How We Fit
Six Floors of
Milner Library Into the
Palm of Your Hand

Instructional Services Librarian
Milner Library – Illinois State University
What is iTour?

Welcome to iTour. If this is the first time you’ve ever used an iPod, click on the center wheel now. Otherwise, to skip the orientation to an iPod, using the click wheel to navigate to the center button.
Why Did We Do This?

- Students can tour Milner Library at a time convenient to them.
- Allows the opportunity for non-traditional student to tour the library.
- Keeps us from competing with the activities of orientation week.
How Did We Do This?

- Every iPod from the 5th generation and up has had the ability to play videos.
- Every iPod from the 3rd generation and up has had the Notes feature.
- A text editor is used to create the notes.
The Idea

- Discussions about an update to our web tutorial.
- We wanted a system that was driven by the students themselves.
- Something that brought them to the Library and to the collections.
- Something that kept them moving, that didn’t force them to sit in a chair in front of a computer.
The Script

- Discover, define, & arrange your ideas.
- Brainstorming? Get everyone involved.
- Writing? This is a solo act.
- Editing? Back to the group.
- Leave the formatting of the script to the end.
The Script

Topic One
- Sub Topic A
- Sub Topic B
- Sub Topic C
- Sub Topic D

Topic Two
- Sub Topic A
- Sub Topic B
- Sub Topic C

The Script
Who’s Watching This?

The Audience

- Write in a voice that is appropriate for your listeners.
- Avoid using techno-jargon.
- Focus on your words; focus on the story.
Lights, Camera...ACTION!

A Few Best Practices

- Limited to 1,000 notes, each containing about 1,000 words (4,069 bytes of text).
- If creating the .txt files in a word processor, turn off the Smart Quotes.
- Name your scenes, name and number your videos.
<meta name="NotesOnly" content="true"/>

- Forces the iPod into Museum Mode.
- Plays only your notes, and nothing else.
iTunes is the Engine
iTunes - Mac & PC

Download iTunes 7.6 now

Windows XP or Vista

Email me New Music Tuesday and special iTunes offers.

How Did It Work For Us?

iTours Checked Out - Spring 2008

Cumulative Count
1/17/08 to 5/2/08
Some Lessons Learned

- Not enough iPods for the COM 110 Instructors.
- Milner currently has 8 iPods for iTour.
- Through a grant, purchasing 17 more.
What Else Can It Do?

• **Pathfinders** – Move them off the page and into an iPod. Let the students pick a title that they are unfamiliar with and explore the possibilities contained within.

• **Guided Search of Electronic Resource** – They sit with the computer, and they are guided by the iPod.

• **Galley Tour** – Talk about the painting in terms of the color use, the brush techniques, the medium utilized the history behind the painting.

• **Music Selection** – Listen to music as a whole composition, or listen to individual parts.
