Biographical Sketch

E. Kathleen Gough Aberle was born in Hunsingore, Wetherby, York, in the United Kingdom on August 16, 1925. She was trained as an anthropologist at both Cambridge and Oxford Universities and received her Ph.D in 1950. Her extensive research fieldwork during this period -- Kerala, India (1947-1949) and the Tanjore District, India (1950-1953) -- forms the basis for most of her subsequent published work. In fact, it was following her return trips to India in 1976, and then to Vietnam that same year and again in 1982, that her major works were published. More specifically, her books include: *Ten Times More Beautiful: The Rebuilding of Vietnam* (1978), *Rural Society in Southeast India* (1981), *Rural Change in Southeast India, 1950's-1980's* (1989) and *Political Economy in Vietnam* (1990). While Gough held numerous teaching positions in both England and the United States, her most prominent included positions at Brandeis University (1961-1963), the University of Oregon (1963-1967) and Simon Fraser University (1967- 1970). In each instance her deeply held political views, in part, precipitated her leaving these posts. From 1974 until her death, she held the rank of Honorary Research Associate at the University of British Columbia. Kathleen Gough died on September 8, 1990.

Scope and Content

The fonds consists of material related to Kathleen Gough's research activities. It includes the notes of her Ph.D fieldwork in Kerala, India, 1947-1949 and her return in 1964, as well as those from her major fieldwork in the Tanjore District of Southeast India in 1950-1953, and then again in 1974. These consist primarily of fieldnotes and other notes made during and after those trips. While much of the material can be located under either the "Kerala" (1947-1949, 1964) or "Tanjore District (1950- 1953/1976)" series headings, similar and related material can also be located under both the "Miscellaneous" and "Lectures and other Notes" series headings. The fonds also includes a number of maps of various locations in Southeast India as well as several genealogies. Finally, the fonds also includes several manuscripts of Gough's numerous essays as well as the complete manuscript to her last book *Political Economy in Vietnam* (1990).

Notes

Restrictions on access: As per the wishes of the donor and in light of the significant amount of personal information contained in the fieldnotes, some material – Kerala Fieldnotes (1947-1949, 1964), and Tanjore District Fieldnotes (1950-1953, 1976) – is closed for a seventy-five year period from the date of creation. Exceptions to these restrictions will be made for users signing research agreements which stipulate that no information that might reveal the identity of individuals will be released.
