## FONDS DESCRIPTION

### **Reeve, Albert F., 1936-**

Albert F. Reeve fonds. – 1948-2005, predominant 1978-1991.

1.32 m textual records and other material.

### **Biographical sketch:**

Albert Reeve was born in Toronto on February 13, 1936. He grew up in Northern Ontario, where he attended primary school in Timmins and New Liskeard. He graduated from high school in North Bay, before completing his Bachelor of Science degree in Geological Engineering from Michigan Technological University in 1961. Between 1961 and 2000 Reeve was a self-employed mining geologist, engaged in mineral exploration and development work all across North America, although the primary focus of his activity was in British Columbia. From 1978 to 1985 he served as president of the Blackdome Mining Corporation, and was in full charge of exploration, development, feasibility studies and financing of the Blackdome Gold Mine. Albert Reeve is a registered Professional Engineer in the province of British Columbia and is a member of the Canadian Institute of Mining and Metallurgy. He was the recipient of the E.A. Sholz medal in 1991, an award presented by the B.C. and Yukon Chamber of Mines for outstanding contribution to mine development. Reeve is currently retired from active business and lives with his wife, Linda, in Gibsons, British Columbia.

### **Scope and content:**

The fonds consists of materials generated in the exploration and operating process of Blackdome Exploration Ltd., and the Blackdome Mining Corporation. This includes: maps, mine plans and technical drawings, slides, photographs, geological reports, proposals, correspondence, environmental impact statements, budgets, a Master's degree thesis from the University of Alberta, exploration notes, operations reports, operating costs, geological interpretations, memorandums, recommendations, evaluations, production summaries, economic performance reports, personnel files, accounting charts, feasibility studies, annual and quarterly reports, news releases, press clippings, diamond drill hole logs and summaries, and several artifacts.

**Source of supplied title:** Title based on contents of fonds.

**Physical description note:** Includes: 118 maps, technical drawings and plans, 16 photographs, 399 slides, 2 videocassettes, and several artifacts.

**Immediate source of acquisition:** Albert Reeve donated the materials to the Special Collections Division of the University of British Columbia Library in the fall of 2005.

**Arrangement:** Original order and titles (where discernible) have been maintained by the archivist.

**Restrictions:** No restrictions on access.

**Finding aids:** Original file index is available; inventory provided.

**Accruals:** Further accruals are expected.

## **SOUS-FONDS DESCRIPTION**

### **Blackdome Goldmine.**

Blackdome Goldmine sous-fonds. – 1948-2005, predominant 1978-1991.  
1.32 m textual records and other material.

### **Administrative History:**

The Blackdome Mine site is located on the interior plateau of British Columbia, at an elevation of about 1960 metres, 6 kilometres west of the canyon of the Fraser River and 250 kilometres north of Vancouver. The Gang Ranch lies immediately to the north and the Empire Valley Ranch to the west. Blackdome Exploration Ltd. was incorporated in 1978 for the sole purpose of exploring for gold at Blackdome Mountain. This company purchased, for shares, properties owned by: Empire Valley Gold Mines Ltd., Silver Standard Mines Ltd., Consolidated Barrier Reef Resources (whose name was later changed to MFC), and Castlemaine Explorations Ltd. In 1985, the name of the company was changed to Blackdome Mining Corporation, to better reflect the company's future business. In 1989 Blackdome Mining Corporation was taken over by Minven Gold Corp, but continued to own and operate the mine as a wholly owned subsidiary of Minven until the mine closed in 1991. Ventures Trident LP of Denver, Colorado was an investment entity that controlled Minven. The Blackdome property was sold and is now owned by J. Pacific Gold Inc. of Vancouver, although no significant production has occurred since 1991.

### **Scope and content:**

The sous-fonds consists of materials generated in the exploration and operating process of Blackdome Exploration Ltd., and the Blackdome Mining Corporation. This includes: maps, mine plans and technical drawings, slides, photographs, geological reports, proposals, correspondence, environmental impact statements, budgets, a Master's degree thesis from the University of Alberta, exploration notes, operations reports, operating costs, geological interpretations, memorandums, recommendations, evaluations, production summaries, economic performance reports, personnel files, accounting charts, feasibility studies, annual and quarterly reports, news releases, press clippings, diamond drill hole logs and summaries, and several artifacts. The sous-fonds is divided into files, with some file and item level description provided.

**Source of supplied title:** Title based on contents of fonds.

**Arrangement:** Original order and titles (where discernible) have been maintained by the archivist. The creator arranged the material prior to donation, and included a file list and file numbering system of his own devising. While new file numbers have been assigned according to their locations, the previous ones are also noted to ensure efficient navigation of the materials, and to maintain the cross-referencing that the creator uses in certain files. There were also numbers originally assigned to the box numbers (006-009). These have been renamed boxes 1-4 with no damage to the integrity of the original order.

## FILE DESCRIPTION / FILE LIST

BOX/FOLDER (Original number given)		DATES
------------------------------------	--	-------

1-1 (0.0)	<b>File Index</b>	2005
-----------	-------------------	------

The file contains an index guide and introduction to the Blackdome Goldmine sous-fonds, and a colour photocopy of a road map that situates the mine in British Columbia's central interior. Albert F. Reeve's business card is also included.

1-2 (0.1)	<b>Early Blackdome History</b>	1948-1979
-----------	--------------------------------	-----------

The file contains a colour photocopy of a road map that situates the mine in British Columbia's central interior, photocopies of various reports from the B.C. Minister of Mines and the B.C. Minister of Mines and Petroleum Resources, a report to the shareholders of Barrier Reef Resources Ltd., an offer to the shareholders of Empire Valley Gold Mines Ltd., and a handwritten note about two brothers.

1-3 (1.0)	<b>Geology and Exploration</b>	1978-1982
-----------	--------------------------------	-----------

The file contains the 1978 Exploration Proposal for Blackdome Gold and Silver Prospects, and an index claim map of the Dome Mineral Claims and Placer Leases. The file also contains the following maps, technical drawings and plans:

Index Map of the Dome Mineral Claims and Placer Leases / Technical work by Kerr, Dawson and Associates Ltd., drawn by W.G. – 1:15,000. – December 1978 (revised 1982). – Drawing no. 161-2.

1-4 (2.0)	<b>Geological Report on the Blackdome Gold Prospect</b>	1979
-----------	---	------

The file contains the Geological Report on the Blackdome Gold Prospect by P.E. Fox of Fox Geological Consultants Ltd. The file also contains the following maps, technical drawings and plans:

Property Geology and Rock Sample Locations / Technical work by Kerr, Dawson and Associates Ltd., drawn by W.G. – 1:5000. – December 1978-January 1979. – Drawing no. 161-8, figure 4.

North End No. 1 Vein Trench and Assay Plan, Dome Claims / Technical work by Kerr, Dawson and Associates Ltd., drawn by W.G., K.H. – 1:480. – December 1978-January 1979. – Drawing no. 161-14, figure 5.

Assay and Geological Plan Grid Area, Dome Claims / Technical work by Kerr, Dawson and Associates Ltd., drawn by W.G., K.H. – 1:2500. – December 1978-January 1979. – Drawing no. 161-8A, figure 6.

1-5 (3.0)      **Geology and Exploration**      1981

The file contains the following maps, technical drawings and plans:

No. 1 Vein Longitudinal Section / Technical work by E.R. Olson, drawn by P.A.H. – 1:1000. – December 1981. – Drawing no. 4.

BlackDome Gold Silver Property / Supplied by Surveys and Mapping Branch, Ministry of the Environment, Victoria. – 1cm = 24 km. – March 1981. – Figure 1.

1-6 (3.1)      **1981 Development Report of Blackdome No. 1 Vein**      1982-1984

The file contains the 1981 Development Report of Blackdome No. 1 Vein by L.J Manning and Associates Ltd. The file also contains the following maps, technical drawings and plans:

No. 1 Vein South / Interpreted by Richardson and Carlyle, drawn by N.T.S. – 1:1000. – March 1982. – Drawing no. U-001B

No. 1 Vein South / Interpreted by Richardson and Carlyle, drawn by N.T.S. – 1:1000. – March 1982. – Drawing no. U-001A

No. 1 Vein Plan and Section 1981 Development / Interpreted by Richardson and Carlyle, drawn by R.M.B. – 1:500. – March 1982. – Drawing no. U-002.

No. 1 Vein Surface Samples / Interpreted by Richardson and Carlyle, drawn by P.G. – 1:250. – March 1982. – Drawing no. U-003

North Drift 6430 Level / Interpreted by Richardson and Carlyle, drawn by F.R. – 1:250. – January 1982. – Drawing no. U-004.

South Drift 6430 Level / Interpreted by Richardson and Carlyle, drawn by N.T.S. – 1:250. – March 1982. – Drawing no. U-005.

60-1237 Raise and Hanging Wall Slash / Interpreted by Richardson and Carlyle, drawn by N.T.S. – 1:250. – March 1982. – Drawing no. U-006.

60-1230 Raise. – 1:250. – March 1982. – Drawing no. U-001B

South Drift 6430 Level (1960 Level) / Drawn by F.R. – 1:250. – July 1984. – Drawing no. U-005.

1-7 (4.0)      **A.F. Reeve, Blackdome Paper**      1983

The file contains the Report on the Blackdome Gold-Silver Deposits by A.F. Reeve, 20 coloured slides numbered 1-20, information regarding each slide on paper and index cards, and speech notes. The slides have been titled by the creator of the sous-fonds, and have retained their original numbers in brackets after the title.

The file also contains the following maps, technical drawings and plans:

Blackdome Gold-Silver Prospect / Blackdome Exploration Ltd. – 1:20,000. – February 84.

1-8 (5.0) **Report on the Blackdome Exploration Gold-Silver Property** 1983

The file contains the bound Report on the Blackdome Exploration Gold-Silver Property, British Columbia, by David S. Robertson and Associates, 1985.

1-9 **Environmental Impact Statement, Stage 1 Submission** 1983

The file contains the Stage 1 submission of the Environmental Impact Statement. The file also contains the following maps, technical drawings and plans:

Surficial Geology / Blackdome Exploration Ltd., drawn by W.S. – 1:20,000. – November 12, 1981. – Figure 4.1-2.

Vegetation Types in the Blackdome Area / Blackdome Exploration Ltd., drawn by W.S. – (no scale provided). – March 1982. – Figure 4.4-1.

No. 1 Vein / Interpreted by Richardson and Carlyle. – 1:2500. – December 1982. – Figure 5.1-1.

Location of Mill, Camp, Tailings Pond, Interceptor Ditches and Storage Ponds / Blackdome Exploration Ltd. – (no scale provided). – March 1982. – Figure 5.4-8.

1-10 (6.0) **Report Outlining Capital Costs for 200 Ton Per Day Ore Concentrator and Related Facilities** 1983

The file contains a Report Outlining Capital Costs for 200 Ton Per Day Ore Concentrator and Related Facilities for the Blackdome Gold-Silver Property in the Clinton Mining District.

1-11 (7.0) **Plans and Sections** 1984

The file contains the following maps, technical drawings and plans:

1960 Level Geology / Blackdome Exploration Ltd. – 1:250. – 1984.

1983 Site Plan Frenier Grid / Survey by R. Kaatz, J.D. Williams. – 1:2500. – February 1984.

Surface Plan, Mill, Camp and Tailings Area / Survey by R. Wells. – 1:1000. – November 1984. – Figure 12.

Longitudinal Section, GT Contours, No. 1 Vein / Blackdome Exploration Ltd., drawn by W.E. Roscoe. – 1:1000. – April 1984.

General Location of Reserves, No. 1 Vein / Blackdome Exploration Ltd., drawn by W.E. Roscoe. – 1:1000. – April 1984.

Property Geology and Diamond Drill Hole Locations, Dome Claims / Blackdome Exploration Ltd., drawn by W.G., D.C. – 1:5000. – April 1984. – Figure 161.

1-12 (8.0)      **David Prain**      1984

The file contains David Prain's analysis of the mine's potential.

1-13 (9.0)      **Reeve & Rennie**      1985

The file contains reports on the geology of the Blackdome Gold-Silver Deposits of Clinton, B.C., by Albert Reeve and David Rennie, March 1985. The file also includes the following maps, technical drawings and plans:

Blackdome Gold-Silver Mine / Blackdome Mining Corporation, drawn by B.R./r.w.r. – 1:20,000. – March 1985.

1-14 (10.0)      **Map of Gold Silver Anomalies**      1986

The file contains the following maps, technical drawings and plans:

Preliminary Reconnaissance Type Mapping / Drawn by the McElhanney Group Ltd. – 1:10,000. – November 1986. – Reference no. 1090-0.

1-15 (11.0)      **Progress Reports**      1985-1986

The file contains reports to the Blackdome Directors, Preproduction, from July 1985 to April 1986.

1-16 (11.1)      **1986-1987 Blackdome Mine Plan**      1986

The file contains the mine plan for Blackdome Mine.

1-17 (12.0)      **Blackdome Directors Correspondence**      1985-1987

The file contains correspondence between the directors of Blackdome from July 1985 to July 1987.

1-18 (13.0)    **History**    1986

The file contains the highlights of Blackdome history, as written by A.F. Reeve on August 27, 1986.

1-19 (14.0)    **Geology and Exploration**    1987

The file contains notes, correspondence, and promotional materials. The file also contains the following maps, technical drawings and plans:

#2 & #1 hw Vein Long Section / Blackdome Mining Corporation, drawn by P.J.L. – 1:2000. – October 1987.

1 Vein Long Section / Blackdome Mining Corporation, drawn by Per Lunder. – 1:2500. – October 1987.

#2 & #1 Vein Long Section / Blackdome Mining Corporation, drawn by Per Lunder. – 1:1000. – September 1987.

Regional Geology / Blackdome Mining Corporation, drawn by Ram. N. Gopal. – 1:20,000. – April 1989.

Geological Compilation Plan / Blackdome Mining Corporation, drawn by A.F. Reeve/ r.w.r. – 1:10,000. – November 1987.

1-20 (14.1)    **1987 Mine Plan**    1987

The file contains the plan for Blackdome Mine for 1987.

1-21 (15.0)    **Geology of the Blackdome Epithermal Deposit**    1988

The file contains Geology of the Blackdome Epithermal Deposit by Gary J. Vivian, submitted as a Master's degree thesis to the University of Alberta in the fall of 1988.

1-22 (16.0)    **Mine Plans and Budgets**    1988

The file contains the costs and economic justifications for the application of hydraulic backfill at Blackdome Mine, authorizations for capital expenditures, the proposed 1988 mine plan and the 1988 budget.

1-23 (17.)    **Exploration Notes, Plans and Sections**    1988

The file contains notes, faxes and exploration cost summary reports. The file contains the following maps, technical drawings and plans:

Giant Vein Longitudinal Section Main Zone / Blackdome Mining Corporation, drawn by Law. – 1:1000. – November 1988.

#1 Vein North / Blackdome Mining Corporation, drawn by A.J.A. – 1:1000. – December 1988.

#1 Vein South Mine / Blackdome Mining Corporation, drawn by A.J.A. – 1:1000. – December 1988.

Watson Vein Long Sect. / Blackdome Mining Corporation, drawn by D.W.R. – 1:1000. – February 1988.

Giant Vein Longitudinal Section E Zone / Blackdome Mining Corporation, drawn by Law. – 1:1000. – November 1988.

#2 & #1 hw Vein Long Section / Blackdome Mining Corporation. – 1:1000. – October 1988.

#1 Vein South Mine / Blackdome Mining Corporation. – 1:2500. – October 1988.

Red Bird Longitudinal / Blackdome Mining Corporation, drawn by P.J.L. – 1:1000. – October 1988.

12168 N. Raise Assay Long Section / Blackdome Mining Corporation. – 1:250. – October 1988.

1-24 (18.0) **Mine Operations Reports, August and September** 1988

The file contains the operations reports of the mine from August and September 1988.

1-25 (18.1) **Reports to Directors, November** 1989

The file contains the November 1989 Reports to Directors.

1-26 (19.0) **Exploration Budget May** 1989

The file contains the exploration budget for May 1989.

1-27 (20.0) **1989 Mine Plan and Budget** 1989

The file contains the mine plans and budgets for 1989.

1-28 (21.0) **Reports to Directors, February, May and June** 1989

The file contains the February, May and June 1989 Reports to Directors.

#13 Vein 14800 North Proposed Drilling / Blackdome Mining Corporation  
Geology Department, drawn by P.J.L. – 1:1000. – November 1989.

#13 Vein 14825 North Proposed Drilling / Blackdome Mining Corporation  
Geology Department, drawn by P.J.L. – 1:1000. – November 1989.

#13 Vein 14775 North Proposed Drilling / Blackdome Mining Corporation  
Geology Department, drawn by P.J.L. – 1:1000. – November 1989.

#13 Vein Trench / unsurveyed. – approximately 1:250.

2-2 (29.0)      **Plans and Longitudinal Sections**      1989

The file contains the following maps, technical drawings and plans:

#2 Vein Long Section / Blackdome Mining Corporation Engineering/Geology  
Department, drawn by Law. – 1:1000. – December 1989.

#1 Vein South Proposed Drilling (with selected surface assays) / Blackdome  
Mining Corporation Engineering/Geology Department, drawn by Law. – 1:2500.  
– October 1989.

#2 Vein North Proposed Drilling (with selected surface assays) / Blackdome  
Mining Corporation Engineering/Geology Department, drawn by Law. – 1:2500.  
– October 1989.

Target 11 Vein Proposed Drilling (with selected surface assays) / Blackdome  
Mining Corporation Engineering/Geology Department, drawn by Law. – 1:2500.  
– October 1989.

#17 Vein Proposed Drilling (with selected surface assays) / Blackdome Mining

#1/17 Vein Long Section – Proposed Drill Holes 10,000' / Blackdome Mining Corporation Engineering/Geology Department, drawn by Law. – 1:2000. – August 1990.

#19 Vein Long Section, Proposed Drill Holes 18,625' / Blackdome Mining Corporation Engineering/Geology Department, drawn by Law. – 1:1000. – August 1990.

2-7 (31.0)      **Mine Staff, Exploration Notes and Memos**      1990

The file contains resumes and information on staff at the mine, exploration notes and various memorandums.

2-8 (32.0)      **Ore Reserves, Blackdome and Micon Staff**      1990

The file contains notes and reports by mine staff and Micon consultants.

2-13 (36.0)    **Closure**    1991

The file contains documents pertaining to the final closure of Blackdome Goldmine.

2-14 (36.1)    **Economic Performance**    1986-1991

The file contains documents relating to the overall economic performance of Blackdome Goldmine.

2-15 (37.0)    **Personnel**    1991

The file contains documents relating to the personnel who staffed the Blackdome Goldmine.

2-16 (38.0)    **Chart of Accounts**    1990

The file contains information regarding the accounts of the Blackdome Goldmine.

2-17 (39.0)    **Mine Operating Costs**    1990

The file contains documents pertaining to the operating costs of the Blackdome Goldmine.

2-18 (39.1)    **Blackdome Monthly Production Reports**    1986-1988

The file contains Blackdome's monthly production reports from May 1986 to May 1988. The file also contains the following maps, technical drawings and plans:

#2 & #1 hw Vein Long Section / Blackdome Mining Corporation, drawn by Per Lunder. – 1:1000. – September 1987.

2050 Pit Area / Blackdome Mining Corporation, drawn by D.W.R. – 1:2500.
