that was all the more reason why the Peace Conference should placate her. The affirmative failed in their rebuttal to attack this final point, weak and inconsistent as it was.

Prof. J. K. Henry presided, and welcomed the visiting Americans. The judges were Mr. M. A. Macdonald, K.C., Mr. D. MacDonald, K.C., and Mr. Frank Lyons. To a rank outsider, the president of the Lit. Society would seem the natural man to preside at these meetings, and Mr. Rive appears quite capable of performing this office, but doubtless there are good reasons for adopting the present policy.

PAPER ON LORD DUNSANY

At the home of Mr. R. L. Reid, K.C., 1333 Pacific Street, kindly loaned for the purpose, the members of the Letters Club heard an excellent paper on Lord Dunsany read by Mr. Bernard Pratt, '21,

at their regular fortnightly meeting, March 9th.

It is no extravagance to say that this was one of the very best papers that has been given this session, and its author is to be congratulated for his painstaking efforts. Mr. Pratt sprinkled his paper with many well-chosen readings from "The Gods of the Mountain," "The Fifty-One Tales," and others of the writer's works; and went into minute details, impressing his audience finally with the many merits of this "Poet of Dream and Wonder."

At the next meeting of the club, on March 23rd, Mr. Lacey Fisher will deliver a paper on the Irish poet, who was killed in the war, Ledwidge.

PLAYERS' CLUB IN ROYAL CITY

The reception given to "Green Stockings" by New Westminster theatre-goers last Thursday evening was equal to that which this popular comedy received during its three nights' run in Vancouver. The production marked the re-opening of the opera house in that city, which has been taken over by the Westminster Operatic Society, under whose auspices the play was produced. The Players' Club was greeted by a crowded house, and the progress of the comedy was frequently interrupted by well-deserved applause. The U.B.C. orchestra supplied the music for the evening.

Between the first and second acts Mayor Johnston introduced President Klinck, who gave a short address on "New Westminster and the University of British Columbia."

When the performers had removed the "make-up," or part of it, from their faces, the members of the Players' Club were entertained at the home of Miss Janet Gilley, where the orchestra played during a short dance. After the refreshments many pleadings of "Aw, please, Mr. Wood, just one more dance," were heard, when the honorary president of the club suggested that it was time to leave. Several members of the Players' Club were not present at early lectures on Friday morning.

THE COTTRELL APPARATUS

At the meeting of the Chemistry Society last Tuesday night, Dr. J. G. Davidson, of the Physics department, gave a demonstration of the Cottrell apparatus for the electrical precipitation of smoke. In order that the meeting should understand the principle of the process, Dr. Davidson explained the electrical apparatus which he used, and terms—the commutator and transformer, voltage, potential and current. He demonstrated the simple experiment of the pith ball and the electrified sealing-wax. Particles are first attracted, then repelled by an electric charge. The Cottrell apparatus takes advantage of this fact to precipitate the floating particles from smoke. The apparatus consists of a pipe about twelve inches in diameter; a wire is suspended down the centre of the pipe; this wire is connected to the negative pole of a direct current generator; the pipe is connected to the positive pole; the pipe and wire are insulated from each other, and the circuit is completed through the air or smoke inside the pipe. The current used by Dr. Davidson in his demonstration was one hundred and ten thousand volts, being stepped up from one hundred and ten volts in a transformer in the lecture-room.

The speaker showed the efficiency of the process by experiment. By passing air through solutions of ammonia and hydrochloric acid he made a smoke of ammonium chloride. He passed this into the pipe and allowed it to pour out the top of the stack; then he turned on the "juice"; almost immediately the smoke ceased to pour out the top of the pipe; he pulled out the switch; smoke appeared again, but stopped as soon as he restarted the machine.

Tracing the development of the process, Dr. Davidson told of some of its early successes and failures. It was first tried out in the Solvay smelter in Quebec, to precipitate sulphuric acid fog; in this it was completely successful. Such good fortune did not attend the first attempts to quell the smoke from the big flues at the same place. But further work developed means to solve all these problems. At the Tacoma smelter there are 1,632 of these treaters installed in sections of 32, so that any section can be kept idle for repairs. This installation caught enough material in eight months to pay for itself. The system has been successfully used in the cement works at Riverside, California, where it has cleaned a million cubic feet a minute for the past ten years, incidentally providing a source of potassium richer than the famous German deposits. The process is also used in the smelting of mercury and the manufacture of powdered milk.

With the exception of the meeting for the election of officers, the Chemistry Society will hold no further meetings this year.

GRASS HOCKEY

The Women's Grass Hockey Club have accepted the challenge of the Victoria Ladies' Club to a return match. The game will be played at the K. E. H. S. grounds on Saturday next at 12.30.

DEER MERTEL—JOE

Dear Mertel:

Well, Mertel, my hearts broke. I dont mind that so much but my poket book is broke to. I was in the eliminashuns for the trak meat and had a lot of money bet on myself and wood of won but they is some fellos in this University witch is alwase doing things witch they think is smart and think they is the hole chease. I was standeing round waiteing for my race and all the girls was looking at my manely form and talking to themselves. You no what I am, Mertel. A fello witch is in the counsel, witch is the government of this University, came up to me and slapt me on the back and gave me a segar. They is fellos alwase slappeing me like that, Mertel, including Messers Coats and Lord. I didnt want to affend him, Mertel, so I smoked his segar. When the race came I wasnt feeling well but started to run anyhow. You no what I am, Mertel. I was ahed of everybody when I got week and had to stop rite in front of the hole crowd. I couldnt see very clear, Mertel, but I think they was all feeling sorry for me because they was all bent over double and the girls was rubbing their faces with hankercheefs. I cood of beet the fello witch one the finals at Brockton Point.

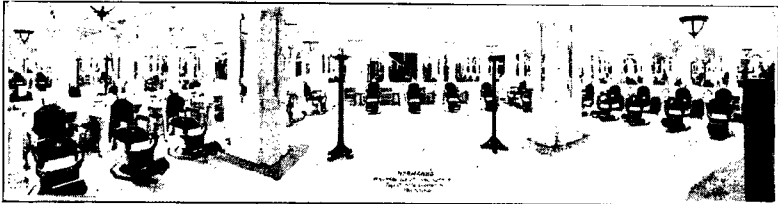

Several times this yr. I have been broak but never so bad as now becus besides having no money I owe 45 cts. to a fello witch he says I better pay soon or he will confiskate my books whatever that means and my karere will be ruined. I have tried to borrow money but the fellos onley laff at me and tell me to rite home and get the old man to paun the cow. Now I dont no how much money you have Mertel, but if sumbody was to send me about \$2 I wood apresiate it. Of corse I wouldnt think of askeing you or any of your familey to send me any becus I never like askeing for help. I am independant. You no what I am, Mertel. I wish I had \$2.

They is going to be a gleeful thing on Fri. nite and I wish you could go. I asked a bunch of girls but they is alreddy going so I gess I will go alone and think of you. I hope nobody sings a sad song. Well I hope sumbody sends me \$2 becus when Im disapointed you no what I am, Mertel.

JOE.

ROGERS BLOCK, 464 GRANVILLE STREET

The members of Science '21 forgot their many troubles for a few hours last Friday evening when they, with some of their fair friends, were entertained by Prof. and Mrs. Matheson at their home. The Science men went expecting a good time, and they certainly were not disappointed. Excellent music was provided, and the greater part of the evening was spent in dancing.

Needless to say, Structural Engineering will be a particularly popular subject with the Juniors henceforth.

 Bacteriology to be arranged later.

HISTORICAL SOCIETY

The annual meeting of the Historical Society of the University will be held in Glencoe Lodge during the first week in April. As nine of the present undergraduate members of the society will graduate this spring, there will be that number of vacancies to be filled for next

year. Also, according to the constitution, one member of the executive will be selected from Arts '22. Nominations for membership will be signed by two members of the club and voted upon at the annual meeting. The nine names receiving the highest number of votes will become members. The election of officers will also take place at this meeting.

BARRON HOTEL RESTAURANT

A DIFFERENT PLACE

Often you hear it said: "The Barron is different!"

MAYBE it's the quality of the cuisine. Perhaps it's the superiority of the music. Again, it may be the dance floor—or the atmosphere that pervades—or the character of the people.

PERHAPS it is all three—for the BARRON is different, and that is why this expression has become so respected.
