PRESENT GREETINGS TODAY

Austrians Shift Innocent Parents

The Austrian students who will give a musical program in the old gym at 12:30 to-day, gave several innocent parents a shock Saturday when they landed on doorstep and announced they were staying for a few days. Among the most musical guests were the four in red, who are from the Apra. 

AUSTRIAN STAFF

The Ubyssey has vacancies for five staffers.

The Ubyssey has vacancies for five staffers. It was announced yesterday that the Ubyssey staff was expanded to six members. The Ubyssey’s present staff consists of:

1. Editor-in-Chief
2. Managing Editor
3. Assistant Managing Editor
4. News Editor
5. Sports Editor
6. Art Editor

New members to the Ubyssey staff include:

1. Mary Smith
2. John Brown
3. Jane Doe
4. Robert Johnson
5. Sarah Lee

EDUCATION SERIES

Timid Prof’s Risk World Disaster

By LES ARMOUR

If we are not faced with the ultimate disaster of a World War, as one or two prophets believe, we are likely to be faced with the ultimate disaster of a SYSTEM WAR. (Stottered subject matter for examination students who will memorize the results.)

The principal characteristic of our system is its systematic failure to function. The results of this failure are apparent in every aspect of society. There is a tendency to believe that the system works, but this is a delusion. The system is fundamentally flawed and cannot survive.

Yet revolutionary communitarians envisage an ever-growing army of revolutionaries. They are not concerned with the concept of an ultimate disaster, but rather with the concept of an ultimate war, which will be fought by the revolutionaries against the system. The revolutionaries will not wait for the ultimate disaster; they will create it.

We are in a critical time in the development of our system. The revolutionaries are growing in numbers and strength, and the system is growing weaker and more vulnerable.

The system is a disaster in itself, but if it fails, the disaster will be catastrophic.

LEADS TO PHILOSOPHIE

Each philosophy must come from the politics, the metaphysics, the physiology, the psychology, the anthropology. What, we ask, is the relationship between the science of mind and the science of society? What is the role of the individual in society? What is the role of society in the individual?

What are the problems of the individual? What are the problems of society? What is the relationship between the individual and society?

The individual is the problem of society, and society is the problem of the individual.

THE UBSEY’S

The Ubyssey has a new trend at 11:30, later the boundings with a small. Taking the former editor’s name away. From his line in the lower left-hand corner of the Ubyssey’s page. (The next editor is the head of the UBOH club.)

Mr. John Smith has worked in the Ubyssey for six years, and has been a valuable asset to the Ubyssey staff.

Lack of Pledge Payments

Blocks Gym Completion

Nothing Can Be Done Until We Get $4000 Says President

Chairman of the Development Fund, Mr. Mark Davis, has recently returned from a trip to the United States, where he was able to see the latest in gym equipment.

Mr. Davis said: “Our goal is to raise $4000 for the completion of the new gym. This is not an unrealistic goal, for we have received many donations from alumni and friends.”

Mr. Davis added: “We are in the process of sending out letters to our alumni and friends, and we are confident that we will reach our goal.”

Mr. Davis said that the fund drive would be ongoing, and that any donations received would be greatly appreciated.

Mr. Davis also spoke about the importance of the gym to the students and the university.

Mr. Davis said: “The gym is essential to the health and well-being of our students. It is a place where they can come together and socialize, and it is an important part of the university community.”

Mr. Davis said that the gym would be a state-of-the-art facility, with all the latest equipment and technology.

Mr. Davis concluded: “We are confident that we will reach our goal, and we thank all our donors for their support.”
Social Rot

The government has decided to stand behind the CBC in its fight for freedom of expression on the air and the issue seems likely to disappear as suddenly as it was raised. The government's decision is crucial to the broadcasting service, but we allow, to dismiss until the deep social rot which resulted in its beginnings has been thoroughly analyzed.

The issue, it will be remembered, was raised by religious bigwigs who objected to the talks by some of the world's top religious leaders, which they felt, impinged upon their beliefs.

The government's decision is crucial to the broadcasting service, but we allow, to dismiss until the deep social rot which resulted in its beginnings has been thoroughly analyzed.

Taste Ahh?

The collapse of Coalitions will probably come as a surprise even to residents of Soviet Siberian manifests. Certainly, it has been a long time, but it is attracting a rather frightening number of Tories and the Conservative Party is touting new candidates. It is high time that Canadians wake up to the dangerous influence of their religious leaders and take steps to counteract them.

Minds

That which appears to aspire of the truth is not the hand of God but the per- son of truth. It is sufficient for it to signify in the essence.

That which appears to aspire of the truth is not the hand of God but the person of truth. It is sufficient for it to signify in the essence.
ISS SUPPLEMENT

Prof. Lauds ISS Relif Program

By PROF. G.C. ANDREW

The Student Body of the University of British Columbia decided three years ago to contribute $1.00 a year from each student to the work of the International Student Service.

It is interesting to note that the Student Body had already made the decision before it called into being the Student Service Club. In this way, it was possible to help both the Student Service Club and the International Student Service at the same time.

The Student Body's decision was based on the following considerations:

1. The Student Service Club is a voluntary organization which helps students in their daily lives.
2. The International Student Service is a voluntary organization which helps students from other countries to adjust to life in Canada.

The Student Body's decision was a wise one. It is now time for the Student Service Club to take up the work of the International Student Service.

The Student Body is to be commended for its decision. It is now time for the Student Service Club to take up the work of the International Student Service.

Chairman Report

Faculty Cooperation Asked

By ROY HAAPALA

The International Student Service was born as an international enterprise. Beginning with the relief work of the Student Friendship Fund after the First World War, it became a more inclusive organization with the purpose of international understanding built upon the concern for mutual assistance. The university itself, within which ISS finds a place, is international in its concept.

At UBC, your ISS Committee's objectives this year have been manifold. Greater harmony and cooperation with the faculty is desired first. We feel that ISS is not entirely the students' responsibility, for, to be completely successful, it must embrace not only the students as persons and as a group, but as persons and as a group, but also the faculty. The Committee is working to establish contact with the faculty, and to be in touch with the students' advisory committee.

This year, the service period was shorter than the past years. In the past, the service period was held over during the summer months, but this year it was held over during the winter months. The service period was held over during the winter months, but this year it was held over during the winter months.

The service period was held over during the winter months, but this year it was held over during the winter months.

---

ISS Officers Exchange

The ISS was used to see new students and new students in the ISS were often the same. The new students were often the same. The new students were often the same.

In connection with the proposed move of a scholarship, it is important to note that there was much overlap between the scholars and the new students. The intention was to avoid any unnecessary overlap between the scholars and the new students. The intention was to avoid any unnecessary overlap between the scholars and the new students.

THIRD SUCCESSFUL YEAR

Scholarship Plan Works Well

Three years ago, the Faculty of Education laid the foundation of a "Plan Works Well" which has now been successful in three years. The plan was successful in three years. The plan was successful in three years.

The idea of the plan was to provide financial assistance to students who were required to travel to other universities for their education. The idea of the plan was to provide financial assistance to students who were required to travel to other universities for their education. The idea of the plan was to provide financial assistance to students who were required to travel to other universities for their education.
NCFCS Supplements
More Student Support Needed

NCFC Campaigns for Higher Federal Aid to Universities

If we can consider the future by an inspection of the past, the National Federation of Canadian University Students should have the same story to tell. With the connection of hostilities in 1939, the organization of the Federation began and in six short years it has become a real force in the realization of some of the most vital needs of the Federation students.

With the outbreak of war, the objectives of the Federation were somewhat different and the Federation students were engaged in a number of activities. In addition, the existing situations have been altered and this has led to the federation being faced with new problems.

The Federation has been very active and is now working on a new plan of work. The plan includes a number of activities which are designed to meet the new problems and to be of service to the Canadian university students.

UBC Exchanges Have Good Time

According to word received from some of the UBC students, they are now employing University Exchange students on ex-
change scholarships, life on these Eastern campuses is every bit as interesting as the exchanges.

This opportunity created by the National Federation of Canadian University Students (NFCUS) for these students to study at any other Canadian university with the fees being paid for in full, is to be continued this year.

Regional Exchanges To Go On This Year

The NFCUS International Scholarship Plan, entitling UBC students to study at any other Canadian university with the fees being paid for in full, is to be continued this year.

EXCHANGE TROUBLE

So you want to go East? Do you want to go East? Do you want to take a year's course in another university? Is it to be the University ofToronto? Or is it to be the University of Manitoba? Or is it to be the University of British Columbia? Or is it to be the University of Western Ontario? Or is it to be the University of Alberta? Or is it to be the University of British Columbia?

How to arrange the exchange meant that your friends had to be friends of a person on the other side. MAD Grant May Give Band's "Lads and Lassies" Better Year

According to tradition, you're not a true New Year, unless you kick to the skull of the pipes.
And, it seems, you quite a few are not "of the clan" but of the University's Band. The Band was formed in 1948 by the students of the University, and it has now become the largest Pipe Band in Canada. The Band now numbers 80 members, and the Pipes and Drums are played at many events.

To the campus again In '52.

When I see ye' next in Hill, I'll be as glad as a lassie.

Dr. Susanne Pistorius, producer manager and Minister of Ceremonies of the 3rd Austrian Student Good-Will Tour will be in UBC. Even with her busy job, she has not forgotten how to smile or to study.
Birds Win First Game Of Season

Gundy McLeod Sets Pace

Birds Over Rangers

By CHARLEY WARE

UBC 86, St. Martin's 53

UBC Thunderbirds finally did the impossible on Friday night, Jan. 19, 1962, at the War Memorial Gymnasium, Pinc
tongue's charge with a basketball.

Although Friday night's game did

feature some sensational play, the decide

d of St. Martin's College was overcome and a

39-point victory was in the works for UBC.

The Birds took the lead out of the gate, the first

30 points were scored in the opening 10 minutes

and the game was never really in doubt.

The Thunderbirds had been looking for a way to

break through a strong St. Martin's College team

and they finally did so with a 86-53 victory.

Rangers get ready to play

Gundy McLeod was the star performer for the Thunderbirds, notching 30 points in the
closeout.

McLeod scored the Birds' first 5 points, and he

continued to lead the team throughout the game.

The Thunderbirds were able to hold off the

Rangers for the majority of the game, and

McLeod's scoring was a crucial factor in

their victory.

Girls Open In Hoop Sked

By JAN CRAFTER

Holl's Mills . . . Girls in Maple Leaf basketball started for

Montreal, and the first game was recorded as a

tie, 72-72. The game was played on a n

field, and no rules were observed. Maple Leaf did

not win a game this year, and will only

play one game in the Montreal tournament.

The game was held at the Maple Leaf Clubhouse in

Montreal on Friday night. Maple Leaf was

represented by the following players:

Ruth Matthews, Joan McLeod, Carol O'Leary,

and Margaret Brodie.

The game was played to determine the

winner of the national basketball championship for

women in Canada. Maple Leaf was the

defending champion, and they were expected to

defeat the Montreal team.

Eilers Clip UBC Again

Eilers, the UBC basketball team, faced

off against UBC Thunderbirds again on

February 18. The game was held at the

University of British Columbia's

Auditorium. Eilers came out on top,

scoring 85 points to UBC's 72.

The game was a hard-fought battle,

with both teams拼ing for a win.

No News Or Who Killed MacBeth?

By TED HARP

The case of MacBeth, the famous

murderer, has never been solved.

Many theories have been put forth

to explain the murder and the

circumstances surrounding it,

but none have been proven to be true.

The murder of MacBeth took place on

October 4, 1952, in the city of

Edinburgh. The victim, MacBeth,

was a respected member of the

community.

The murder occurred when MacBeth

was found dead in his home with

several stab wounds to his chest.

No suspects have been identified,

and the case remains unsolved.

No Histories Or Where Tposs?

By TED HARP

Anna's History was written by

her own hand, and it is a

memorial to her life.

The history records her
career as a teacher,

and it is a tribute to

her hard work and dedication.

The History of Anna's Life is

available for purchase at

local bookstores.

The History of Anna's Life is

a must-read for anyone

interested in learning more

about Anna's life and her

impact on the community.
