# Fonds Description

***BC Studies* fonds.** – 1971-2011.

8.19 m. of textual records and other materials.

## **Administrative History**

*BC Studies* was established in late 1968 by its first editors Margaret Prang and Walter Young. While professors in the Faculty of Arts at UBC, both Prang and Young perceived a need to establish a journal for the publication of the work of British Columbia's expanding scholarly community. In support of this endeavour, UBC provided office space and a business manager to operate within the administrative structure of the University's Publications Centre which later became UBC Press (1971). As a quarterly journal, *BC Studies* communicates the results of scholarly inquiry in a variety of fields relating to British Columbia. *BC Studies* also reviews books dealing with the province and publishes a comprehensive bibliography of material relating to it. The intellectual direction of the Journal is monitored through an editorial board made up of representatives from British Columbian universities. Prang and Young remained co-editors until 1983 when they were replaced by Allan Smith. Jean Barman and Cole Harris became co-editors in 1995, succeeded in turn by R.A.J. McDonald in 2002, and Graeme Wynn in 2008. *BC Studies* has been supported through funding from UBC, the University of Victoria, and Simon Fraser University, and a variety of government funding agencies.
