Hastings Brass Foundry
Plans for fishing and boating equipment
1943-1959

Plans deposited by Duncan Stacey, October, 1980.

A number of the plans (1943-1948) bear the name of the Lipsett Engine & Manufacturing Co. Ltd. The firm appears to have gone out of business in 1954.

A business called "Edward Lipsett, Ltd.", which served as a retail outlet for fishing supplies, remained in operation after the Lipsett Eng. & Mfg. Co. Ltd. became defunct.

Several of the later plans (1954-1959) bear the name "Lipsett", apparently as a brand or trade name.

"Hasbra" is the brand name of the Hastings Brass Foundry.

The collection has been accessioned as No. 747.
All plans in the collection are torn and dirty.
