

Health Research Collection, CCOHS Web, Cochrane Database of Systematic Reviews, DARE Database of Abstracts of Reviews of Effects, e-Therapeutics (eCPS +), Health Reference Center, MD Consult, MedicinesComplete (Martindale's +), Natural Medicines Comprehensive, STAT!Ref (ACP Medicine +), many publishers' e-journal collections, and [more](#) ...

Use RefWorks [refworks.library.ubc.ca](http://refworks.library.ubc.ca) to create personal databases, manage citations, and, in your MS Word documents, to easily and *automatically* format in-text references and bibliographies.

**REMOTE ACCESS to e-resources licensed for UBC students, staff, & faculty:**  
[www.library.ubc.ca/remote](http://www.library.ubc.ca/remote)

Connect from Providence Health Care intranet (PHC Connect) or from home via EZProxy. EZProxy requires a UBCcard/PIN, a [Faculty Authorization library card](#)/PIN, or a CWL. When connecting to a [UBC licensed e-resource](#), it will *automatically* determine that you are accessing remotely and *ask you to* [login](#).

**ACCESS to e-resources licensed for PHC staff (including residents):**  
[intranet.phc.ca](http://intranet.phc.ca)

Access to some databases and full-text is licensed for PHC staff and is available on all PHC Internet-connected computers from [PHC Connect](#). Under the 'clinical' tab, click on Electronic Health Library Resources (e-HLbc [ehlbc.ca](http://ehlbc.ca)); online providers include Ovid [ovidsp.ovid.com](http://ovidsp.ovid.com) and Ebsco [search.ebscohost.com](http://search.ebscohost.com). Other licensed e-resources include: Drug Information – LexiComp Online, eCPS, and UpToDate.

**DOCUMENT DELIVERY (DocDel) & INTERLIBRARY LOAN (ILL) SERVICES:**  
[www.library.ubc.ca/home/docdel.html](http://www.library.ubc.ca/home/docdel.html) & [www.library.ubc.ca/home/orderdel.html](http://www.library.ubc.ca/home/orderdel.html)

To obtain *print* material from other UBC Libraries, place a DocDel order while you are viewing an item in the [catalogue](#) (see Actions) or in a citation [database](#) such as Medline (via UBC eLink). For items *not available at UBC in print or electronically*, self-order through the ILL service (most efficiently via UBC eLink while you are in a citation database). Most articles (DocDel & ILL) are delivered *post-to-web* and most DocDel books are available for pickup at the Services Desk – within two weekdays; you will be notified *by email* when available. For more information on ILL ordering options, see [www.library.ubc.ca/life/ill](http://www.library.ubc.ca/life/ill).

**STUDENT EMAIL SERVICE:**  
[www.students.ubc.ca/email](http://www.students.ubc.ca/email)

UBC is implementing a new student and alumni email service in early Fall 2011, replacing [Netinfo](#) / [myUBC](#). See [www.students.ubc.ca/email](http://www.students.ubc.ca/email) for more information, as it becomes available.

**INFORMATION & REFERENCE SERVICES:**  
[services.library.ubc.ca](http://services.library.ubc.ca)

Full reference service is provided weekdays 9am to 5pm in the SPH Library. Orientation tours and teaching sessions are available for individuals and groups; make an appointment for consultations about library research. Printed guides and other handouts are located in the Library; most are also available online at [www.library.ubc.ca/pubs](http://www.library.ubc.ca/pubs) or [www.library.ubc.ca/life/instruction](http://www.library.ubc.ca/life/instruction). Other Ask Us services include instant messaging, [AskAway](#) (a virtual chat real-time service), [FAQs](#), and HELP e-forms [about.library.ubc.ca/contact-us](http://about.library.ubc.ca/contact-us).

For more information about UBC or SPH Library policies and services, contact the Librarian, Barbara Saint, at 604-806-8425 or email [stpauls.library@ubc.ca](mailto:stpauls.library@ubc.ca) or [toby.library.ubc.ca/libstaff/division.cfm?div=31](http://toby.library.ubc.ca/libstaff/division.cfm?div=31).
