

THE TOTEM, ANNUAL PUBLICATION OF THE STUDENTS OF

THE UNIVERSITY OF

BRITISH COLUMBIA

 \star

Соругідht, 1940, by D. OSBORNE DURKIN . . . Editor HERBERT C. HOSKINS . . Bus. Mgr.

FOREWORD

THE THUNDERBIRD, for many years mascot in absentia of the University of British Columbia, makes his debut as a personality in the pages to follow.

We present "Sho-you-hwa", who, according to Indian legend, is the paternal ancestor of all thunderbirds—a sovereign of sovereigns. We have conventionalized and streamlined him, just as we have tried to make smooth, simple continuity a fundamental quality of the book he enlivens.

Sho-you-hwa turns an indifferent back on the uncontrolled format of our modern social scene, and beckons you to enjoy with him vicariously or in retrospect—the serenity of life on a university campus.

As you relax with this volume, may you feel Sho-you-hwa's youthful, immortal presence on every page . . .

 Totem . . . President Klinck Relaxes . . . Freshette Supper . . . (7) Frosh Reception.

Doughty upperclassmen have a habit of placing the freshman class in the category of "necessary evil." To some extent they are right — freshmen are necessary.

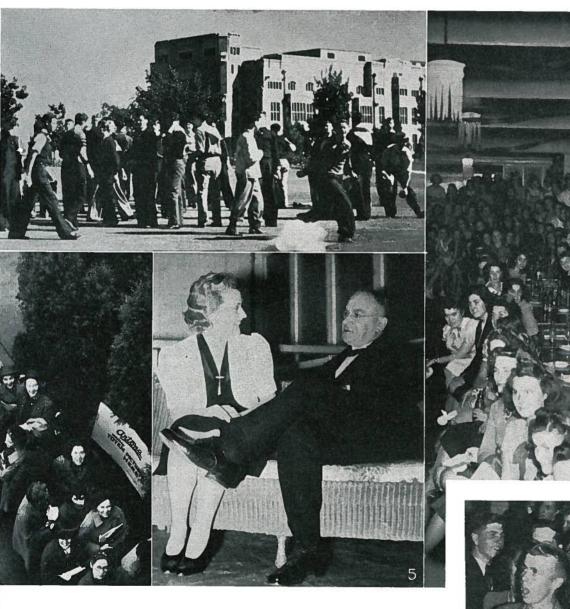

For this reason, it was particularly pleasant to note that this year the largest class of frosh in the history of the University of British Columbia assembled for classes at 8:30 a.m. on the morning of Monday, September 18.

During the previous week, the first-year students had been shown about the campus, familiarized with the various buildings, the gymnasium and the caf, presented with the "14 Points"—a detailed list of "do's" and "don'ts" for freshmen—and introduced to campus rules and regulations by a series of addresses by members of the faculty and the freshman committee.

Then, on the big Monday, freshmen and freshettes donned their green bow-ties and hair-ribbons and set out, somewhat reticently, to face the ensuing four-day period of initiation. They progressed nobly despite a mild hazing characterized by traditional battles with members of the sophomore class. Freshettes were aided through the first stanza of university life by the presence of "Big Sisters." A successful frosh smoker was arranged at the Alma Academy, at which the newcomers mingled with undergraduates in an atmosphere of apple cider and good fellowship.

Climaxing the initiation period was the gala Frosh Reception at Happyland on Thursday, September 21. At midnight, the new students marched through the arch, signifying the end of their high school days and the beginning of university life. At this point, the wearin' o' the green faded into the background in contemplation of the wearin' o' the mortarboard.

Jackie Ellis

62 - 14

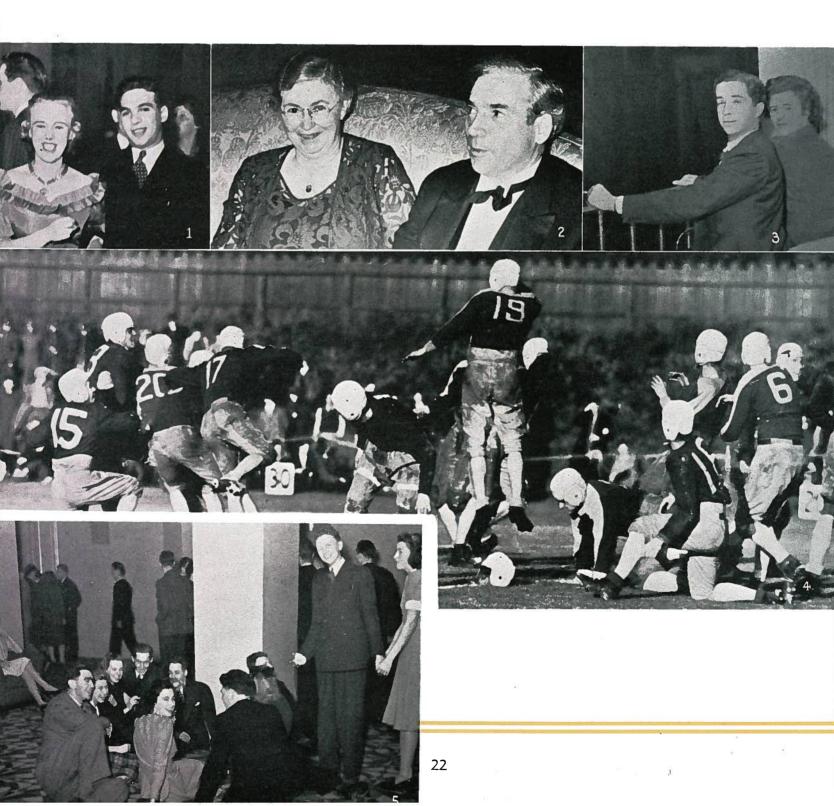

To graduates, Homecoming Week is synonymous with the ever-flickering light in the window of the mariner's home. For, just as the man of the sea returning from a long voyage cherishes first sight of the friendly, familiar light, so do the graduates look with anticipation to the opportunity of getting back into the feel of things at the university. Homecoming Week gives them that chance, re-stirring fond memories of the happy days they spent as undergraduates.

Homecoming this year was held during the week of October 23 to 28. Activities consisted of a smoker, two football games, a banquet, and two dances.

Initial function, on Tuesday, October 23, was a monstrous smoker, held at the Palomar Ball room in an atmosphere of great conviviality. By all accounts, the affair was a distinct success.—J. E.

ARTS-AGGIE BALL

The Arts-Aggie Ball, which officially heralded in the year's social activities at Varsity, was held November the sixteenth at the Commodore Cabaret. The farmers and the intellects combined to give the university masses bigger and better entertainment value for the customary nominal fee.

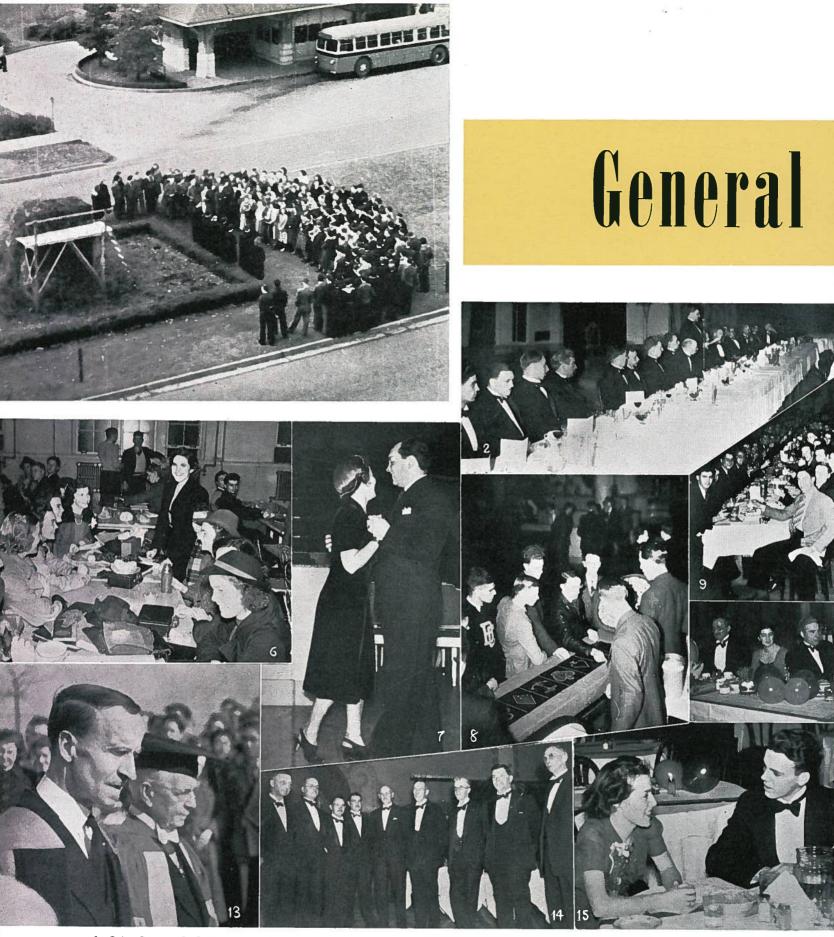

Borrowed for the occasion was the theme of the New York World Fair. Replicas of the famed trylon and perisphere were given prominence and added to the modern novelty effect of dance programs, decorations, and table centres. Silver and blue balloons hung on the pillars and from the ceiling.

The familiar Aggie rooster — a tradition in the Agricultural faculty — was very much in evidence. At the end of each dance he proudly emitted a shrill but potent cock-a-doodle-doo.

A distinguished group of persons lent their patronage. Included in the list were Dr. L. S. Klinck, President of the University, Dean Mary L. Bollert, Dean and Mrs. Daniel Buchanan, Dean and Mrs. F. M. Clement, Senator and Mrs. J. W. DeB. Farris and Professor and Mrs. E. H. Morrow.

Success of the affair was due to the combined efforts of the Artsmen's Undergraduate Society under Osborne Durkin and the Agriculture Men's Undergraduate Society under Leonard Zink. Committee members included Don McGill, Dick Clark, Dick Montgomery, Tom Anstey, Anson McKim, Keary DeBeck and Jean Pratt.

BROCK MEMORIAL

Summer, '39. Work begins

Promise in Silhouette

By PAT KEATLEY

For its Silver Jubilee the youngest university in Canada has given itself an \$80,000 present—the Brock Memorial Building.

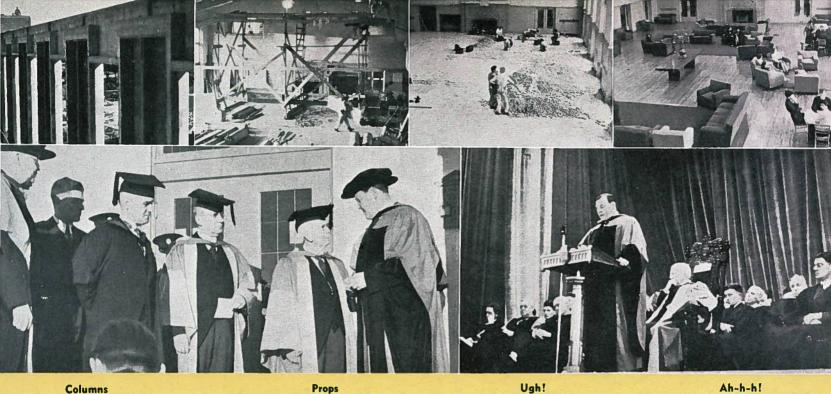

Dedicated to two of the best-loved figures in its brief past, this latest achievement of the students of the University is more than a jubilee gift, more than a new and beautiful addition to the campus skyline.

It is a practical monument, wrought from steel and stone, from determination and courage, from student muscle and student brain. It is a monument to the University's one great tradition, the torch which is held high by each succeeding wave of undergraduates—Initiative.

Few of us were undergraduates when we first read of the tragic death of Dean Reginald W. Brock and Mildred Brock in an airplane accident. Our determination to raise a memorial to them is a legacy handed down to us from those days. The first drive for funds was launched February 5, 1936. Tireless campaigning involving thousands of personal contacts had raised one quarter of the \$30,000 objective by the end of term. Then, for two years the question of a union building was shelved while students strove to erect their much-needed Stadium.

With the Stadium a reality, efforts were redirected to the dormant Brock Memorial issue. Time had intensified the obvious necessity for a cultural, social, and athletic centre for the use of every student on the campus. It was felt that

The building is officially opened

Ah-h-h!

Hamber eulogizes

such a structure would focus extra-curricular activities, that as a vitalizing force it would combat a certain apathy which was beginning to manifest itself in unorganized activities.

Swift action culminated in an A.M.S. meeting in March, 1939. The provincial government authorized a Board of Governors grant of \$25,000. Alma Mater, public, faculty, alumni, and summer session subscriptions, plus \$10,000 from the Women's Undergraduate Society, brought the total to approximately \$80,000. Contracts were let and construction began.

Scores of University students were among those who worked on construction during the summer. On January 23, 1940, the architect declared a good job well done, and officially vacated the building.

In modified renaissance style, the building adds a deliberate touch of informality with a cedar shake roof. A brass plaque of Dean and Mrs. Brock is fixed on the granite of the terrace outside. Rough stonework blends the Brock Building into harmony with the nearby Library and Science Buildings.

At no time in the history of the University has prophetic writing been so difficult. Our Alma Mater was born in the confusion of Great War I. it celebrates its jubilee as the howitzers herald Great War II. Yet the vigor and initiative of this youngest of universities, which has reached its present culmination in the Brock Memorial Building, is assurance that it will survive the turbulence of years to come.

> Pearson presents Building to Chancellor. To the Auditorium 29

"B.C." GOES TO A PARTY

One of the most important occasions in the history of the university-the opening of the Brock Memorial Building—was celebrated socially on the evening of February 1, when students danced for the first time in the building which for so many years had been but a dream

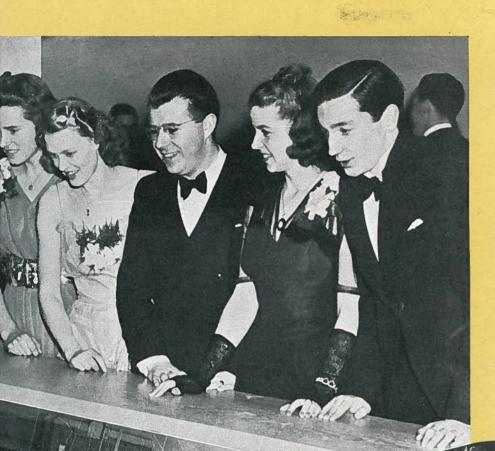

More than a thousand undergraduates swayed to the rhythms of Mart Kenny and his Western Gentlemen in the spacious main lounge. Between dances they conducted private sight-seeing tours, swarming through the lounges, halls and club-rooms. To paraphrase the famous words "I came, I saw, I conquered," they came, they saw and they were conquered. As a venue for future

social functions, the building met with unanimous approval.

Decorations were arranged by the Mamooks, who outdid themselves. Featured was a setting sun of blue and gold streamers. Hundreds of balloons in the university colours were clustered about the dance floor. Supper was served buffet-style in the dining-room.

Lending their patronage were Lieutenant-Governor Eric W. Hamber and Mrs. Hamber, Chancellor and Mrs. R. E. McKechnie, Dr. and Mrs. George M. Weir, Dean and Mrs. Daniel Buchanan, Dean and Mrs. J. N. Finlayson, Dean and Mrs. F. M. Clement, Dean Mary L. Bollert. Handling the arrangements for the dance were Biddy

McNeill, Tod Tremblay and Basil Robinson.-J. Ellis.

This year's Science Ball, annual function of the Faculty of Red Shirts, was a party in honor of its own "coming of age." Just twenty-one years ago this Spring the Science Ball was first conceived. It has been held annually ever since and now ranks as one of the "musts" on the university's social calendar. This year the Ball was held at the Commodore on February 15. Popular center of attraction was a huge

This year the Ball was held at the Commodore on February 15. Popular center of attraction was a huge birthday cake, adorned with twenty-one red candles, which sat in an honored spot on the table opposite the ochestra dais of Ole Olsen.

Sciencemen reached a new high in novel decorations. Tables were decorated with Neon lights, automatic sheep counters, slide-rules, volcanoes, bridges, and miniature trees. Red Balloons and streamers hung from the walls, on which also were large signs and posters.

Among the patrons were Chancellor and Mrs. R. E. Mc Kechnie, President L. S. Klinck, Dean and Mrs. J. N. Finlayson, Dean and Mrs. Daniel Buchanan, Col. F. A. Wilkin, honorary president of S.M.U.S., Mr. Archie Peebles, and Dr. and Mrs. Harold Smith.

Head of the committee in charge of arrangements was S.M.U.S. President Charles Lighthall. Assisting him were Roy Bogle, Rex Parker, Charlie Parker, Bud Burden, Charles Nash, Gordon Rogers, and Mack Buck.

(1) A sixty-pounder. (2) The same—other end. (3) Platoon drill. (4) Pull boys! (5) Officers (Cadet sho-you-hwa). (6) Kirby slopes arms.

The University of B. C. Contingent of the Canadian Officers' Training Corps passed through a very successful period during the season 1939-1940. In spite of the war, the Corps remained in its peacetime status as a unit of the Non-Permanent Active Militia of Canada. Enrolment was open to graduates as well as undergraduates of any recognized Canadian university, and the response was such that the Corps was granted an increase in establishment to a total of 396 all ranks. The training syllabus was broadened to include Infantry (Rifle), Infantry (Machine Gun), Artillery, and Engineers.

During the fall term training was carried on at the University. The Stanley Park Armouries and the Bessborough Armouries were used by the Corps during the spring term. A total of 370, all ranks, received training during the year.

The Corps lost its most valued and respected member when Q.M.S.I. A. A. Smith of the P.P.C.L.I. was granted his commission as Lieutenant and was moved East. They were most fortunate in having attached to the Corps for instructional duties, Major E. J. D. Edmonds, of the 1st Anti-Aircraft Regiment, R.C.A.; Captain C. Baker, of the 1st Searchlight Regiment, R.C.A.; and C.S.M. A. E. Jones, of the British Columbia Regiment (D.C.O.R.).

Officers directing the work of the Corps this year were: Lieut.-Colonel G. M. Shrum, M.M., Officer Commanding; Major G. A. Lamont, R.C.A.M.C., Medical Officer; Captain C. W. Topping, Second-in-Command; Lieut. D. C. Holland, Lieut. A. E. Lock, Lieut. R. F. S. Robertson; 2 Lieuts. O. F. Pickell, J. L. Hunter, W. H. Barton (Acting Adjutant), H. F. Spring, N. M. Fleishman, L. R. Bergklint, I. M. Grant, J. Guthrie, H. W. Gordon (Acting Quartermaster), R. Beavan, J. A. Harris, W. G. Black, P. C. F. Guthrie.

PLAYERS' CLUB

With pride and eclat the Players' Club has this year celebrated its silver jubilee as the oldest college dramatic group in Canada.

Twenty-four successful spring performances had faded into the past when this year's executive decided to make "Pride and Prejudice," the twenty-fifth, a gala affair.

The club got away to a good start in September with a record number of applicants for the traditional "Lady Teazle" test. Green room romances blossomed until the more serious business of Christmas intervened. Four plays were selected, and were presented with customary zest, patchiness, and hilarity: "Last Mrs. Blakely," "Mother of Judas," Senate scene from "Othello," and "Red Velvet Coat."

For spring, the executive decided to take the tired businessman back to peaceful England of 1798 and live for an hour or two with the Bennets. Jane Austen's "Pride and Prejudice" was a triumph of color and costume.

The Lucky seventeen who got parts in the play included Lister Sinclair as Mr. Bennet, Margaret Mörris as his wife, Nancy Bruce as Elizabeth, Josephine Kennedy as Jane, and Pauline Scott as Lydia. James Halcrow played Mr. Collins, Shirley MacDonald was Charlotte Lucas, John Glen was Darcy. Pat Keatley and Bob Haywood played Captain Wickham and Mr. Bingley. Other players included Ruth Heyer as Lady Lucas, Lorraine Johnston as Lady Catherine, Mary McLeod as Miss Bingley, Jim Frazee as Fitzwilliam, Archie Bain as Captain Denny, Alison Cumming as Hill, and Mary McLorg as Mrs. Gardiner.

Flipping over the green room diary we recall the fall formal, and the cake that fell apart . . . the big cocktail-and-C.P.R. farewell for Alice Mather . . . the feeling of international intrigue in the Christmas plays with half the casts in beards . . . which was heightened by the dramatic entrance of Hitler . . . and the day when Patley, Jacqueford, Rackson, and Bilgrand took an estimated thousand coke bottles back to the caf . . . those wretched candid-camerists . . . the traditional valentine post lapsed . . . but was made up for when a mouse and its mate were given pompous burial, complete with trans-

parent tomb and candles . . . and finally there was the spring play with the women costumed and loving it, and the men trying to appear at ease with no pockets to put their hands in, and the tension backstage on opening night . . .

President was James Frazee, and Ruth Heyer vice-president. John Quigg pitched in as business manager. The executive were: Pat Keatley; Margaret Morris; Bill McLellan, treasurer; and Elizabeth Butters, secretary.

February 24th, 1940 . . . midnight . . . darkness . . . solitude . . . a naked stage . . . only memories remain to add to the already great store of tradition built up from previous triumphs. Ghosts — phantoms of other years rustle among the backdrops . . . Koko, Robin Hood, Rose Maybud, The Pirate King, Pitti - Sing, Jack Point, Yvonne, Marco — all characters that have lived their brief lives on the stage of the University Theatre. Another Musical Society show has had its last curtain and is now history.

MIDDLETON

Today, the annual light opera production occupies the main energy of the club. Other musical and recreational activities complete the yearly schedule of the Society. The fall Formal, held this year at the Peter Pan Ballroom, was the most successful Musical Society party ever held. Banquets, parties, and recording recitals at intervals filled out an enjoyable year.

The annual opera, this year Gilbert and Sullivan's "The Gondoliers," was presented from February 21 to 24 inclusive. A great honor was paid the Society when His Honor Lieutenant-Governor Hamber attended the Thursday night performance.

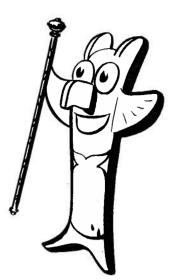

The capable President of the Musical Socety, Mr. Derek MacDermot, guided the policies of the club, with excellent assistance from Vice-President Phyllis Bartlett; Secretary Joan Bruce; Production Manager Honor Vincent; Business Manager Fred Middleton.

Mr. C. Haydn Williams again carried the musical directorship with considerable skill and ability. Dr. W. L. MacDonald, honorary president of the club, was a valuable assistant to the musical director. Professor Ronald Hilton and Mr. E. V. Young were the able dramatic directors.

TROMBONE SECTION

B A N D

Next fall the Varsity Band will celebrate its third birthday. Organized on the campus two years ago, for the purpose of adding color and spirit to Varsity games and functions, it supplied a needed field of activity for students who played band instruments.

Under the competent and enthusiastic direction of Bandmaster A. W. Delamont, the Band has been successful and popular again this year, starting out not only with more ambitious aims, but also with a larger membership. (With thirty-five members it was possible to play longer and more difficult selections as well as marches.) A programme was drawn up which included playing at the games, staging pep-meets, participating in radio broadcasts and presenting a concert.

The Band was not wearing its colors during the Canadian Football season, but it now boasts a uniform. A block-letter award, given after a year of faithful membership, is worn on a sweater in the traditional blue and gold colors. A cape of the same color scheme was worn over the sweater during the appearance on Open House day and at concerts.

The executive expresses its hope that many more musicians will avail thmeselves of this opportuniy to continue their band experience while on the campus, and the Varsity Band will continue to grow "bigger and better" in its third year.

The executive included: President, George Glass; Vice-President, Frank Hills; Secretary, Aileen McKinnon; Treasurer, Garth Griffiths; Publicity Manager, Jim McCullock; Librarian, Elaine McKinnon.

Best with this y ptivities Yours sincerely THE ALMA MATER SOCIE Tuddenham Marshall Shonwald MAMOOKS DH/TH

These are the men behind the Pep Meetings—the oracles of the Cafeteria, the lads of the megaphone and white sweater—The Mamooks.

They comprise the campus service organization which, working in harmony with the Students' Council, sponsors and aids wherever possible any and all campus functions. Daily they paint and distribute all signs on the campus, give caf announcements, and supply men for everything from ticket selling and stadium ushering to cheer leading and decorating.

Membership, on a selective and competitive basis, is open to all male undergraduates.

Capably directed by Art Rae during the fall term of '39-'40, the club forged successfully through the turmoil of Homecoming week end. Maintaining their efficiency under energetic Bob Marshall, they boosted the two outstanding spring events, the Brock Ball and Open House. Noteworthy also was the superlative presentation by M. C. Russ Palmer of twelve star-studded Pep Meets featuring the town's smoothest orchestras. The year was concluded successfully with the initiation banquet and informal party in March.

The hopes of the students were crystallized this year by the long-awaited opening of the Brock Memorial Building. With their headquarters established in the new building, the Mamooks have hopes of serving the student body to an even greater extent in future years.

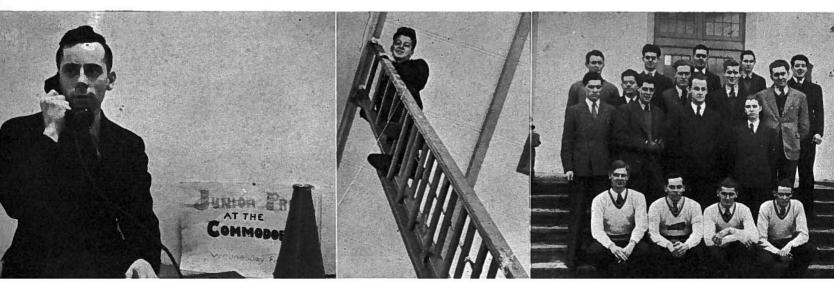

The executive consisted of Dr. J. Allen Harris, Honorary President; Ken Shaw, Past President; Bob Marshall, President; Harry Schonwald, Secretary-treasurer; Russ Palmer, M.C.; Frank Proud, Yell King.

FREEMAN

ANNOUNCER . . . The Radio Society of the University of British Columbia presents . .

Well, it may be a news broadcast . . . a musical show . . . a dramatic production or a sportcast . . . for Radio Society releases this year included all these.

Murdoch MacLachlan took the lead in the weekly news shows, "Varsity Time," heard during the first term over station CJOR. Assistant news commentators included Jack Zack, Bill Gardiner, Sid Gitterman, and Pierre Berton.

Permission to adapt "Damien the Leper" for radio use was granted to the Society by the author himself, John Farrow, who lunched in Vancouver last Fall as guest of the campus radio group.

Mr. Farrow bestowed upon the local dramatists the honor of being the first to use his book for other than reading purposes. "Damien the Leper" is now being adapted for motion picture purposes in Hollywood.

McKENZIE

"Damien the Leper" is now being adapted for motion picture purposes in Hollywood. Taking part in the local radio version of the story were Murdoch MacLachlan, Jim Collyer, Jim Halcrow, Lister Sinclair, Douglas Milson, Victor Freeman, Mary McLorg, and Dave Prayer. Other radio drama productions included "The Lincoln Legend," and "Experiment in Counterpoint." "Open House" day at the University, March 2, provided an excellent vehicle for service in the special events line, with CJOR cooperating with the Radio Society in broadcasting descriptions of various exhibits in the Science, agriculture, and other buildings; and informal word pictures of gymnasium, auditorium, and back stage activities. President L. S. Klinck's official Open House speech was also aired over CJOR. An hour and half was devoted to Open House day broadcasts.

JAMIESON

Active executive workers throughout the year were Victor Freeman, president; Murdoch MacLachlan, Verna MacKenzie, Phyliss NeMetz, Jim Collyer, Louis Monasch, technician, Fraser Jamieson, assistant technician, and Dick Davise.

The Parliamentary Forum, the official debating organization, has had a successful year carrying on the debating tradition of the University.

The McGoun Debate was a greater success than ever before. This traditional debate is the outstanding of all forensic events and one for which the four ablest debaters are chosen by each western university.

A home team of Bernard Reed and Alfred Carlsen met a Manitoba team at the Hotel Georgia. Darrel Braidwood and Don McGill defeated Saskatchewan at Saskatoon.

The Forum also entered the City Debating League. Debaters were: Bob Bonner, Arthur Fouks; Austin Delany, Roger Pédersen; Elspeth Munro, and Leonard Korsch.

For the first time, public speaking classes were instituted. This marked a new aggressiveness on the part of the Forum executive in seeking to break in and train new debaters. It is hoped the policy will be continued in future years.

This year's executive were: Bernard Reed, President; Robert Bonner, Vice-President; Austin Delany, Second Vice-President; Elspeth Munro, Secretary; Mervyn Davis, Treasurer; Arvid Backman, Publicity Director.

JARVIS

JEREMY

FOSTER

POYNTZ

The Film Society was established at the University of British Columbia four years ago in order to show interesting and unusual films to the student body and to develop an intellectual interest in films generally.

This year films were shown during noon hours and in the evenings. Among those presented were pictures of the King and Queen's visit to Canada; "Heritage," the first Canadian documentary; "The Covered Wagon"; "Meyerling"; "Forbidden Plateau"; travelogues of India, Egypt and Japan; and several of the early Charlie Chaplin comedies. Two joint showings were held in the Spring term with the National Film Society in the University auditorium.

Booking of European films was severely hindered this year due to the war conditions. The Society, however, took advantage of this by filling out its programs with American documentaries.

The executive consisted of: President, Dick Jarvis; Vice-President, Phyllis Poyntz; Secretary, Anne Jeremy, and Treasurer, Ray Foster. Dr. D. O. Evans, president of the National Film Society, again served as Honorary President, and rendered valuable assistance to the Society with his extensive knowledge of films.

Special mention is due to Harry Campbell, who served in the capacity of stage manager, and Projectionist Holmes Gardner who, though not on the executive, worked tirelessly for the Society.

GARRETT

The rattle of three battered typewriters, the blare of a newly acquired radio, the imperative shouts of assorted editors of varying status—these sounds mark the proximity of the journalistic den dubbed "The Pub." It was from here that 40 issues o fthe Ubyssey emerged twice a week throughout the academic year with no little perspiring of the editorial brow. 1940 marked a new era for the Pub, for with its coming the Ubyssey moved into new quarters in the basement of the Brock Memorial Building. The devotees of the journalistic god Thoth bade a fond farewell to the old Pub with its paraphernalia of old coke bottles, copy paper and broken furniture to take up residence in a new and different Pub. Here the gay careless abandon of the old editorial rooms was discarded and stern editorial measures quelled offenders. Sophistication replaced bohemianism.

With the opening of the new building, the Ubyssey passed another journalistic milestone. The luxurious Brock Memorial issue with its smooth paper, two-color cover, and 20 pages of well-written features and news stories, graphically told the tale of U.B.C.'s first 25 years and brought credit to the editors and staff who were responsible for its publication.

As editor-in-chief, John S. Garrett was "God" to cub reporters and editors alike. Seated in his new private office he weathered numerous student campaigns and campus feuds with characteristic suavity and good humour.

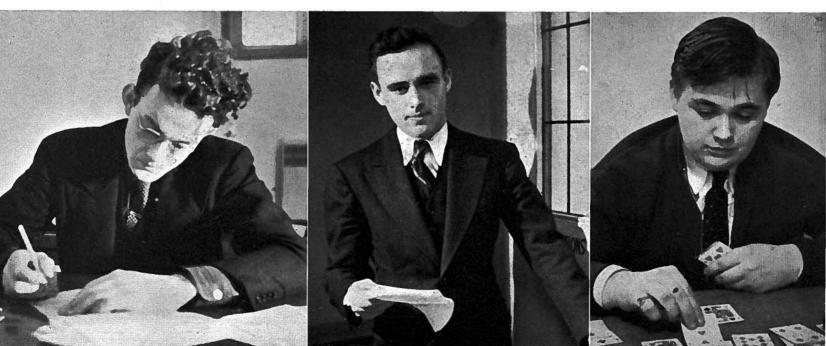

News manager Jim Macfarlane, Ubyssey veteran, acted as mother to cub reporters and placed regular assignments in the Doomsday book.

Tuesday's senior editor, Bill Backman, tore his hair out by the roots and appeared on the

MARGESON

SALT

verge of madness as each press day rolled by. Despite his tense appearance he was responsible for several new innovations in the way of page make-up.

Friday's senior editor, scholarly Jack Margeson, took things more calmly, but was no less efficient in maintaining a consistent high standard throughout the session. Jack was best known for being the first editor to insist that the "u" be left in "humour." Joyce Cooper, as C.U.P. editor, was responsible for handling all Canadian University Press dispatches,

handling all Canadian University Press dispatches, and for wiring big stories to the eastern campus papers. She was assisted by Ken Keefe.

Virginia Galloway as Literary Editor assigned features throughout the year on a variety of topics and did sterling work on the Brock Memorial issue. She was assisted by Edna Winram and Cornelia Burke.

Associate editors Janet Walker, Ann Jeremy and Joan Thompson handled headlines and news stories in a capable manner.

Assistant editors Archie Paton, Pierre Berton, Wallace Gillespie, Pat Keatley and Mimi Schofield bore the brunt of news reporting and headline writing, and together with the associates reported regularly to the mysterious downtown rendez-vous called "Press."

Seated behind the sports desk was placid Sports Editor Lionel Salt, who lived up to Pub tradition by writing his sports page in an unintelligible foreign language, believed by some to be Arabic. Doug Watt, Austin Frith, and Duncan McTavish dashed in periodically with sports scoops which they inscribed devotedly in the unknown tongue. Gerry Armstrong reported co-ed sports throughout the year.

As pub secretary, Verna McKenzie handled all correspondence and kept complete Ubyssey files.

Genial Harry Campbell was on hand each Tuesday and Friday to rush Ubusseys to all corners of the campus. Acting as his assistants were Pat Webber and Bob Menchions.—Berton. TOP ROW: McFARLANE; THOMPSON, JEREMY; COOPER. BOTTOM ROW: GALLOWAY, CAMPBELL, WALKER.

TOTEN

Now that we've added the 1940 Totem, in all its pristine purity, to the row of dusty back numbers in the filing cabinet, let's relax with a retrospective cigarette and glance over the year's triumphs.

Editorially and financially, the annual has played havoc with tradition. The acquisition of a long-awaited center of operations in the Brock Building gave Editor Osborne Durkin a chance to organize an adequate staff—and during the seven months which went into production, over forty people made the Totem Office their campus headquarters.

The reader of this volume will notice—we hope with some satisfaction—that the Totem has finally become what it always should have been—a picture book.

And here we might mention that on many occasions the Staff paid vociferous tribute to its inimitable Photography Editor, Bill Grand, without whose cameras and abilities this book would not have been possible.

The success of what write-ups the Totem contains may be attributed to the painstaking and often hysterical efforts of Associate Editors Hammie Gray and Harry Campbell, assisted by Betty Quick, Jackie Ellis, and Pat Carey.

Lee Straight, who turned down a better job to be Sports Editor for the third consecutive year, proved that experience is the best teacher. The Sports Section says more for the blond, curly-headed "Lelie" than we could put into words.

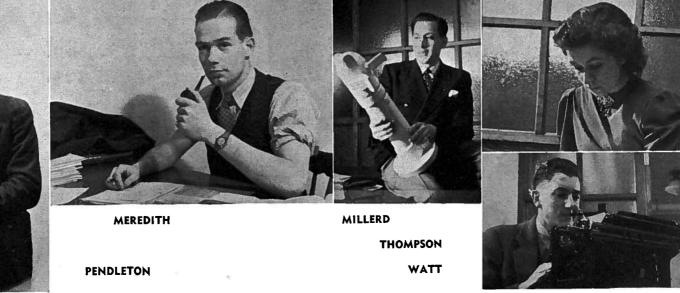

The picture index, an innovation this year, was a big job well-handled by Virginia Galloway, also a veteran on the Totem. She was ably assisted by Maureen Evans and Dorothy Tupper.

Over on the other side of the fence was Business Manager Bert Hoskins who, in spite of much time spent in making down-town business calls, managed to direct the work of his staff on the Campus.

Circulation Manager Frank Pendleton watched "Dollardown" campaigns push sales to a new high of 1100. Tom Meredith, looking after the Advertising section, remained calm while he coaxed copy out of remiss advertisers. Bill Millerd's extrovert propensities made him a "natural" for manager of publicity.

The Totem really had a great year. From the first Totem advertising blotters, through the Tag-days, Gift Certificates, Caf show case, Pep meet, and that final supreme stunt, the Totem sound truck, success followed success. Take over, '41. You've got a lot to live up to.

STUDENTS' DIRECTORY

WALKER

If you wanted her phone number you knew that there was one place that it was readily available . . . and that was in the compact annual little student directory.

This yearly volume always finds its way into the purses and pockets of freshmen and seniors alike.

Of all the offerings of the publications board the directory is most faithfully perused, its contents accepted as gospel.

Janet Walker supervised its construction this year but was assisted by Pat Webber, Mimi Schofield, Kay Augustine, Dorothy Tupper and Bob Menchions.

The student directory is prepared at the beginning of the term and has the sterling virtue of being consistent no matter how the students move around.

Clubs and executives are also listed for those who need to check up on their coming meetings, and the book proves a boon to student managers.

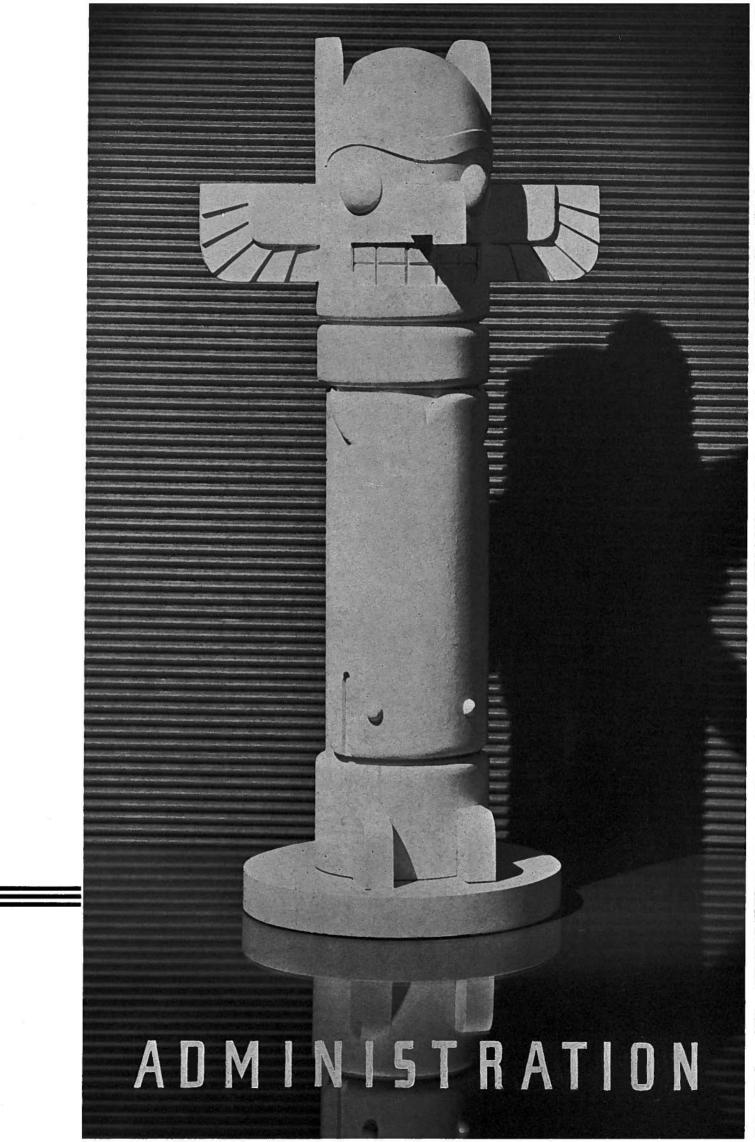

Schofield Augustine Menchions Webber Tupper Walker

BOOK TWO

Governors . . .

Gaculty . . .

Student Administration . . .

PRESIDENT L. S. KLINCK

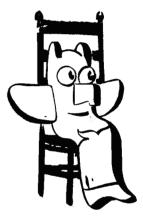

It has been said that the campus of a modern university is a world in miniature. And indeed it is surprising how much on our campus is a symbolic reflection of what is going on in the great world outside. The present year, for instance, has seen the construction of a students' union building; and while, perhaps, it would be too fanciful to trace a parallel between this and the League of Nations, still the ultimate aim in each case is friendly contact based on mutual understanding.

And now our own campus windows are set a-quiver with nearby gunfire: though as yet our ears have been spared the roar of guns fired in anger, there still comes to us the far echo of sterner detonations.

For some of us, the experience of a quarter-century ago is repeating itself; for others, it is a troubled entrance into manhood; but to us all there come, beating on ur minds, the reverberations of a distant war.

More than ever acute is the need for calmness, energy, and resolution, if we are to bring safely through a difficult time the ideals of sanity and tolerance, of unprejudiced science and humanized scholarship. Amid whatever shattering vibrations burst upon us, let us resolve to recognize and to guard the things that must survive.

CHANCELLOR R. E. MCKECHNIE

I would like to ask the question — and at the same time attempt to answer it — "Is Education worth while?"

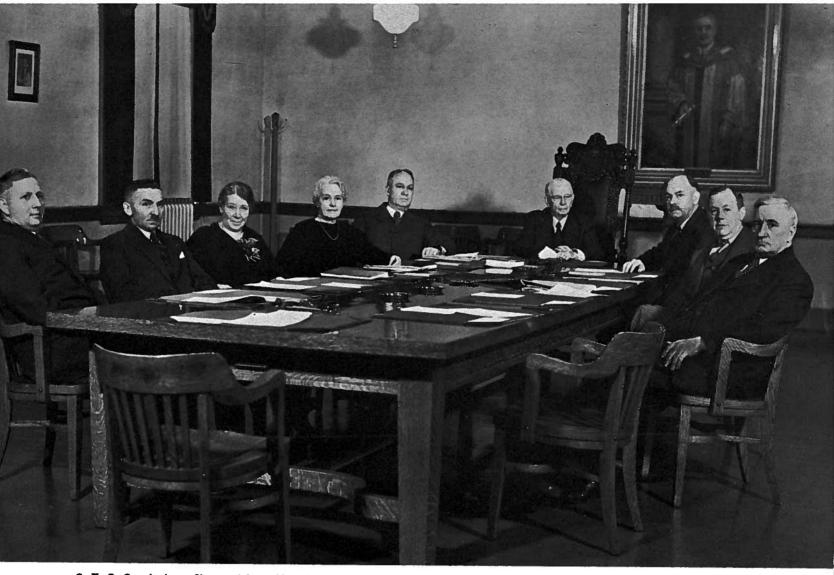

You know that education gives a broader outlook on life, interests in many spheres that otherwise you would not be in touch with, and a greater capacity to enjoy life. Surely these things are worthwhile.

But in the materialistic world we live in, we look to success in other lines. It has been judged that there is one eminent man in 4,000, but among sons of English Judges, educated men, there is one eminent man out of eight.

In the United States in a series of 855 leading scientific men 43% were sons of professional men, i.e. of educated men. But the professional men constituted 3% of the whole population, so 3% of the population produced 43% of the leading scientific men.

In 1924 in "Who's Who" of 24,000 famous Americans 77 out of 100 were College bred.

In the future it will be the highly educated men who will make the advances in fundamentals, for the sciences are becoming so abstruse, so deep, so technical, that only the educated mind can follow. So as the years go by, we will have all the more need for trained minds, for the trained minds which higher education furnishes.

G. T. C. Cunningham, Sherwood Lett, Miss A. B. Jamieson, Dr. Evelyn F. Farris, Pres. L. S. Klinck, Chancellor R. E. McKechnie, J. B. Clearihue, P. R. Bengough, The Honorable Mr. Justice Denis Murphy.

On the last Monday of every month throughout the academic year, a group of eleven citizens meets in the University Administration Building to consider the several important aspects of campus control which fall under their supervision.

The administrative tasks of the Board of Governors are many and varied. It is their pleasure to establish bursaries, approve scholarships, and accept gifts in the name of the University. The improvement and maintenance of campus buildings, boule-vards, and grounds are under their jurisdiction; and they sanction and cooperate in the erection of buildings planned by undergraduate students. Finally—and by no means of least importance—is the Board's right to appoint the President, Deans, and faculty members, and to limit the size of the student-body.

The personnel of the Board is almost as comprehensive as are its duties. University graduates, business men, lawyers, soldiers, farmers—all have, at one time or another, taken a position at the meeting-table. Two of the members are exofficio, three are chosen from the University Senate, and the remaining six are appointed for six - year terms by the Lieutenant Governor-in-Council.

Chancellor R. E. McKechnie—known as the "Grand Old Man" of the University—is chairman of the Board. He first accepted the position in 1918, and since then has been re-elected by acclamation every three years.

Dr. L. S. Klinck, as chairman of the University Senate, is also an ex-officio member of the Board. Former Dean of Agriculture on this campus, Dr. Klinck has been President of the University for the past twenty-one years.

Representatives from the University Senate to the Board are: Dr. Evelyn F. Farris, who is Honorary Secretary of the Board, Miss A. B. Jamieson, retired city teacher, and Mr. Sherwood Lett, Rhodes scholar from British Columbia in 1919 and now well-known as a Vancouver barrister.

The six members of the Board appointed by the Lieutenant Governor-in-Council include Percy R. Bengough, secretary of the Vancouver Trades and Labor Council, George T. Cunningham of the Cunningham Drug Company, Joseph B. Clearihue, Rhodes scholar and prominent Victoria lawyer, Brigadier General Victor W. Odlum, vice-chairman of the Canadian Broadcasting Corporation, Samuel H. Shannon, well-known Cloverdale agriculturist, and the Honorable Mr. Justice Denis Murphy. This, then, is the Board of Governors. The time they devote to campus affairs is of necessity great, for the responsibility incumbent upon them—that of furthering the reputation and standards of the University of British Columbia—is a task of no little magnitude.—O. D.

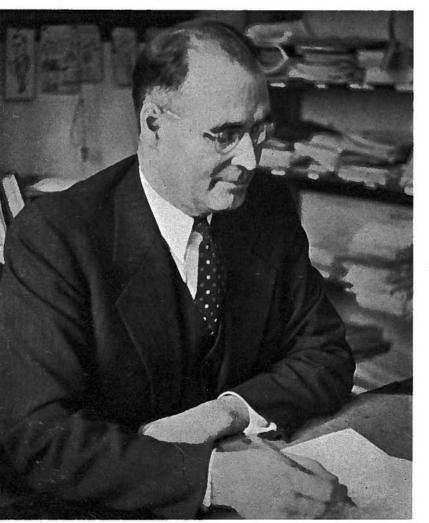

DEAN BUCHANAN

DEAN CLEMENT

DEAN BUCHANAN

A TOAST TO PROSPECTIVE GRADUATES (With apologies to Tam o'Shanter).

When texts and notes are cast aside And you across the platform glide When summoned gravely by your Dean Because successful you have been In theses, tests and other ways Concocted to select B.A.'s, When parent fond has come and peeks in To see you get your hood and sheepskin, When you at last have come to be A graduate of the U. B.C.,

May I present to you a toast To welcome you amid the host Of former grads, both boys and girls, Who've lost their hair, perhaps their curls! May health and happiness serene Accompany you upon the scene Of life that's filled with pride and joy For each successful girl and boy! 'Inspiring bold John Barleycorn' I hope you've learned to view with scorn. Remember Tam o'Shanter's mare When joys perhaps are bought too dear. So here's a health, my lads and lasses When you at last are freed from classes!

DEAN CLEMENT

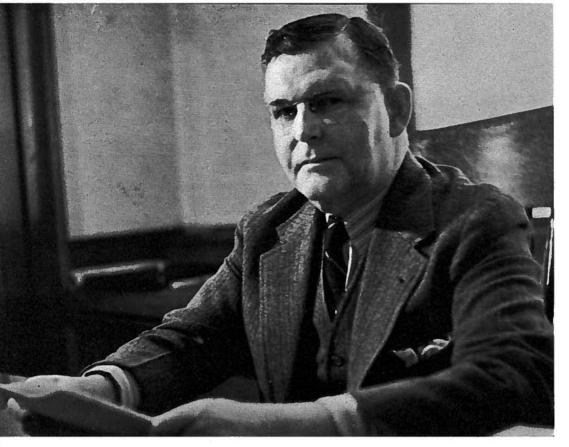

As I sat at my desk to-day (February 22, 1940), pondering the problems and conditions of life, the trials and the struggles of humanity, and getting nowhere, it was with a note of sadness that I turned to my colleagues seeking relief, hope and inspiration to lift me from the thoughts of the moment before attempting to address a short message to you.

And then I looked out of the window. The sun was shining warmly, a flock of robins sang a spring song in a tree just breaking into bud, the grass was green, and here and there a crocus lifted its colorful bloom just above the slowly warming earth. Only a few days before, the clouds had been dark and the wind and the rain had beaten heavily against the window pane.

this is your springtime.

You are hopeful, you are full of new life.

May you rear your heads as brightly and as forcefully above the disturbances of the past and the present as the evidences of spring and new life now thrust themselves above the cold and dreary chills of frost and snow.

DEAN FINLAYSON

DEAN FINLAYSON

When the graduating class of 1940 entered the University, life appeared to be clear and definite; humanity seemed to be progressing to a worthy goal of knowledge, health, peace and beautiful living.

How torn by rude waves now is that placid sea of hope! Whither is the ship of state now heading?

- "Where lies the land to which the ship would go? Far, far ahead, is all her seaman know. Far, far behind is all that they can say."

When you are apt to be discouraged with the jig-saw puzzle of life that does not go together, when you are saddened because men are so hateful and quarrelsome, do not be too dejected by the immediate tragedy about you, or by the confusion or disaster in any one country; take an international view ,the long view, and you will be conscious of how the world has stepped along to better things.

DEAN BOLLERT

As a farewell message to the graduating class I would remind you of the oft guoted statement of an eminent educator-""The fruit of education is not knowledge and learning but a love of knowledge and a capacity for learning." Students who see things in perspective realize that the value of an education should be measured not by the number of facts acquired but but by the capacity developed for accuiring and placing in their proper relations all the facts necessary for the forming of correct judgments. Your life in the University has helped you to develop initiative and independence and an impersonal point of view. It is my hope that it has strengthened the desire to use these and other quaities in work which will have as its objective not only the satisfying of your personal needs and desires but, also, other and far-reaching values. And with this hope I give you my sincere wishes for high personal success and happiness.

PEARSON

STUDENTS COUNCIL

By Bill Backman

U. B. C.'s first War Council in twenty-one years skyrocketed into campus prominence creating history by (1) pledging themselves and the Alma Mater Society of the University of British Columbia to aid, insofar as they could, Canada's war efforts; (2) holding two special Alma Mater Society meetings throughout the term; and (3) opening the Brock Memorial Building to climax a five-year vigorous student campaign.

Headed by the quiet "Long John" Pearson, who in his spare time played such outstanding rugger as to be nominated "the rugby man of the year" by a local sports scribe, Council persuaded the usually lethargic students to support the Canadian Red Cross \$3,000,000 War Chest Drive.

With the New Year came the suspension or the abolition of the Canadian Student Assembly from the majority of the campuses throughout Canada because of the anti-conscription resolution of the Commission on Canada and World Affairs.

"This is adverse publicity," said Council after reading reports on the CSA in local papers. "And as such it is a bad thing for the University." Subsequently they suspended the local CSA pending submission of a favorable report of the December conference as well as a program of future activities.

No sooner had the Council acted than the CSA executive challenged the right of their Council to suspend anyone. Said Council, "We can;" They proved it to the satisfaction of 259 of the 647 students who packed the University Auditorium in one of the stormiest special AMS get-togethers ever held. And Council backed up Council for nine of those 359 votes!

Quiet and reserved John Pearson, President of the AMS, ironed out the few remaining difficulties connected with the erection of the Brock Building and witnessed on Opening Day the climax to dreams of thousands of UBC students and graduates. As official delegate for UBC he traveled east to the NFCUS conference at Montreal in December.

President of the LSE, smooth talking Darrell Braidwood listened thoughtfully to the woes of his 43 campus charges. Exasperated by the dormant clubs he abolished five of them and then, aided by a group of advisors, revised the constitution of the LSE. As a McGoun Cup debator he travelled to Saskatoon where he loosed floods of eloquence to help defeat the Saskatchewan team. Todd Tremblay replaced Bus Ryan in the Fall and promoted and arranged Homecoming. After Homecoming, Todd lived a monotonous life, settling minor squabbles with his fellow councillors, and fetching cookies for them.

TREMBLAY

McNEILL

HARMER

COLLINS

Evan apRoberts, scoring a \$2,910.50 deficit in the treasury, ruthlessly slashed club budgets at the opening of the Fall term in his desire to balance the books. Unfortunately he forgot his own. Subsequently he left Varsity at Christmas for reasons somewhat beyond his immediate control. Students elected ice-hockey manager Jack Stevenson to fill his shoes. Jack planned no innovations in the apRoberts set-up.

Soccer playing Rhodes Scholar and MUS president Basil Robinson, as chairman of the Discipline Committee, had his hands full. Successful in controlling the exuberance of the Frosh-Sophomore squads in September, he then settled the official mixup by establishing a uniform social calendar.

Presidents of the MAA and the WAA, Jim Harmer and Rosemary Collins, respectively handled their athletic responsibilities to the satisfaction of themselves and the athletic world.

The official hostess of the Alma Mater Society, Ruth Hutchinson --- who incidentally is soon to be married — upheld the tradition of quiet efficient secretaries.

Besides looking after her routine jobs of initiating the freshettes and organizing the Hi-Jinx and the Coed, WUS President Biddy McNeill organized the Apple Day Co-ed Contingent which helped to swell the Brock Furnishing fund.

Now the year has passed and council with it, leaving behind memories of a hectic year. Of their many minor innovations the most radical was their adoption of apRobert's brainchild --- the use of photos on the Student passes. Conservative because of necessity, they governed as Confucius might have done: "wisely and well."

The 1939-40 Men's Undergraduate Society Executive—to most students a somewhat mythical body of men with a somewhat mythical assignment—had a clearly defined program this year ,and managed to make a good job of carrying it out.

Frosh initiation, the opening attraction, was financially and socially successful. The week's activities featured one or two remarkably ambitious parades in and out of the Auditorium, and a high, wide, and handsome Frosh Smoker at the Alma Academy. The culmination was the Frosh Reception at Happyland, where the usual sardine tradition was respected.

The Social Calendar, always a difficult crossword to fill out, was doubly complicated throughout the year because of the appearance of the Brock Memorial Building. The vast majority of the functions were roaring successes, and the executive need feel no qualms where this department was concerned.

Late in the year, Vocational Guidance classes were sponsored by the "Men's Undergrad," and several speakers were invited to address the student body.

In the administrative field, the executive handled the sprouting of the new Commerce Class, which blossomed into prominence with the elections of class officials after a bungled count of polled votes in the early autumn.

Coincident with the opening of the Brock Memorial Building, ambitious MUS president Basil Robinson engineered a campus clean-up campaign the reverberations of which were felt to the farthest and dingiest corners of the "Caf."

Though sometimes puzzled as to their role in the collegiate scheme of things, each member of the executive handled his own faculty with consummate artistry, even to the extent of engaging in spirited inter-faculty scuffles. All in all, "MUS" has justified an existence the reason for which, in a more average year, might well be inquired.

The executive included Chairman Basil Robinson, Osborne Durkin, Charles Lighthall, and Leonard Zink.

\star

The Women's Undergraduate Society began its activity this year with the establishment of an information booth for Freshettes. This was followed by the Senior-Freshette tea and supper, which proved to be a very successful gathering. The usual children's costumes prevailed, and penalties were imposed upon those guilty of breaking Frosh rules.

The most important activity of the year was Apple Day, in which University women co-operated with the Kinsmen Club in selling apples throughout the city in aid of the various charities supported by that club.

In the Spring term, Hi-Jinx tradition was maintained—not a single man cluttered up the atmosphere as the girls, dressed in their Wild West costumes, revelled in the gym.

The Co-ed Ball, held on Leap-year day in the Brock Building, climaxed the '39-'40 session.

Executive included Biddy McNeill, President; Dorothy Hird, Ray Adamson, Pauline Scott, and Janet Fleck.

ROBINSON

DISCIPLINE COMMITTEE

When students toss pennies in the caf, when an over - jubilant Scienceman becomes slightly tipsy at a Varsity function, when inter-faculty feuds result in serious damage to property—in short when any violation of the Alma Mater code occurs, you are sure to find a member of the Discipline Committee on hand to mete out undergraduate justice and punish offenders.

The work of the Discipline Committee has never been a very romantic task — but it has always been a necessary one. For in a university of 2300 students, there always exists a certain percentage whose over-exuberance, carelessness, of failure to regard the rights of others, results in actions which are not in the best interests of the institution. It is to prevent such occurrences-occurrences which will lead to adverse publicity for the University and discomfort of students, that the Discipline Committee exists. Composed of Basil Robinson, president of M.U.S., Biddy McNeill, president of W.U.S., Osborne Durkin, president of A.M.U.S., Len Zink, president of A.U.S., and Charlie Lighthall, president of S.M.U.S., the 1940 Discipline Committee has enjoyed an efficient year and become a definite force on the campus.

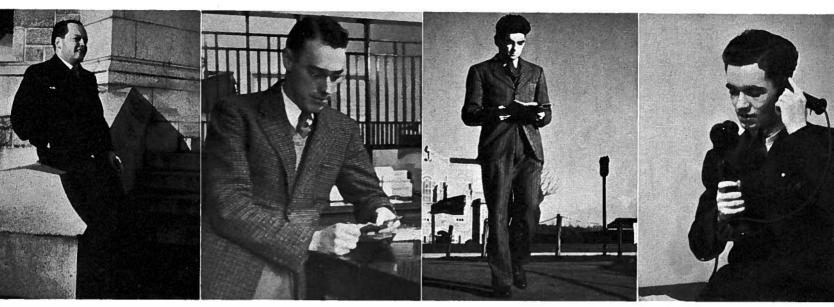

Early in the fall term, the Committee enlisted the aid of the men's Big Block Club to control the rebellious Frosh and the turbulent Sophomores. During the session, members of the group frowned on petty gamblers and campus inebriates.

With the opening of the Brock Memorial Building in February, the members of the Discipline Committee shouldered the responsibility of drafting and enforcing rules for student use of the new social headquarters.

The Discipline Committee is the police force of the campus—and like most policemen, its members are courteous and thorough. It is not their intention or object to smother campus spirit, but it is their duty to keep student spirit within the limits of reason and common sense.

Arts Men's Undergraduate Society

The Arts Men's Undergraduate Society began its work early in the Fall Term with the supervision of Arts and Commerce Class elections organized by M.U.S. Then, in conjunction with the Aggie Undergrad. Society, the Executive turned its attention to planning the Arts-Aggie Ball, which was held at the Commodore on November 16.

Several interesting speakers were presented during the Spring Term, and plans were laid for a more permanent Committee on Vocational Guidance for next year. As the session came a close, competition with the rival Aggie and Science Faculties made it necessary to plan a faculty sweater, songs and yells. The outcome of these considerations will be seen in the fall. The Excutive was composed of Osborne Durkin, President; Dic k Montgomery, Vice-president; Don McGill, Secretary; Dick Clarke, Treasurer.

Science Men's Undergraduate Society

Directed by an exceptionally capable executive, Science undergraduate activity was more noticeable on the campus during 1939-40 than it has been for many years.

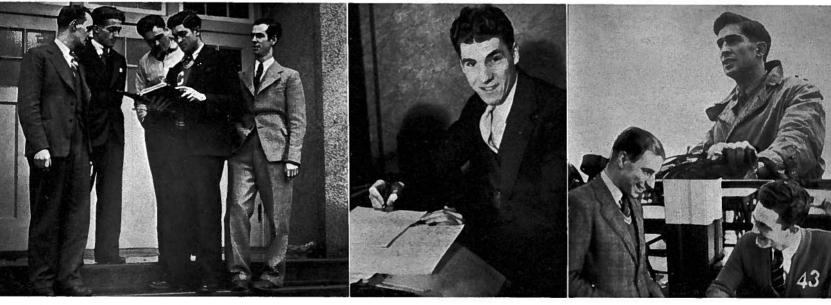

The first important function of the fall term was the annual banquet, which was attended by red-sweatered Sciencemen en masse. An informal dance at the Palomar a short while later saw tuxedos replacing the traditional sweaters, and proved the existence of much latent talent in dish-handling.

In the spring term the 21st Annual Science Ball, preceded by an unforgettable Pep Meeting, topped the years list of social "To day I yam a man" Popeye welcomed the guests and pointed to a huge four-tiered birthday cake decorated events. with twenty-one red candles. This year's Ball was unanimously voted the best ever.

The outstanding sports feature of the year was the formation of an Engineer's English Rugby team under Dr. Harry Warren and Roy McConnachie. This team soon made a name for itself — and for Science — in Second Division competition, and its success gave rise to a rumor that players were using log-books and slide-rules to help them win their games.

Sciencemen throughout the faculty cooperated with Ray Jones and the University Engineering Society in helping to put over

"Open House"—an advertisement of great value to the University in general and Applied Science in particular. The executive included Charles Lighthall, President; Rex Parker, Vice-president; Charles Nash, Secretary; Charles Parker, Treasurer; "Bud" Burden, Sports Representative; Class Presidents, Roy Bogle, Gordon Rogers, and Mack Buck.

Agriculture Undergraduate Society

With the greatest enrollment in the history of this department, the faculty of Agriculture this year set a record in both size and vivacity.

Outstanding academic event was the Fall Field Day, a hilarious afternoon at the University Farm with contests and competitions maintaining Aggie tradition. Later in the year, Judging Day at Agassiz was attended by almost all Aggie students. Following Field Day, the Annual Aggie Banquet at the Commodore featured the awarding of prizes to contest winners. The Arts-Aggie Ball, most important social event of the year, had full Aggie support, and showed the greatest turnout in its history.

Fiery Aggie spirit demonstrated itself in several noon-hour fights which resulted in Sciencemen being defeated. A science pep meet was stolen from the Engineers when Aggies occupied the balcony, and with the aid of hurriedly composed yells, live poultry, a stuffed dummy Redshirt, and an unexpected backdrop on the stage, they succeeded in advertising their own Aggie Barn Dance. Usually the conventional close to all social endeavors, the Barn Dance was most unconventional. This year it was held in Kerrisdale Memorial Hall, which was decorated for the occasion with harness, bales of hay, caricatures

of professors, and the traditional keg of Apple-Jack. Open House this year was particularly successful. The spirit that had been flourishing all year came to a climax with the Agriculture display, using the theme "Buy by Grade" as motif for exhibits in all departments. The Executive included President Len Zink, Treasurer Keary DeBeck, Secretary Jean Pratt, and Anstey, Byers and McKim.

Nurses Undergraduate Society

Undergraduate nurses gave up hospital duties for a few hours on the evening of January 18th to enjoy themselves at their annual Nurse's Ball in the Aztec Ballroom of the Hotel Georgia. As a special favor to those in training, the strict regulations were relaxed slightly and the midnight curfew curtailed, enabling

them to get in an extra hour's dancing. Lending their patronage to the affiar were Dean and Mrs. J. N. Finlayson, Miss Grace M. Fairley, Miss Mable F. Gray, Dr. and

Mrs. C. E. Dolman and Dean Mary L. Bollert.

Chairman of the committee in charge of arrangements was Gertrude Peirson, assisted by Margaret Ball, Janet Fleck and Marnie Miller

ARTS '40 EXECUTIVE

Four years ago, the present graduating class formed that mass of illiterate, vulgar, yet progressive group of students known as Freshmen. Campus Society in those primitive times was controlled by a body of men and women which to all intents and purposes performed the functions now under students' Council jurisdiction. In the minds of every student during the critical session 1936-37 had arisen the thought that a Stadium must no longer remain a dream but must become a reality. Student athletes demanded it; Student opinion forced fulfillment of the wish.

Flushed with this early success the progressive class, now "jelling" Sophomores, swept into the following session only to be met with insurmountable obstacles. subtly constructed by the Provincial Government and the Board of Governors. A decision to limit registration and raise fees was made public. Again the mighty power of student opinion, led of course by the band of not-so-quite-progressive sophomores, resulted in the formation of a student Campaign Committee.

While this committee struggled on through '38-'39, the noble group of now maturing students had reached the stage of the almost ruling class—the thoughts of most had turned to sober matters of a more material and a far more personal character—graduation was within sight! The raise in fees terrified them not an iota, the question of buildings was now in the hands of a competent group—in fact—the financing of the Brock Memorial Building had been accomplished and life was now to be enjoyed.

September 1939, however, was not quite the world people expected. The British Government and Allies were once more at war! Graduation was at hand, but the future security was now a debatable question. The students of the graduating class, aged with years of campus efforts, faced a difficult situation.

But they still upheld the traditions of the finest classes. Four of the great ruling council, Rosemary Collins, Biddy McNeill, Darrell Braidwood, and Basil Robinson, were members of the exclusive Arts '40; John Garrett was ex-officio Councilman and Editor-in-Chief of the Ubyssey; Osborne Durkin was President of the Artsmen and Totem Editor; president of the I.R.C. was Don Pyle; of the Japanese Students' Club was M. Weskey Fujiwara; of the Law Society was Don McGill; of the Maths Club was Bill Petries; of the Players Club was Jim Frazee; of the Psychology Club was Emily Frazer; of the S.M.C. was Ted Scott; of the B.C.T.F. was Murray Sanford, and of the Varsity Band was George Glass. President of the Chemistry Society was Ken Shaw; of the French Clubs were Allisen McCallem, and Elizabeth Birmie; of the Historical Society and the I.R.C. was Don Pyle.

The world of sport, as always, required much attention from the class, and consequently athletics bristle with the names of its members—President of the Women's Basketball Club, **Ru**th Wilson; of the Badminton Club, Janet Fleck of Women's Grass Hockey, Pauline Scott; of the Cricket Club, Basil Rob nson; of the Rowing Club ,Hugh Lyttleton. The individual stars of this class are too numerous to include here, but they can be seen throughtout these pages.

The class of '40 has all but "Strutted its fretful hour upon the stage," but will it "Then be heard no more?"

Observations based upon the past record of the class would lead one to believe that this class of graduating students has created for itself a reputation that will not decay through through coming years.—J.S.G.

COMMERCE '40

1940 saw the first official formation of the Commerce class, consisting of third and fourth year students taking a Bachelor of Science course.

The aims of the class are: first, to unify the Commerce group and to promote a spirit of friendship, and second, to improve relations with the downtown business world.

Commerce '40 participated in Intramurals, and held a class banquet in the spring term.

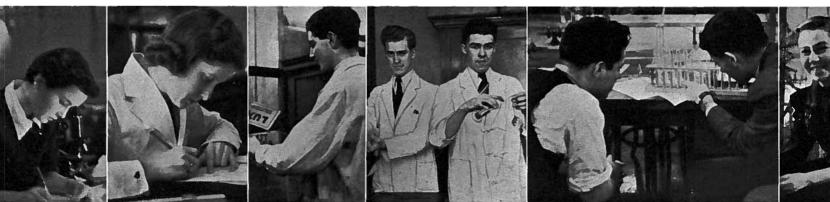

During the term several meetings were held at which prominent business men spoke. It is the hope of the class that this custom will become more prevalent, so that in time the business man may look with increasing respect upon the Commerce graduate.

In looking ahead, the graduating students in Commerce realize the problems they will have to face in the next few years. Yet they feel confident that during their four years at university they have acquired something besides learning that will be of value after graduation. Commerce men leave their university with regret, feeling, however, an eager anticipation of what lies ahead.

The class executive consisted of: Honorary President, Professor Ellis Morrow; President, Lyman Day-Smith; Secretary, John Stevenson; Women's Representative, Doris Pratt; Intramurals, Mundo Minichiello.

"Time Marches On" — to borrow a popular radio theme — and with the close of university this year, twenty-two Aggies realized the end of their campus life.

Various vicissitudes and trials reduced the number of the original thirty-one, but the class maintained the distinction of having the largest number of Aggie women graduates of any year. Jean Pratt, one of the most notable of these, came from Victoria College, and was secretary of the Aggie Undergraduate Society during the past year. Keary DeBeck, also from Victoria, who swelled Aggie Intramural scores by his running, held the purse strings on the undergrad. executive.

Aggie '40, veterans of the Open House of '38, contributed in no small measure to the success of this year's venture.

Biggest events of the year were the traditional Aggie Barn Dance put on by the class executive, and the Senior Class Party, given by the honorary president, genial Dr. Blythe Eagles, head of the Department of Dairying. Class President was Doug Dougans; Secretary-Treasurer was Reg. Brown.

FIRST ROW ... BERLET, ROY, Vancouver-Maj. Animal Husbandry, Min. Biology, P.D.C., B.C.T.F., Badminton; BILLINGS, FREDERICK, Vancouver-Maj. Dairying, Min. Arts '41 this year had more than its share of outstanding figures among both athletes and intellectuals. Two Juniors serving on the Students' Council were Jim Harmer, president of Men's Athletics, and Ruth Hutchinson, council secretary. Lee Straight, president of the Big Block Club, was student representative on the Athletic Directorate.

In the Musical Society and Players' Club the class was well represented by Derek McDermot, president of the Musical Society, Ted Middleton, business manager, and Duncan McFayden, stage manager. From Arts '41 came four leading thespians, Ruth Heyers, vice-president, Margaret Morris, John Glen, and Archie Bain.

Publications claimed the time and attention of Janet Walker, Mimi Schofield, Pierre Berton, Jerry Armstrong, Doug Watt, Austin Frith and Verna McKenzie, all on the Ubyssey. Hammie Gray and Lee Straight served on the Totem staff as associate editor and sports editor, respectively.

Alf Carlsen proved to be one of the leading McGoun Cup debaters.

The class was even more outstanding in athletics. Representative of the Juniors were Canadian football players Lionel Fournier, Jim Harmer, Lee Straight, Tom Williams, and Ranji Mattu; rugger stars, Tom Robson, Jack Bingham, Ranji Mattu, and Jim Harmer. Ben Herd and Doug Todd were leading juniors in soccer, while By Straight and Managers Bob Scott and Stewart McMorran represented the class in basketball. Lionel Fournier was track star of '41, and ex-champ Bill Charlton was outstanding on the golf team.

Not to be outdone by the men, the women of Arts '41 placed high in sports. Leading women athletes were Jean Thompson and Nancy Martin, basketball; Ruth Seldon, badminton; Ruth Wilson, Hortense Warne, archery; Gerrie Armstrong, Hortense Warne, and Betty Muir, grass hockey.

The Junior Prom, held in the Commodore Cabaret, was the social highlight of the year. Of the five candidates, Jo Weldon was chosen to reign as Prom Queen.

This year's very efficient class executive was: Dr. A. W. Currie, Honorary President; Dave Ritchie, President; Ruth Wilson, Secretary-Treasurer; Ranji Mattu, Men's Athletic Representative; Nancy Martin, Women's Athletic Representative.

MITCHELL

COX

The class of Agriculture '41, although composed of but twenty members, made up in quality what it lacked in quantity. President Eddie Cox and Secretary Phyllis Mitchell made up the executive, while enterprising Ansom McKim was both Vice-president of the Aggie Men's Undergraduate Society and President of the Public Speaking Club.

The Agriculture section of Open House, always an important contribution to the day's activities, was more than adequately handled by Tom Anstey. In the field of sport, outstanding class members included Councilman Todd Trembley, who played spectacular rugby, Eddie Cox, Senior Track Manager, Academician Jim Oldfield, sprinter, and Jack Byers, Aggie Men's Athletic Intramural Representative.

Aggie women, too, did their share. Patricia Cumming was Treasurer of the S.C.M. and president of the Women's Agricultural Society. Women's Intramural Representative was Phyllis Mitchell.

ARTS EXECUTIVE

GARDNER

HALL

Last year's Freshmen, risen now to the rank of Sophomores, have upheld in every way the fine record they set for themselves in 1938-39.

Again athletics were outstanding in their campus activities. Doug Alexander, Joe Rvan, Pat Flynn, and Don Duncan played Senior A Basktball. Spencer Wallace, Fred Sasaki, and Don MacLean were outstanding in Senior A Soccer. In Canadian Football were such names as Bob Curry, Frank Wallace, Lionel Fournier, Al Gardner, Gus Carmichael, and Paul Cote. Three popular Sophomore English Rugby stars were Evan Davies, Craig McPhee, and Gardiner. The latter and Lionel Fournier were prominent in track work.

Representing the women athletes, Betty Muir was noted for her proficiency in Grass hockey. In Badminton and Basketball, Jean Eckhardt won fame both on and off the campus. Muriel McLagan and Beverley Matthew were Intramural stars, while Joan Morris represented the class in Badminton.

Early in the university year the Sophs met with their successors in traditional battle. Despite superior organization on the part of the Freshmen, the new-comers were really "broken in" to university traditions and expectations by the second year students. Sophomore men and women were instrumental in arranging the Smoker and Big-Little Sister Party. Much of the credit for the success of the Frosh Reception goes to this class.

Among notable members of the class, especially outstanding were Bob Bonner, prominent on the Debating Team, and Arvid Backman of the Publications Board.

The Sophomore Class Party was held March 13th in the Brock Memorial Building, with music by Trevor Page. Lending their patronage were Mr. and Mrs. F. G. C. Wood, Dean and Mrs. Buchanan, and Dean Mary L. Bollert.

The class executive consisted of: Mr. F. G. Wood, Honorary President; Kenneth Hall, President; Marguerite Finch, Secretary-Treasurer; Al Gardner, Men's Athletic Representative; and Patricia Carey, Women's Athletic Representative.

YOUNG

THOMAS

This year the class of Aggie '42 claimed the distinction of being the largest Sophomore class in the history of Agriculture at this university. Of the total enrollment of thirty-six, over half were senior matriculation students and former Artsmen who decided against their original plans and transferred to the faculty of Agriculture.

Professor E. A. Lloyd, honorary president, gave a class party before Christmas which was one of the most important events of the year. The much talked of Arts-Aggie Ball in the fall term was, according to popular opinion, very successful. The highlight of the year for all Aggie students, the Barn Dance held in the spring term, was eagerly anticipated as this book went to press.

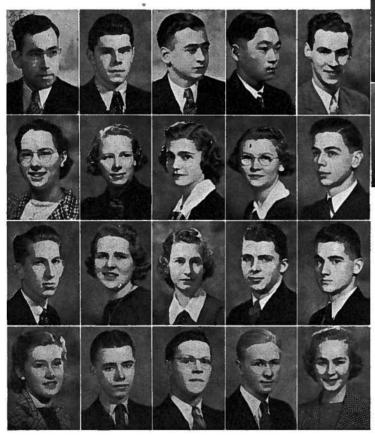

Aggie '42 took an energetic part throughout the year in all campus activities, and was represented in many organizations. The Mamooks claimed the attention of three members of the class, chief of whom was Bob Marshall, capable president of that club. Meetings of the Agriculture Discussion club were well attended by the Sophomore Aggies, and practically the entire group turned out for Aggie Public Speaking classes.

Athletics proved to be one of the strong points in the varied interests of the class of '42. Their commendable class spirit was demonstrated by the whole-hearted interest taken in Intramural sports, with a large number participating in the various events. Competition was keen, and early in the spring they stood second, only to Arts '41 in the race for the governor's cup, with strong hopes of winning it this year. Wally Johnston, rapidly becoming one of the best players on the Senior A basketball team, was one of the leaders in sports interest, and was deserving of praise by his class.

The class of '42 was guided during the year by Professor E. A. Lloyd, honorary president, and a class executive consisting of Alastair Young, president, and Lorraine Thomas, secretary-treasurer.

Something opened the Studio windows

McCARRY

WHITE

ORCHARD

SWINTON

At the beginning of the university year the largest Frosh class on record invaded the Campus, sneering at tradition in typical Freshman style by mocking and insulting their immediate superiors, the Sophomores.

Monday morning in their green regalia, a slight modification of the previous year's, they walked into lecture rooms for their first inside glimpse of higher education. As usual, many found themselves in the wrong classes, and left in confusion —followed by the derisive hisses of upperclassmen. Ignoring the Frosh Fourteen Points they wandered around the campus, hands in pockets, crossing lawns, and stepping aside for none, least of all Sophs. At noon on the third day, armed with mellow fruit, hordes of the "Men in Green" organized an attack. The disappointing outcome was the dunking of two lonely Sophs in the Lily Pond. Later a mild brawl in the Quad followed a mass meeting of Freshmen in the Auditorium.

A Big-Little Sister party was held Wednesday night in the Caf, during which disobedient Freshettes were punished for infraction of rules. The same evening Freshmen attended the traditional smoker in the Alma Academy.

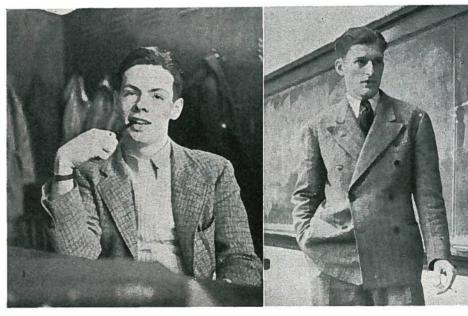

Initiation period ended with a dance at Happyland, where Freshmen heard the Varsity songs and yells, and were divested of their regalia.

The Frosh elections were held in February, and the coveted office of president was hotly contested, with James McCarry winning by a clear majority over his two opponents. Sadie White was elected Secretary, Joyce Orchard won the office of Women's Athletic Representative by acclamation, and Hans Swinton was chosen Men's Athletic Representative. Dr. Ralph Hall was named honorary president of the Freshman Class.

The first Frosh Class Party was held in the Brock Memorial Building on March 7. The patrons were Dean and Mrs. Buchanan, Dean Bollert, Dr. and Mrs. Ralph Hall.

ANGLICAN COLLEGE

MORRISON FORD TRUMPOUR GEMMILL KEEFE

Let him stand rebuked who says Theology and the Sciences are incompatible! The spirit of harmony and close cooperation which existed in the College during the past year among resident students representing every faculty on the campus was a standing refutation of any such statement. The "esprit de corps" does, in fact, grow more staunch each year. Under a strong student executive, the life of the College represented very favorably what might be accomplished on a larger scale were it possible to have similar residences provided on the campus for all U. B. C. students.

Highlight of the spring term was the Annual "At Home," when members played host artist to over 150 friends and relatives.

In athletics it is necessary only to mention such names as Ward DeBeck, Ted Scott, and Bob Field, to demonstrate the calibre of the athletes. Last year the College was runner-up for the intramural cup, and this year, at the time of writing, maintained a comfortable lead in the race for the trophy. Basketball, soccer, softball, track, and rugby formed an integral part of the college activities.

Devotional life of the group was centred in the College Chapel, where morning and evening prayers were conducted by senior students and faculty members. It was there, in seats formerly occupied by men who now are making a name for the college, that students caught a fuller realization of the meaning of their motto, "Vita erat lux hominum." This year four men left the college to join the ranks of the clergy.

Night and Day A close one

1939-'40 has been a year of advance and change for Union College, the theological college of the United Church of Canada in B. C.

The year was marked by the retirement of the Rev. W. H. Smith, and the appointment of the Rev. Dr. Gordon Dickie as professor of Social Ethics and Practical Theology. The Rev. Dr. G. B. Switzer, who lectured in the Church History Department, was appointed to that department beginning in the fall of 1940. The retirement at the end of the year of the Rev. Dr. A. M. Sanford, professor of Religious Education and Christian Ethics, was regretted by all connected with the college. Students considered themselves fortunate in having as special lecturer the Rev. Dr. F. W. Norwood, lately of London.

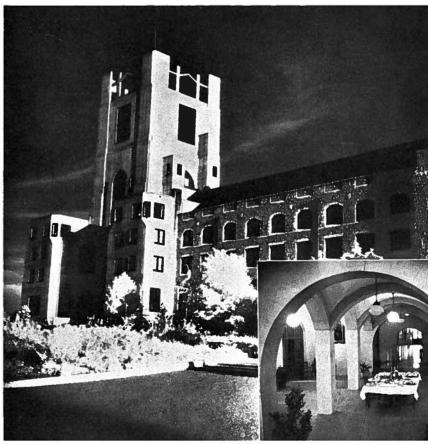

The student body was united by a society which met regularly, planning and carrying out the various activities of the group. Usually each meeting featured the presentation by a student of a paper concerning some matter of common interest. As a part of the devotional program, Chapel services were held each noon hour, at which visitors were welcomed. The executive also planned all social affairs.

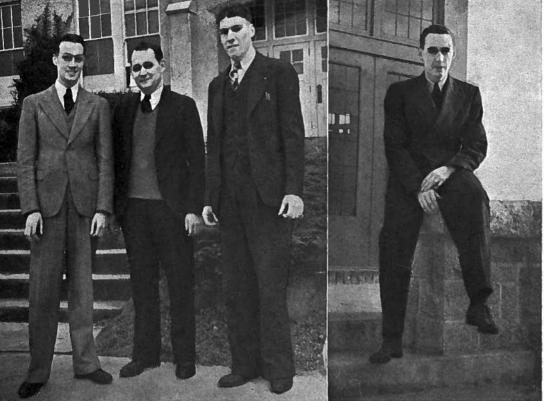

In sports they enjoyed a friendly rivalry with the students of the near-by Anglican College. Climax of the competition was reached in the football tournament held at the end of the year.

Those graduating in 1940 were Miss Norah Hughes, George Lowe, Harry Morrow, and Wesley Nickson.

The opening of the Brock Memorial Building helped to bring the college closer to the centre of campus activity, and it was hoped Union College would play an increasingly important part in the life of the university.

SCIENCE '40

The class of Science '40 started out in 1935 with one hundred and sixty members. Through the years the membership has dropped off until there are only eighty-one survivors seeking the Bachelor of Applied Science degree this Spring. The great decrease in numbers has not shown itself, however, in any diminishing of spirit, and the class is one of the finest in years.

Science '40 has distinguished itself in athletics. For two years in a row — 1937 and 1938 — it won the Governor-General's Cup. Credit here goes to Bud Burden for his interest and efforts in promoting intra-mural sports. Several other members of the class distinguished themselves individually in various sports. Angie Provenzano played senior football and hockey, Jim Usher played on the Varsity hockey team, and Bob Pearce stroked the Varsity Eight for four years.

Under the guidance of Chuck Lighthall, the Science Men's Undergraduate Society had a very successful year with the Ball, the Banquet, the Party, and a great many Pep Meets. Dean Finlayson, Honorary President throughout the four years of academic life in Science, has always lent a helping hand. The class cannot thank him too much.

The executive consisted of: Dean Finlayson, Honorary President; Roy Bogle, President; Roy Morel, Vice - President; Harold Morris, Secretary - Treasurer; Jim Ussher, Athletic Representative.

And it came to pass (with apologies to Rudyard Kipling),

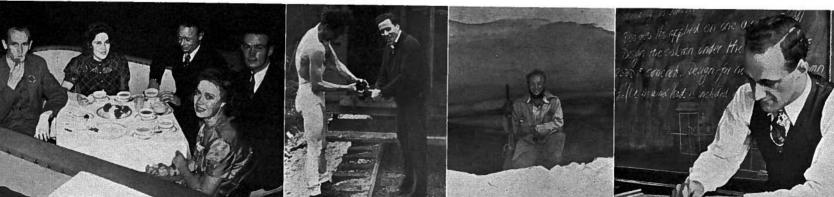

"When the waters receded, And the earth did appear, The Lord created the Engineer."

SCIENCE '41 EXECUTIVE

ROBINSON

PARKER

LYNOTT

From northern mines, from survey expeditions, from coast boats, and from railroad shops came ninety Fourth Year Engineers last fall, eager to replace the general work of their earlier Science years by more specialized study along narrower lines. Dividing into eight separate groups, they applied themselves so heartily that only eight were nicked by the Christmas "axe" that severed a total of forty-eight Sciencemen from three classes.

Because of the war and the fact that there was already a preponderance of first-class scholars in Electrical Engineering, the number of Mechanical Engineers tripled last year's number to a total of twenty-five. For the first time the "Mechanicals" were the strongest class in Fourth Year, outnumbering the "Chemicals" by two, and the "Electricals" by ten men. In decreasing numerical order came the Miners, Geologists, Civils, Metallurgists, and the two Foresters.

Despite their devotion to Science, the class of '41 maintained its widespread interest in campus affairs. Bill Lynott is in his third year on the senior crew of the rowing club, and Owen Pickell's fistic ability was the boast of the Boxing Club. The fine record of the Engineering Rugby team owed much to the work of Alan Wallace, Alan Smith, Stan Townsend, Fred Burnet, Walter Nichols, and Charles Newmarch. James Robinson, engineer athletic organizer, distinguished himself on the soccer field, and managed to place in track and field sports with Mel Zirul, George Harford, Dan Greeno, Stan Townsend, Charles Ryder, and Charles Parker.

Auxiliary to campus athletics but no less important was the work of Trainer Bill Braidwood and Bandsman Garth Griffiths.

The Musical Society's last production claimed the services of Garth Wade, Charles Parker, Bob Thompson, Bill Hunt, and Dave Thomas.

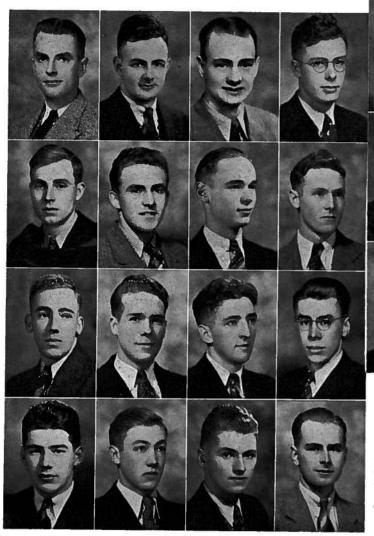

Closer to Science, the Dawson Club, Chemical Society, and student branches of the A.S.M.E. and A.I.E.E. engaged the attention of most fourth year engineers, several of whom have addressed these clubs.

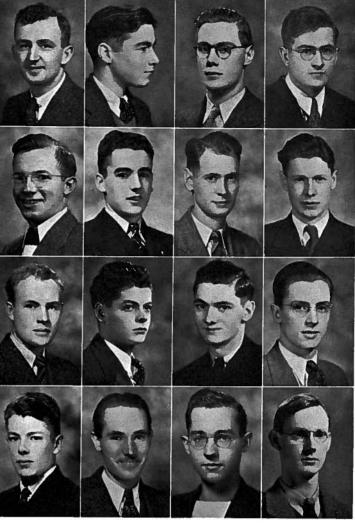

Sadly missed this year was last year's president, G. E. "Bus" Ryan, now on active service with the Irish Fusiliers.

The officers of Science '41 were: Archie Peebles, Honorary President; Charles Parker, President, Treasurer of S.M.U.S., and A.S.M.E. executive; Bill Lynott, Secretary-Treasurer; Jim Robinson, Athletic Representative.

SCIENCE '42

The class of '42 has led the Science faculty back to its proper position on the University of British Columbia campus. To this class goes the credit for the sudden increase of flaming red sweaters, the new Science motto, "El Stuffo," the usually unsuccessful but always spirited attempts to break up Arts Pep-Meets —all significant of the rejuvenation of the spirit of Science. The members relax from these strenuous activities in their new headquarters, Applied Science 212, where they have installed a radio.

Science '42 has lost many valuable members this year, some having left university to join His Majesty's forces, others having left after Christmas for less patriotic reasons.

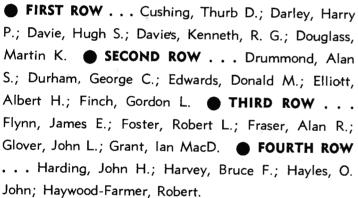

A great interest has been taken in Campus activities. ...The Canadian Officers Training Corps has a very large representation from this class as befits the new militaristic spirit. The Canadian Students Assembly Conference at St. Anne de Bellevue had, as one of the B. C. delegates, Charles Nash. Several prominent athletes on major teams are members of Science '42. Fred Joplin was a star quarter-back in Canadian football, "Doc" Miller played Senior A basketball and John Richards shone at English Rugby.

The sincere thanks of the class are due to thir highly popular Honorary President, "Doc" Smith, who was always ready with advice and help when necessary. Other members of the executive were: President, Gordon Rogers; Vice-President, Bob Potkins; Secretary, Norman Stewart; Athletic Representative, Fred Joplin.

WILLIAMS

Members of Science '43, being privileged for the first time to wear the distinctive red science sweater, entered their chosen faculty last September with typical and traditional enthusiasm.

Keen interest was taken in intra-mural sports. Under the energetic leadership of Campbell Williams, class Sports Representative, strong teams were fielded for all contests. Individual members who made good on major teams were: Don Livingston, Senior A Basketball; Campbell Williams, Varsity Track Team; Stew Roach, Soccer; Mack Buck and Bob Field, Varsity Rugby Team; Ralph Tully and Stan Patterson, English Rugby Team. Others have taken part in intermediate basketball and soccer, U.B.C. rugby team, and Varsity ice hockey squad.

Class members took part in various other campus activities, including the Players' Club, Debating Club, C.O.T.C., Band, and Varsity Dance Orchestra. Arvid Backman was senior editor of the "Ubyssey."

In the fall term, a highly successful S.M.U.S. pep meeting was held, at which two original skits were presented, affording many hearty laughs.

The Science tradition of high scholastic attainment was upheld.

The class executive was: Col. F. Wilkin, Honorary President; Mackinnon Buck, President; Ralph Tully, Secretary-Treasurer; Campbell Williams, Sports Representative.

were hostesses to members of the faculty and nursing organizations in the city. The Hotel Georgia was the scene of the Annual Ball in January. Patrons were Miss Mabel S. Gray, Dean Bollert, Dr. and Mrs. Finlayson, Dr. and Mrs. Dolman, and Miss Grace M. Fairley. The nursing exhibit at Open House, in which the entire faculty of nursing took part, featured a Preventive Medicine display. Despite heavy studies, the student nurses found time to participate in Intramurals.

This year's executive included Honorary President, Miss Mabel S. Gray, head of the department; President, Emily Nelson; Vice-President, Gertrude Peirson; Secretary, Elizabeth Stewart; Treasurer, Mary Ball; and Public Health Representative, Trenna Hunter.

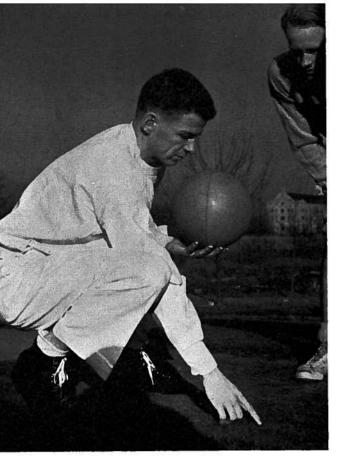

BOOK FOUR

Major Sports . . .

Minor Sports . . .

Maurice Van Vliet

Maurice Van Vliet is in his fifth year as Director of Physical Education at this University. Known to all students as "Maury," he has rapidly become almost a tradition on the campus. By "tradition" we mean that whenever anyone thinks of football, basketball, track or intramurals, one must also be reminded of the accomplishments of Mr. Van Vliet.

Every year he is more successful in his athletic program at U. B. C. When Maury first was appointed to the position he now holds, nothing more was expected of him than that he should organize interclass activity and instigate a routine timetable of classes in physical education in the gymnasium, which had been run without such supervision for five years. Maury had not been on the campus one season before he was asked to help coach the Canadian Football team and to take over the job of head-coaching the track squad. The results of his ability as a coach and knowledge and experience as an athlete were immediately evident. He subsequently has become head coach of the Football and Basketball teams and each sport has already seen one year as a championship squad under the guidance of this athletic genius.

Mr. Van Vliet's ambitions really lie with his physical education and intramural program, however. In spite of various set-backs, interclass activity and competition has flourished more and more each year. And further, his success as an organizer will become evident next term when a compulsory course in physical education probably will be started for all first year students. Maury has been the main force behind a movement to put this on the first year curriculum, and he is to be congratulated on achieving such a task in his short time at this institution where, until his arrival, athletics other than organized teamsports were non-existent.

J. Pearson, Mr. M. L. Van Vliet, L. Straight, J. Harmer, Dr. F. Dickson, Dr. G. Shrum. Insert: J. Rita.

Men's Athletic Directorate

The Men's Athletic Directorate is the sole governing body in all matters pertaining to athletics on the campus, being subject to the ratification of the Student's Council. It was formed in order to relieve the "Council" of all worries in the field of athletics, which comprise a major part of the student activities.

This directorate is as representative as possible both of the faculty and of the student body. There are three permanent members of the directorate among the faculty representatives, Dr. Shrum, Dr. Dickson, and Director of Physical Education, Maurice Van Vliet. The President of Men's Athletics from the students' council is automatically a member and chairman of the committee, the president of the students' council, also being a member. The other two members of the seven are chosen each year by the outgoing directorate and must be two athletes well-versed in athletic matters at the university.

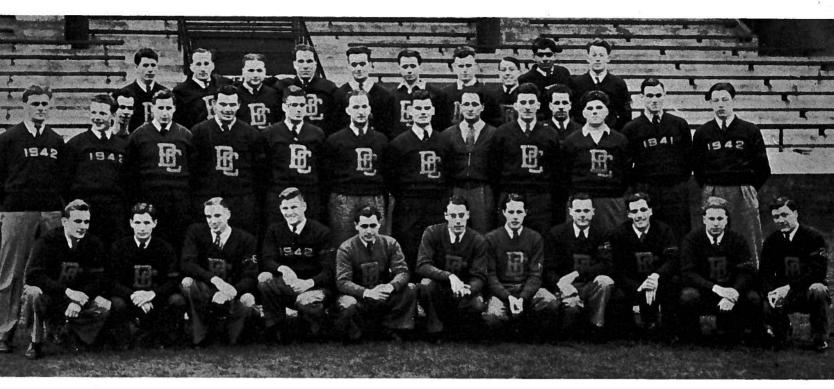

Following are those who reigned as sports mentors on the campus for the year 1939-'40: Maury Van Vliet; Dr. Dickson; Dr. Shrum; Jim Harmer, chairman and president of Men's Athletics; John Pearson, president of the Alma Mater Society; Lee Straight, student representative; and Joe Rita, secretary and student representative.

The Awards Committee is composed of two faculty representatives, Dr. F. M. Knapp and Dr. A. A. Hutchinson; the Director of Physical Education, Maurice Van Vliet; President of Men's Athletics, Jim Harmer; two student representatives from the Big Block Club, Dick Clark and Todd Tremblay (Secretary); and Lee Straight, President of the Big Block Club and Chairman of the Awards Committee.

Awards Committee

J. Harmer, Mr. L. Van Vliet, T. Tremblay, L. Straight, Dr. A. H. Hutchinson, Prof. F. M. Knapp. Insert: R. Clark.

Middle Row-Lionel Fournier, Fred Joplin, "Bud" Burden, Tom Williams, Russ Keillor, John Pearson, Dick Dowrey, Brian Martin, "Angy" Provenzano, Jim Harmer, Lloyd Detwiller, "Barney" Boe, Pat Flynn, Don Livingston.
Front Row—Bill Colledge, Doug. Todd, Geo. Pringle, Al. Gardner, Joe Rita, Dick Clark, Bill Calder, Wilf. Pendray, Jack Rush, Los Straight Harner, Lingdon. Lee Straight, Harry Lumsden.

Those Absent-Strat. Leggatt, Ron. Upward, Ted McPhee, Howard McPhee, Henry Stradiotti, Todd Tremblay, Fred Smith.

Men's Big Block

The Men's Big Block Club, formed as a service club and a club for promotion of friendship among leading athletes, is composed of all students who have received the major athletic award, the block letter "B C" in any sport either as a player or as a senior manager.

The main function of the club is to provide men for policing any auditorium functions or games in the stadium. The second annual homecoming luncheon was held this year and was again a success.

This year's executive consisted of: Honorary President, Maury Van Vliet; President, Lee Straight; Vice-President, Dick Dowrey; Secretary, Bill Hodgson.

DOWREY

STRAIGHT

HODGSON

Miss Moore

Miss Moore continues to have increasing success as Director of Physical Education for women. The part taken by the women students in the "Open House" demonstrations was better than ever before, and Miss Moore's intramural program sails along as steadily as ever.

Miss Moore also coached the Archery team that

entered the national championships and came second against leading schools of physical education. The intramural program is so popular with the 'co-eds" that it is even threatening the success of extramural sports such as hockey and basketball.

MISS MOORE

The Women's Athletic Executive, with the Directorate, is in charge of all athletics for women. The executive, composed of four students and a faculty representative, used to be the sole governing body and was elected by the women students every year. Since the men have tried out the new directorate system, it is now being put in operation in women's athletics as a more efficient body. This year the Executive and Directorate were both in existence, but the Executive will be discontinued from now on.

Through an error on the part of the photography department of the "Totem," the picture of the Directorate was omitted from the annual, but following is the list of both the Executive and Directorate. The executive for the year were: President, Rosemarie Collins; Vice-President, Pamela Runkle; Sec-retary, Ruth Wilson; Treasurer, Nell Trapp. This year's Directorate were: Rosemarie Collins, chair-man; Miss Moore, Director of Physical Education; Dean Bollert and Miss Hallamore, Faculty Representatives; Nell Trapp and Pamela Runkle, Student Representatives,

Women's Athletic Executive

EN'S BIG BLOCK

The Women's Big Block Club is made up of those athletes who have won their major award for meritorious participation in athletics, either as a team member or as a senior manager. In the past it has been the policy of the Club to endeavour to act as a service organization to perform duties as usherettes, etc. at games in the Stadium, but this policy was dropped this year, and so far they have existed only as an honorary organization. Executive for the year was: Honorary President, Dr. J. B. W. Pilcher; Ruth Wilson, President; Pauline Scott, Secretary-Treasurer.

The Women's Awards Committee is composed of eight students, one faculty representative and the Director of Physical Education.

The committee meets several times during March for the purpose of making all athletic awards of merit. Awards such as the large or small block and the intramural letters are awarded on a point system that carries over from year to year.

The committee for this year was as follows: Dr. Hallamore, Faculty Representatives; Miss Moore, Director of Physical Education; Rosemarie Collins, President of Women's Athletics and chairman; Pamela Runkle and Nell Trapp, Student Representatives; Pauline Scott, grass hockey; Joanne Brown, basketball; Janet Fleck, badminton; Eileen Hooley, Outdoor Club; Ruth Wilson, President of the Big Block Club.

CANADIAN FOOTBALL

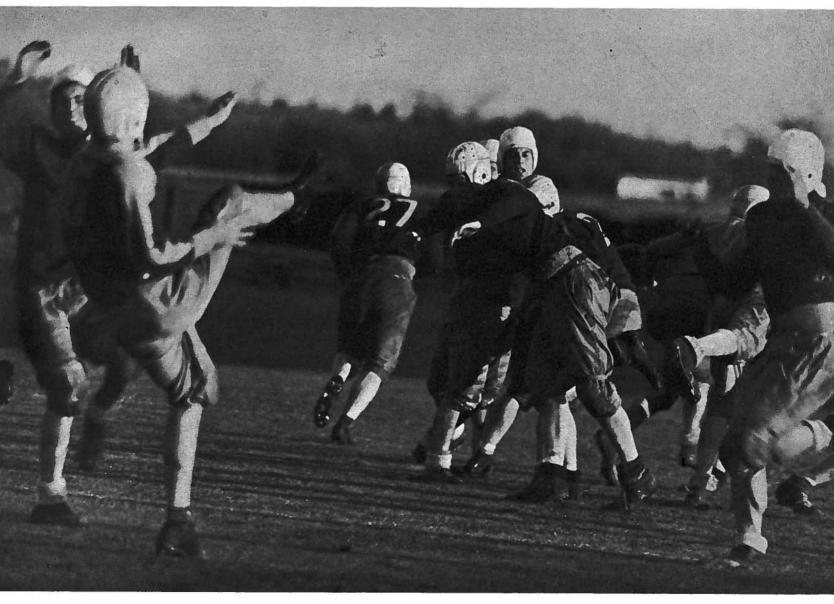

On this same page in last year's "Totem," it was stated that Varsity Canadian Football had hit its highest year since 1929. This year we go even further . . . The season of the year 1939-'40 was the greatest season that Canadian Football has ever had at the University. In fact, this year's edition of the "Thunderbirds" is hailed as the greatest grid squad ever developed on the Coast, being the only team in the history of the sport here to go through the season undefeated and untied.

In reviewing the season game by game, we find that the blue-and-gold had difficulty with only one game, the season opener against North Shore "Lions," whom they nosed out 10-8. Then, with the return to the fold of a few more vet-

erans, the Varsity gang swept through the schedule with very little worry, other than that presented by the cramming in of the Hardy Cup series with the University of Saskatchewan.

This season was a fitting climax to four years of college football for nine seniors on the team. Eight front wall men and one half-back had watched their team improve every year since the fall of 1936, during which season they never won a game. These men, who should never forget their four years, are: Dick Dowrey, "Hank" Stradiotti, Brian Martin, Bill Hodgson, Lee Straight, Fred Smith, Angy Provenzano, John Pearson and Tom Williams----all lettermen and all great football players.

Among the stars that will form the nucleus for

Pearson, heavy artillery, "booms" a sixty-yarder.

next year's outfit are Fred Joplin, Jim Harmer, Graham Finlay, Milt Angus, Lionel Fournier, Jack Tucker, Ernie Teagle, Andy Lang, Bob Curry, Ranji Mattu, and Jack Tucker.

High scorer for the league this year was Varsity whiz Ernie Teagle, who was a ''cinch'' for the honours in spite of the fact that he wasn't a ball-carrier until well on in the season.

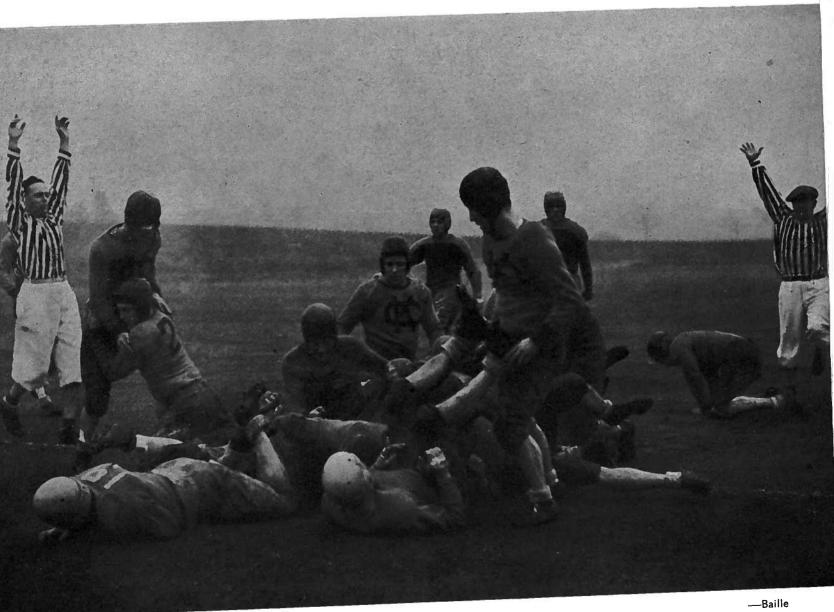

Honourable mention on the Western Canadian All-star team went to Stradiotti, Pearson and Smith, Stradiotti for the second year in succession. Williams had previously made this mythical twelve, but failed to repeat this year.

Most of the honours should go, of course, to the great coaches, Maury Van Vliet and Niel Watson, who without any doubt have proven to be the top coaches in the league.

Upholding the reputation set by a long line of very enthusiastic and efficient managers was Grant Donegani, the man who had to be in better shape than any mere grid player, and never had a wink of sleep for days at a time.

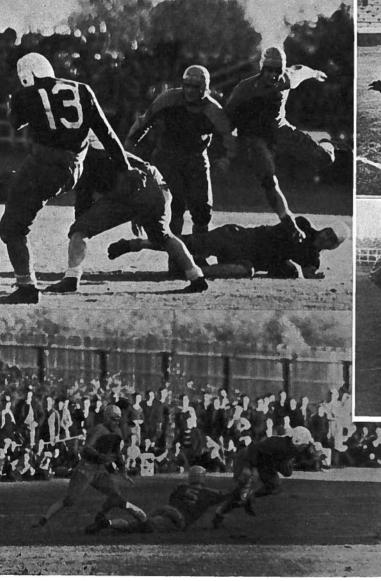

The Campus Gridders won all trophies competed for in carrying off the Hardy Cup, Lipton Cup and Seaforths Cup, the latter two being emblematic of League and Provincial leadership, respectively.

ENGLISH

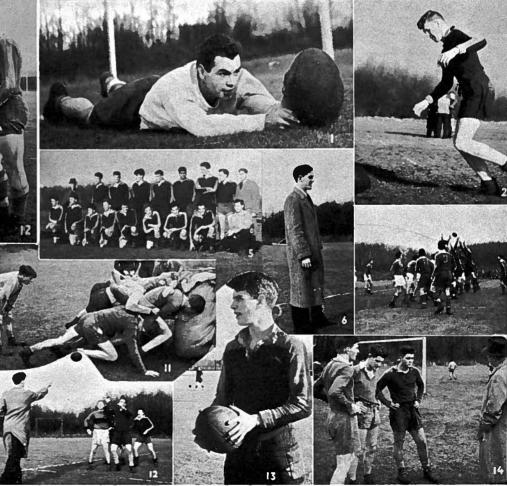

This year has proven a very eventful season in the annals of English Rugby, both at the University and in the City League. After coming close to extinction through the war scare, the league has steadily improved until it is back almost on a par with its status and popularity of former years.

Before Christmas, there was but one league of nine teams but, after the League became settled again, it resumed the old system of first and second divisions, with seven teams remaining in the first division.

Both U.B.C. and Varsity teams were entered in this first league and at the time of writing the "Varsity" are tied with "Meralomas" for first place, both having lost one game. There will be a playoff for the championship and the Miller Cup. The "U.B.C." didn't fare so well, of course, as they are a second team to the "Varsity." Their only claim to distinction lies in the fact that they tied Rowing Club, the only team that beat "Varsity" in the second half of the schedule, thus eliminating the Rowers from a three-way tie for first place.

The Ruggers lost many top-notch players last fall. Four men turned out for the Canadian Code, and five were lost through illness or pressure of studies. However, the Canadian Footballers joined the Ruggers in the Spring, bolstering the team considerably and improving the chance of their winning the Miller Cup for the fifth time in succession.

After finally getting settled down in the second term, the "Varsity" was composed of the following men: Jim Harmer,

1. See picture four. 2. What a week-end! 3. Ow! my ear! 4. Nothing to it. 5. McKechnie Cup cre 6. Maury McPhee, assistant coach. 7. Come to papa! 8. Drop that pig! 9. Sore ears?

RUGBY..

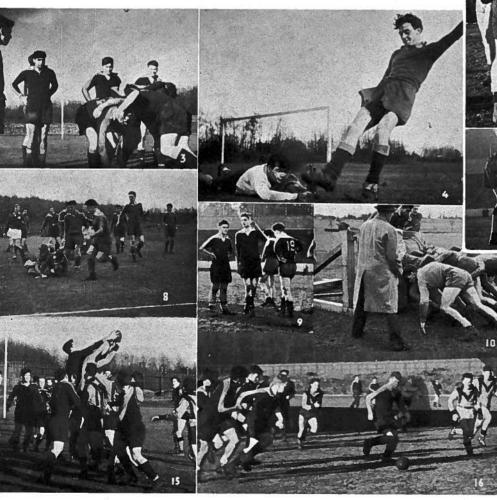

Ranji Mattu, Henry Stradiotti, Alan Gardner, Evan Davies, Tom McLaughlin, Jim Mainguy, Andy Johnston, Bert Hoskins, Gerry Mason, Mack Buck, "Sandy" Lang, Ted and Howie McPhee, Bob Field, Lyman Day-Smith, Fred Smith and Tommy Williams.

The remainder of the men in the pictures on these two pages represent the "U.B.C." Stars on the latter team, and occasionally members of the first squad were Doug. Wilson, Craig McPhee, Dave Morrow, Jack Ross, Alex. Price, John Hicks, Jack Bingham and Ian Richards.

Captains of the two teams were Ted McPhee, "Varsity" and Jack Bingham, "U.B.C." The teams ran into trouble in their coaching. They lost their regular coach, A. B. Carey, through pressure of business and for the remainder of the year they were practically without any instruction. Physical Education Instructor Maurice Van Vliet helped the players with their "conditioning" and Roy McConachie and Tom Stewart, coaches of the Engineers and Vancouver McKechnie Cup teams, respectively, helped the blue-andgold for the remainder of the Spring season.

Senior Manager for the teams was Charlie Long, an explayer and a real help to the team selection committee. Jim Stinson was his first associate and managed the "U.B.C."

In McKechnie Cup play, the University won only one of its four games against Vancouver and Victoria, having finally improved enough to upset the Vancouver fifteen in the last game of the season. For the second year in succession Victoria retained the trophy with only one loss.

10. Coach cracks whip. 11. Seven men and a parasite. 12. Shut mah mouf! 13. Lang listening. 14. More listeners. 15. Balloons! 16. Looks more like soccer.

SENIOR 'A' BASKETBALL

Flynn and Scott stooge for "Harlem." . . . Pringle canning. . . . Wee Wally works. . . . Hand is guicker, etc. . . . Varsity and Scott wallop Maple Leafs . . . Harlem "hands."

M. L. Van Vliet, B. Straight, G. Pringle, D. Alexander, R. Miller, P. Flynn, W. Johnston, J. Scott, D. Duncan, J. Ryan, D. Livingston, D. Gross.

This season proved to be a very disappointing one for the senior basketballers. It was disappointing not because of the team's record so much as the dashed hopes that old man "eligibility" passed around at Xmas.

The squad promised to be a championship outfit at the beginning of the season, what with freshman stars such as Jim Scott and Doug. Pedlow combining with Don Livingston, George Pringle and Pat Flynn, who was back after a year's absence, to make a team of giants who were all expert melon-tossers.

The senior Varsity had no sooner started to click than they lost Livingston and Pedlow, and although the team was just nosed out of third place and a chance in the playoffs, they were noticeably weaker.

The usual fifteen games were played in the Intercity League this year, of which the students won seven. Several exhibition games were played at home and away, mostly with American colleges.

The outstanding "find" this year was Jim Scott of Chilliwack. Tall, and a natural athlete, he was Varsity's leading scorer and should prove to be one of the best if not the best basket sniper in the league next year. He and his running mate Wally Johnston, another Chilliwack graduate, were the starting forward line, along with Sophomore Doug. Alexander. Two old-timers held down the starting guard positions; they were George Pringle and "By" Straight. These two men also took turns as captaim of the squad.

The seniors were again coached by Maurice Van Vliet, who was in his fourth year as mentor of the blue and gold hoopers. It is a little daring to make predictions for next year at a time like this, but if Van Vliet only gets all his regulars back, he stands every chance of "copping" a championship next year. The only player slated to graduate this year is Pringle, so there will be nine men returning next year out of the ten seniors who turned out for this past season of play.

Senior manager was Les Martin who climaxed five years' experience in basketball as both player and manager with a very capable display of handling of the team.

E. Ward, A. Gardner, E. Scott, W. Pendray, R. Pederson

A C T R

1. Standing: M. Van Vliet, L. Fournier, W. Pendray, T.Williams, A. Gardner, E. Cox. Kneeling: W. DeBeck, E. Scott, J. Ryan. 2. E. Cox, E. Alexander. 3. R. Pederson, C. Williams, L. Fournier, 4. Ritchie (trainer), L. Fournier. 5. DeBeck brothers. 6. J. Owen and some cinder pounders.

1. N. Armstrong. 2. R. Lloyd. 3. T. Klinkhamer. 4. New angle on a jumper. 5. W. DeBeck. 6. C. Williams. 7. J. Murray. 8. W. Swinton. 9 and 13. T. Williams, before and after a race. 10, 11 and 12. L. Fournier demonstrates.

This year the Track Club, although its season has not begun at time of writing, shows definite promise of upholding the usual high standard of former Varsity teams, with Coach Maury Van Vliet having about fifty members from which to mold a strong unit.

Unfortunately, due to the international situation, it has been found impossible to hold a meet this year with the University of Idaho, against whom the Thunderbirds had so much success last year. The schedule for this spring includes the annual meet with the High Schools on March 13th, one with the University of Washington on the Easter week-end and the Hill Military Indoor Relay Carnival on March 29th.

There is a fine nucleus of experienced men around which to build this year's squad. Among the letter-men who returned to the campus are Lionel Fournier, the one-man track team, Ted Scott and Wilf Pendray in the half-mile and distance runs, Ward DeBeck, the local mile king and sprinters Tom Williams and Howie McPhee.

Al Hurst, Tom Klinkhamer, Campbell Williams, Keary DeBeck, Doug Wilson, Jim Murray and Doug Alexander, all men who competed last spring with the Universities of Idaho and Washington, have come back to school. With this wealth of experience in the club it seems safe to predict that the team will finish the season with a good record.

The Frosh class included a number of men who were in the limelight at the High School Meet last year. Norm Armstrong, who set a new record in the high jump last spring, lan McDonald in the half-mile and Bill Swinton in the distance runs show definite promise.

However there are about thirty more who have not yet had the opportunity to show their ability in active competition. There may be some among them who will "step along" with the veterans. Again the club is fortunate in having Maury Van Vliet as coach. Edmund Cox is the "go-getting" Senior Manager with Ernie Alexander as Associate Manager and Jack Smith as Trainer.

Standing: C. Hitchins, F. Barlow, S. Mizuhara, S. Wallace, J. Rush, D. McLean, J. Robinson, F. Sasaki, P. Hooper, Dr. Todd. Kneeling: G. North, R. Hamilton, B. Robinson, S. Roach, D. Todd, B. Herd.

For the first time in many years the Senior Soccer Team has not spent the season floundering about at the bottom of the Vancouver and District League standings. In fact, this year they did very well; they tied for third place and at one time were conceded a very good chance of winning the league trophy. Founded on a framework of eight last year's players and bolstered by a few freshman stars, the eleven went through the schedule of sixteen games with only four losses. Pitted against such teams as Kerrisdale and City Police, who boast of some of the leading players of the Province, the team had to be satisfied with their third place, but with most of their men coming back next season, should have no trouble copping the pennant.

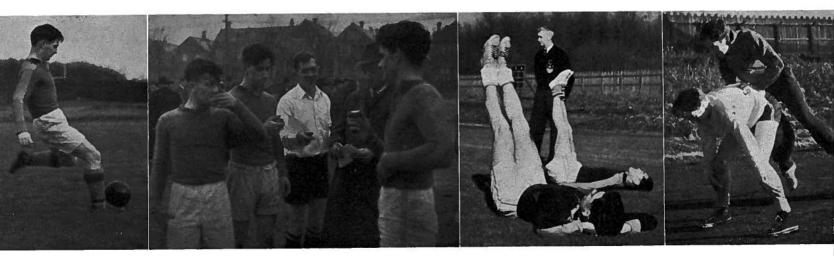

Early in the season a trip was made to Chilliwack, where an ignominious last year's defeat was wiped out by the deadly scoring of the Varsity forwards.

Although handicapped at Christmas by the loss of two excellent freshman players, Phil Temoin and Stu Todd, and their expert Chinese goalie, "Lightning" Denis Leong, the team kept up its high standard of play and gave the Alma Mater one of its best seasons in the history of soccer.

The team was composed of: Captain Jack Rush, Ben Herd, Doug Todd, Fred Sasaki, Spencer Wallace, Shaw Mizuhara and Jim Robinson, all stars and veterans. Newcomers to the squad were Don McLean, Stu Roach and Basil Robinson, league high scorer.

The first steps were taken this year to make the campus soccer-minded. For many years the senior roundballers have been forced to play on downtown fields entirely, where the lack of accommodation for the players of the visiting teams was deplorable in comparison to what the other Varsity teams are accustomed. This season new goal posts were purchased and installed on the upper stadium field for the use of the senior soccerites at all home games. This gives the team a home field for the first time in history, a well-turfed field that would improve the class of football.

Charlie Hitchens was again the coaching genius behind the team, and Dr. O. J. Todd was again Honorary President. Senior Manager was Perry Hooper and his assistant was Fred Barlow.

R O W I N G C L U B

This year there has been a good turnout for rowing and the members have been working hard since before Christmas. Probably the luckiest break the Varsity boat has had in years is the addition of freshman Johnny Slater. Slater has been stroke of the Vancouver Senior Eight for several years and is considered one of the best oars in the city.

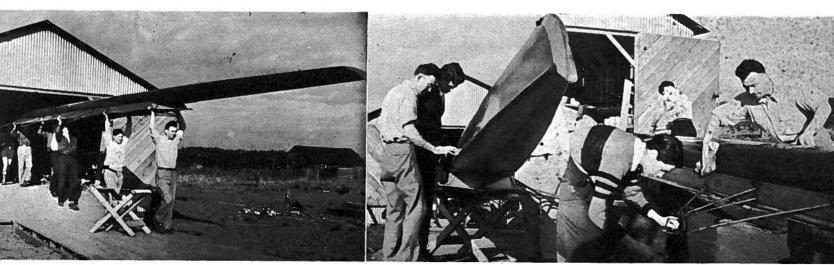

Up to the time of writing the crew has had no meets. Their race with the University of Oregon at Corvalis has been postponed several times because the river down south has been overflowing its banks. While no definite word has been passed along it is possible that they will yet be able to go to Corvalis if the conditions improve. Meets have been lined up with St. George's Prep school on March 16th and with Washington on May 4th.

Under the tutelage of Coach Bruce Baine of the Vancouver Rowing Club, the Senior crew has developed rapidly. The "eight" are as follows: John Slater (stroke), Lloyd Wilson, Pat Leslie, Bob Mc-Intyre, Jack Harrison, Bill Lindsay, Terry Parson, Edgar Vick (bow) and Jack Caldwell (cox).

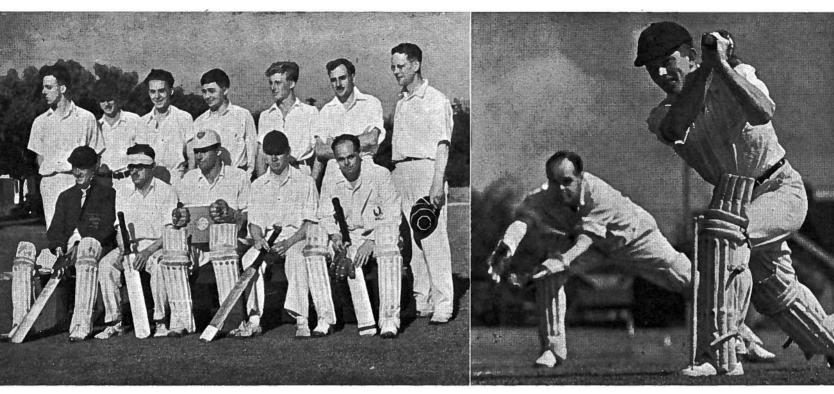

The Junior eight has been keeping step with the heavier crew and will also be ready to send a team on the trip to Washington. Included in the second eight are Doug Patrick, Dick Montgomery, Eric Flesher, Ken Keith, Phil Fitzjames, Barry Sleigh, Marino Faresso, Bill Lynott and Bill Millerd, who is also spare man for the seniors.

The officers of the Club for the year were: Hugh Littleton, President; Lloyd Wilson, Vice-President; Dick Montgomery, Secretary, and Bill Lynott, Treasurer.

the coming summer.

Warren and Robinson exerting

-

on the executive were the efficient John Twaites, Secretary-Treasurer, Bill Hurst, Vice-President, and Basil Robinson, League Delegate and captain. Home-and-home games were played with Nanaimo, while on May 24th the Varsity Cricket Club's Cirls Auviliant, came into existence and provided tea for both teams as the students took on

The second year of existence of the U. B. C. Cricket Club culminated, in September 1939, with a brilliant string of seven successive victories for the popular young Varsity team. This record, achieved after a better-than-average mid-season showing, gave the Blue and Gold team the Fyfe-Smith Shield and established them as dangerous threats for the league championship in

Deprived of the services of their 1938 captain, Rhodes Scholar Dave Carey, the U. B. C. chances did not look too rosy at the start of the season, even with the addition of several promising freshmen. However, after a splendid victory in their opening game, the students went on to further triumphs. President of the club for the season was Bob Morris, and backing him up

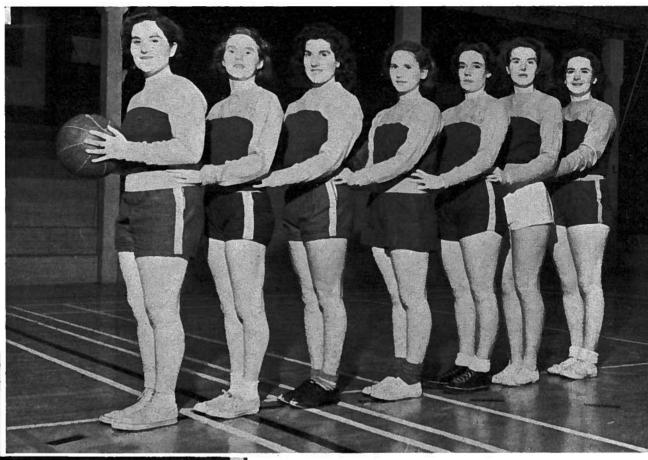

Girls Auxiliary came into existence and provided tea for both teams as the students took on a Vancouver team. All three exhibition games were won by good margins.

Leading scorer for the collegians was Basil Robinson with an average for the season of 59.6 runs per innings, followed by Dr. Harry Warren and Malcolm McGregor. The brunt of the bowling chores fell on the shoulders of Bob Morris, fast right-hand, and Basil Robinson, medium right-hand, who took well over 1000 wickets bettween them throughout the season.

It was in the field, however, that the Blue and Gold really sparkled, as time after time they pulled off phenomenal achievements to lower the colours of the "greats" of the First Division of the Mainland Cricket League. In this department, it would be difficult to name an outstanding player, but such well-known names as Frank Turner, Ernie Teagle, Fred Joplin, Ted Strongitharm, Noel Bracher and Doug Wilson were just a few of those who kept the name of their Alma Mater respected and admired on every cricket ground in Greater Vancouver.

WOMEN'S SENIOR 'A' BASKETBALL

Under the able guidance of Bob Osborne the Senior A girls advanced to the playoffs for the first time in several years. However they lost out against the too-experienced Westerns.

During the season three games were played against the high-flying I.X.L.'s and three against Westerns. Nearly all the games in the first half of the schedule were close, with Varsity running up a sevengame winning streak. Unfortunately, in the second half the team had several bad breaks. The "flu" put Ruth Wilson and Jean Thomson on the sidelines and Betty Bell left for Victoria.

Only two trips were included in the year's activity. The first was to Kamloops, where, after a hard struggle, the team was successful by one point. On their trip to Chilliwack they lost another close one by a one-point margin.

The team had three prolific scorers this year. Betty Bell ended the season in second place in the individual scoring race and Jean Thomson and Ruth Wilson were not far behind. It becomes evident how badly the loss of these players crippled the team after Christmas. However, the whole team deserves a hand for the fight they showed, winning or losing.

The team included: Betty Bell, centre; Ruth Wilson, guard; Jean Thomson, forward; Jean Eckhardt, guard; Adrienne Collins, forward; Lois Harris, forward; Joyce Orchard, guard; Brenda Phillips, forward; Grace Cuthbert, guard; and Helen McWilliams, forward. This year's manager was Joanne Browne.

Standing: E. Muir, H. Matheson, G. Bunnell, H. Warne, E. Norie, E. McInnes, M. George, P. Scott. Sitting: J. Wilson, M. Nevison, G. Armstrong, E. McCormack. Absent: P. Carey.

GRASS HOCKEY

The Women's Grass Hockey Team were the victims of lack of support this year. Last year the Hockey Club entered two teams in the league, but this year they were forced to withdraw their second entry, thus losing any chance to give spare players an opportunity to keep in "trim."

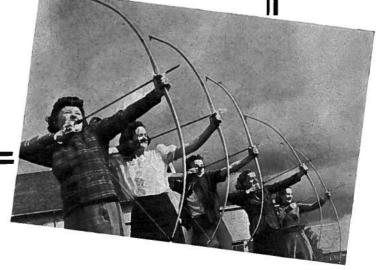

However, the girls kept up their usual high standard throughout competition and lost only two games; they won five and tied one. U.B.C. were in the semi-finals of the play-off, but were knocked out in the first round.

In tryouts for all-star and Vancouver "Rep" teams the individual players did very well. Two players, Gerry Armstrong and Helen Matheson, made the all-stars and two players qualified for each of the two "rep" teams. Hortense Warne and Myrne Nevison were chosen for the "A-reps," and Elizabeth Norie and Pauline Scott were picked for the "B-reps."

Coaching the team for the second time was Mr. C. White who turned out faithfully and did a very fine job of training the newer players. Myrne Nevison was team captain and Pauline Scott was the club President.

FROSH RUGBY

The "Frosh" English Rugby team was entered in the Second Division when it was reformed this Spring, but their record was far inferior to last year's when they won all trophies in their division and "walked off" with the Provincial Championship. Composed mostly of Freshmen who weren't experienced enough for the Senior fifteens, the team personel sustained many shake-ups and never had the same line-up two weeks in succession. Some Saturdays they couldn't even field a full team. They carried on for the whole season, however, and many of the players gained valuable experience. All in all, the "Frosh" have given way this year to the high-riding Engineers, who are currently leading the Second Division.

ENGINEERS' RUGBY

The Engineers' English Rugby Team is a new Varsity team in the Second Division of the Rugby League. It was organized just before Christmas for the benefit of Sciencemen who had hitherto had no opportunity to play for University teams. Through the fine spirit and enthusiasm of the players and the untiring work of Coach Roy McConnachie, not to speak of the ability of some of the more experienced men, they are now leading the league and, if the scores of their games are any criterion, there is very little chance of their being ousted from the top of the heap. To date the team has been unscored upon in league play, has beaten Marpole and tied U.B.C., these latter two teams

being first division outfits.

The Varsity Frosh won the Second Division trophy last year-there is little doubt that it will stay in the University trophy case another year, with the Engineers' name engraved upon it.

SENIOR "B" BASKETBALL

The Senior "B" basketballers are riding on the wave of the best record that a Varsity team has ever made in the Senior "B" Inter-City League. Second in the league at the end of the regular schedule, these ever-improving fellows have steadily fought their way towards the B.C. championship. They defeated all comers in the city championships, then trampled Britannia, Chilliwack and Powell River to win the Lower Mainland Trophy. In the two-out-of-three series with the Chilliwack "Valleys," last year's champions, they dropped the first game and were forced to take the next two games in succession which they managed to do quite handily. At present the "Bees" are waiting to meet the Vancouver Island champions for the Provincial Coast Championship.

Stars on the team are Jack Wyard, Art Barton, Harvey Rees and Demitri Elefthery. The team was coached by Art Wil-loughby, basketball genius of the Senior "A" Maple Leafs; manager for the quintet was Stewart McMorran.

"FROSH" BASKETBALL

Versity "Frosh" basketballers were entered in the Intermediate "A" Community league again this year, and ended up fourth in the final standings, having won eight games and lost five. The team was the victim of circumstances and maintain they would have won their league if they hadn't lost two star players through injury. Bob Davie and Chuck Claridge were hurt when the Intermediates were second in the league. The drop to fourth place eliminated them from the play-offs. The team was coached by "By" Straight, member of the Varsity Senior "A's." The team was also unfortunate this year in being without a manager.

INTERMEDIATE SOCCER

This year the second soccer team decided to search for better competition than they had had in the past during participation in the Junior League. They found their answer in the Vancouver and District Intermediate League, a league that comprises some of the best minor league teams in the Province.

Although the University team's wins and draws could be counted on the fingers of one hand, the men felt that they had gained considerable soccer knowledge and had gone further towards winning a place on the Senior Squad.

The Intermediates were hard hit at Xmas on losing three players, but they received two seniors in return, two men who had been pushed off the first team by ineligibility.

The team was managed by Ken Eldridge who even set an example for the senior manager, and the coaching was handled by Charles Hitchins, who instructed both of the soccer teams.

GRASS HOCKEY

The Men's Grass Hockey Club experienced one of their poorer seasons this year, when they lost so many of their stars last fall, among them Gavin Mouat and the Crickmay brothers. The team was again coached by Dr. Black, and was cap-tained by Alfred Parker. They were entered in the Lower Mainland Grass Hockey League, which is composed of four teams. Varsity ended last in the standings with one tie and no wins, a poor record considering the fact that they were well up in the league last year and won the Allen Cup in post-season play.

BADMINTON CLUB

The year 1939-'40 marks the most successful year that the University Badminton Club has had since its inauguration. At the time of writing they hold the top spot in the "B" league of the Vancouver and District Badminton Association and are well up at the top in the "C" league. Last fall the ranks of the club were augmented by outstanding players from the Interior; namely Ken McBride and Stuart Buriss and Dave Waddell from Victoria. The first team was made up of Joan Davis, Jean Eckhardt, Jackie McLeod, Janet Fleck, Dave Waddell, Ken McBride, Stuart Buriss and Mike McGuire Ann Clemens Many Farroll Managerst Ball. 5. Parkingen, Ken McBride, Hugh, U.U.

Buriss and Mike McGuire. Ann Clemens, Mary Farrell, Margaret Ball, E. Parkinson, Ken McDonald, Hugh Hall, Denny Thompson and Pat Leslie comprised the second team.

Varsity was well represented in the City Championships by Joan Davis, Betty and Janet Fleck, Ruth Seldon, Hugh Hall, Ken McBride, Dave Waddell and Jean Eckhardt, the last whom reached the finals in the Ladies Singles. This year's executive was composed of Janet Fleck, President; Jackie McLeod, Secretary; "Bev." Matthews, Treasurer; John Runkle, "Jo" Pearce, Dave Waddell, Tom Collins, and Al Clemens, Tournament Committee. Honorary President was Dr. Joyce Hallamore.

TRAINING CLUB

The Training Club is the youngest club on the Campus. Last Spring Maury Van Vliet, Rann Matthison and Bill Braidwood drew up a constitution and presented it to the Students' Council. The Council decided that such a club would be a great help to the players and coaches of sports on the campus and as a result the Training Club was granted a charter and became the first club of its kind at Varsity. It is classed as a Major Club, the Head Trainer being given a Big Block each year. The purpose of the club is to care for players at games and at practices by giving first-aid and "rub-downs" when necessary. Help is given coaches whenever possible.

There is an active membership of ten men in the organization, Bill Braidwood is the Head Trainer and Dave Ritchie the Associate Trainer.

WOMEN'S SENIOR "B" BASKETBALL

The Senior "Bees" had their usual mediocre season this year, winning only four games in their regular league schedule. Aside from league play the team made four trips, successful ones to Port Moody and Mission and Iosing ones to Abbotsford and Port Haney.

Three girls who rate honourable mention are Helen Brandt, Enid McMurtrie and Jean Oliver. The team was very ably coached by ex-Varsity Senior "A" Virginia Poole. Helen Brandt acted as manager.

ARCHERY

Superlativley coached by Miss Moore, the Archery team has gone even further towards winning laurels for U.B.C. this year. The eight sharpshooters came second in the national championships for the second year in succession, but their score this year was higher than that of last year's winners.

Varsity scored 1732 points against 1907 for Margaret Eaton School, perennial winners. Other schools in the competition in order of placement in the meet were: Queens, Western Ontario, Ontario Ladies College, Alma Ladies College, McDonald College (McGill) and McGill. U.B.C.'s Emily Fraser came third among all the competitors of the meet.

TUMBLING

The tumbling class is made up of any men who desire to learn acrobatic tumbling or who merely want the exercise. It is open to all male students, and is one of the regular classes offered under the tutelage of Mr. Van Vliet, in the gymnasium.

This year the tumblers put on an excellent display during "Open House" and received the plaudits of all who saw the

culmination of their year's training. Especially deserving of mention were Mickey Burroughs, Wilf. Grimble and Al Mosher, not to mention the expert and rapid instruction of Maurice Van Vliet himself.

GOLF

Golfers seem to be attracted to U.B.C. in both qualitative and quantitative numbers this fall and consequently the Varsity is being represented in inter-city club matches this spring by the best team ever to come out of the school. Eight low-handicappers comprise the U.B.C. team and in inter-club matches they've given the best teams in the city a tough

battle. So far the divoters have split even with a victory over Uniersity Golf Course Team, a draw with Glenoaks and a loss to Marine Drive.

Inspiration for the team's fine display to date is probably the vision of a spring trip to California. The golfers plan on sending a six-man team as far south as Los Angeles, playing Washington and Oregon College teams on the way down. Line-up for the U.B.C. team in their matches has seen Gordie Livingston, Billy Charlton, Ken McBride, Hans Swinton,

Ormy Hall, Mansfield Beach, Bob Plommer, Hugh Hall and Bill Gilmour swinging for the blue and gold.

A match play tournament for the U.B.C. championship in the fall was won by Kenny McBride who defeated Hans Swinton of Austria, 3 and 2, over 36 holes of play at University Golf course in the final.

ICE HOCKEY

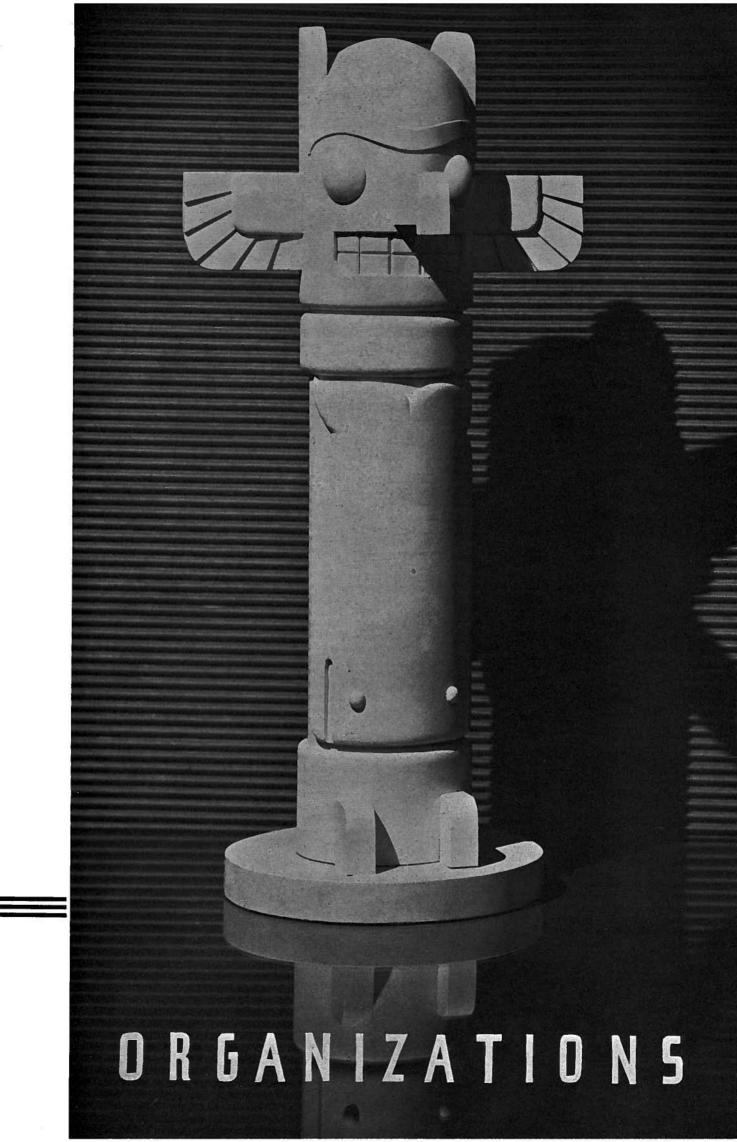

Usually a major sport on the campus, the Ice Hockey team experienced a severe set-back last fall in having their franchise refused for admittance to the local senior league. Boasting the best group of players that a University hockey team has ever

had, the pucksters were all set to make a killing when they were excluded from the league by "politics." One game only was played this year, against the Air Force squad during a gigantic benefit carnival. The two teams played to a 3-all tie, this after Varsity had had no competition all year. The Airmen were one of the teams in the league from which Varsity was excluded.

BOXING

This year marks the first year in which the University has entered pugilistic competition. Coached by Mr. Van Vliet, three men were entered in the Vancouver City Championships and performed amazingly well, considering the fact that they were all newcomers to the game. The purpose of entering them in such a meet was to season them for future intercollegiate com-petition with the Prairie Universities, the latter whom are already operating meets, and have been for years. The three boxers entered in the City contests were: Owen Pickell, who won the City Middleweight Championship; Alan Gard-

ner, finalist in the light-heavyweight class; and Austin Frith, finalist in the welterweights.

The purpose of Phrateres is to promote friendship among all university women, both sorority and non-sorority students. Theta chapter at U.B.C. is divided into six subchapters, with a total membership of two hundred and fifty.

The club's work is both social and intellectual. The All Phrateres Formal, the main social event, was held at the Palomar in the form of a Co-ed dance. Throughout the year the subchapters have sponsored many novelty parties, such as roller skating, breakfasts, luncheons and barn dances.

Noon hour lectures were given on cultural topics and social problems. Three delegates from U.B.C. branch of Phrateres went down to the initiation ceremonies of Beta chapter at the University of Washington. In the early summer a week's camp will be held for all members at Camp Fircomb on Gambier Island.

Six families were taken care of at Christmas. They were provided with clothes, hampers and, when necessary, coal. It is interesting to note that Clare Brown, the founder of Phrateres at U.B.C., was married this year, and is now living in New York. The cup she donated to the sub-chapter with the best all round standing was won by Gamma chapter last year.

Phrateres has also an athletic program consisting of inter-chapter volley ball, ping pong, and badminton. Much effort was expended to furnish the Phrateres' room in the Brock building. Studio lounges, drapes, and cabinets were bought and currently popular women's magazines were ordered.

This year's executive was Dean Mary L. Bollert, Honorary President; Betty Thomas, President; Valerie Gardiner, Vice-President; Nancy Carr, Treasurer; Janet Walker, Publicity and Historian; Phyllis Bartlett, Constance Fairleigh, Margaret Weldon, Patricia McMahon, Mae Munro, and Dorothy Ellis, Sub-chapter Presidents.

The highest award attainable to those active in the clubwork on the campus consists of election to the Honorary Literary and Scientific Executive. In over forty clubs and societies, students make their contribution to University life through organizations connected with music, public speaking, acting, religion, philosophy, science, languages, and the like.

In the Fall of 1938, a group of interested students felt that some reward should be given to outstanding individuals in clubwork on the campus. Accordingly, under the guidance of Struan Robertson, then president of the Literary and Scientific Executive, a new society was set up under the name of the Honorary Literary and Scientific Executive.

Twelve student members and two faculty members could be elected each year. Basis of

selection was to be on meritorious service to the L. S. E. and to the Alma Mater Society in general. The Election Committee was composed of faculty members, the president and the secretary of L. S. E., and the president of the Alma Mater Society.

Each member received a parchment certificate of membership and a gold watch fob or pin in the official style of the Honorary organization.

This is the second year of the new society, and under the leadership of Darrell Braidwood, the president of the L. S. E., various minor improvements have been accomplished, among them being a change in the type of award.

Much credit should be given to these first honorary members for they have laid the foundations for a permanent organization designed to pay tribute to those who give generously of their time and talents to further the interests of clubwork at the University.

Varsity Orchestra

GIL CLARK AND HIS ORCHESTRA

When Gil Clark came to U.B.C. last autumn, a friend warned him not to start an orchestra. Gil promised faithfully that he wouldn't. Some two months later, the Varsity dance orchestra made its first appearance on the Auditorium stage amid cheers from the assembled multitude. Naturally enough, its leader was Gil Clark—he just could not stay away from the orchestra business.

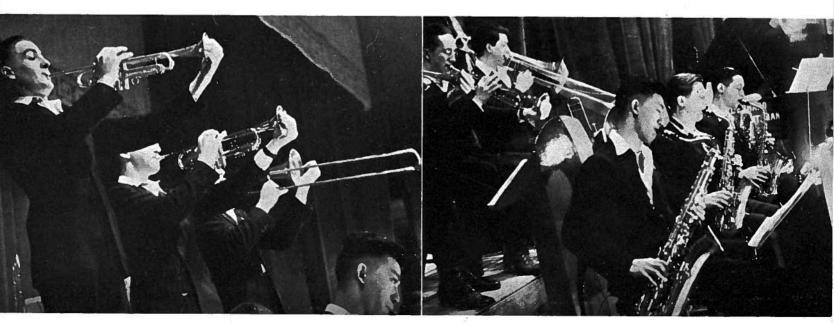

In the short time at their disposal, Gil and his eleven student musicians developed an organization which has become a permanent and necessary campus fixture. His success at pep meetings, his entertainment at Open House, and his music at club functions, have demonstrated the popularity that the Varsity dance orchestra has gained in the first year of its existence.

Gil himself plays a saxophone and clarinet, as do Dennis Leong, Sidney Poulton and Leonard Korsch.

Wallace Clark's and Bob Murray's silver trumpets have blended with the smooth tones of Jim McCulloch's trombone to make up the orchestra's brass section. The nimble fingers of Johnnny Fletcher at the piano, together with the savage beat of By Straight's drums and the methodical strum of Leo Føster's bass viol kept up the rhythm of the band.

The organization owes a great deal of its popularity to the novel arrangements of pianist Johnny Fletcher. Necessary vocal selections have been provided by the masculine voices of Sidney Poulton and Jim Collyer and the soprano of Rosemary Collins.

These make up the Varsity dance orchestra—U.B.C.'s newest L.S.E. club. Its success this year has insured it a permanent place in campus activities.

TRIO

ENSEMBLE

La Canadienne

"La Canadienne" is organized to promote a better knowledge of French language and culture. Meetings are informal—conversation, games and songs. During the past year the club had as guest speakers Mlle. de Courville, on "La Fontaine's Fables"; Miss Black on "Education in France"; Dr. Dallas on "Contemporary France"; Mr. A. S. Grigsby on "Modern French Art"; Dr. D. O. Evans on "French Poetry"; Dr. A. F. B. Clark on "French Music," and Prof. Hilton on "Travels in Europe."

In conjunction with "Le Cercle Francais" the club presented a one-act play, "Topaze" at the closing banquet. "La Canadienne" greatly appreciates the friendly guidance extended to it by the Honorary President, Dr. Dangelzer.

This year's executive was: Elizabeth Birnie, President; Theodora Combolos, Vice-President; Lester Pronger, Treasurer; Jean Johnston, Secretary.

Le Cercle Francais

Le Cercle Francais affords students an opportunity to speak French and learn French culture. Membership is open to all 3rd and 4th year French Students. This year first class students in first and second year were admitted, increasing the membership to over fifty. Highlights of the season were the speakers, Professor Hilton, Dr. D. O. Evans and Dr. Clarke. Also notable was the play and banquet held jointly with "La Canadienne."

This year's executive were: Professor Hilton, Faculty sponsor; Allisen McCallem, President; Jack Rush, Vice-President; Joyce Harvey, Secretary, and Adrienne Collins, Treasurer.

Chemistry Society

The aims of the Chemistry Society are to encourage interest and to promote discussion in subjects of a scientific nature among the students.

One of the oldest of campus organizations, its minute book dates back to 1915. Because of the club's rapid growth it was found necessary to restrict membership to students taking third or higher years of chemistry.

Topics of speakers of the open meeting have included "The Chemistry of Milk" by Dr. M. J. Marshall; "Recent Advances in the Oil Industry" by Mr. A. F. Rees, and "Explosives" by Mr. Andrews.

Well attended closed meetings were addressed by Dr. J. Allen Harris, Marvin Darrach, Ken Booth, Walter Asphard, Elof Rosenberg, Alex McCarter and Howard Hemper.

A very successful year was concluded with an informal banquet and a social evening. This year's executive were: Dr. E. H. Archibald, Honorary President; Kenneth Shaw, President; Ted Margetts, Vice-President; Florence Jamieson, Secretary.

Chinese Students Club

The aims of the club are to promote friendly relations among the Chinese students and to stimulate international goodwill among the other campus organizations.

Membership of the club consists of all Chinese students who, upon entering the University, automatically become members.

During the year the club has held many socials. The first was in the form of a Frosh Reception with the purpose of introducing the new and the old members. At the Annual Reunion Banquet, Mr. Lee Kepment spoke on his very recent experiences in Chunking. A graduation banquet and club picnic concluded the term's programme.

This year's executive were: Frank Chinu, President; Geraldine Seto, Vice-President; Ruth Lee, Secretary; Lemuel Pan, Treasurer; Anne Woo and Chak Lui, Social Convenors.

Cosmopolitan Club

The purpose of the Cosmopolitan club is to foster friendship and understanding. This applies especially in regard to Canada's mixed population problem.

Membership is open to anyone interested. At present the Club has members of fifteen nationalities.

Firesides with speakers, music and refreshments, take the form of meetings. Among the speakers this year were Professor Irving on "Culture and Personality"; Dr. Hugo Frank on "Germany Today," and Mr. Patterson who spoke on his work as principal of Central Public School, where there are children of thirty nationalities.

A costume tea held at "Open House" provided much interest. Another social event of enjoyment was the "International Party" held in early spring.

This year's executive were: Dr. Topping, Honorary President; Norma Dobson, President; Wah Leung, Vice-President; Gunhild Dellert, Secretary; and Ken Ewing, Treasurer.

G. M. Dawson Club

The G. M. Dawson Club is a geological society. Membership is open to students in the fourth and fifth years of Geology, Mining and Metallurgy in the Faculty of Applied Science, and to the students taking at least four courses in Geology in the Faculty of Arts. The club activities include monthly evening meetings at which the guest speakers are experienced technical men, as well as weekly noon-hour meetings devoted to the presentation of papers by the student members.

This year's executive were: Dr. C. O. Swanson, Honorary President; M. S. Lougheed, President; J. S. McIntosh, Vice-President; J. D. Runkle, Secretary-Treasurer.

Student Christian Movement

The S. C. M. on the campus is a unit of the World Student Christian Federation, comprising a membership of 300,000 students in every country except Germany and Russia. The link that binds these students together is an attempt to interpret and live in the spirit of Jesus. The S. C. M. creates no racial, national, political, denominational, or doctrinal barriers, embracing in its fellowship all who seek solutions to the perplexing social and personal problems of life upon as high an intellectual basis as can be attained in the light of emerging knowledge.

An Advisory Board of thirty members includes nine members of the faculty, besides the Honorary President, Dr. L. S. Klinck, and the Honorary Vice-President, Dean M. L. Bollert, representatives from the theological colleges, ministers of various denominations, representatives of the Y.M.C.A. and the Y.W.C.A., graduates, and outstanding business men. Over 175 students are attached to the movement through participation in study groups and attendance at other functions sponsored by the S. C. M.

Worship services are conducted each morning at 8:15 a.m., each Tuesday at 1 p.m., and every other week at 4:00 o'clock at one of the theological colleges. Beside the monthly S. C. M. firesides, which are attended by large numbers, the Living Creed fireside is held once a month and brings together the Newman Club and the S. C. M.

At the beginning of the university term an informal reception at Christ Church Cathedral attracted one hundred students and friends. Since then a Fall Camp and a Week-end Retreat have been held. The Frosh Party and the Christmas Party were the two main social functions in the first term. Two successful Faculty-student suppers were arranged before Christmas when the group met to discuss vital issues pertaining to present-day religious trends, in relationship to the practical problems of the world.

This year's executive were: Ted Scott, President; Shelia Hutchinson, Vice-President; Dorothy McCammon, Secretary; Pat Cumming, Treasurer; Ernest Bishop, Worship; Alf Carlsen, Finance; Reg Wilson, Camps; Wally Gillespie, Publicity.

Varsity Christian Union

The aims of the V. C. U. are to introduce students to Christ and to provide Christian fellowship.

Meetings are held every week. The first is a prayer meeting and the second is for the discussion of student problems. Bible study occupies the third and fourth hours, and a speaker the last. Among the speakers were Rev. and Mrs. Hancock, missionaries from China, Rev. W. Ellis, Rev. C. O. Bowen and Rev. T. J. Hind.

Social activities included Sunday afternoon firesides, church services, term parties and the annual Chinese supper. The most outstanding events were the Fall and Spring Conferences at Bellingham where groups met from U. B.C., University of Washington and other Universities.

This year's executive were: Ian C. Hind, President; Kay Matheson, Vice-President; Jean Prowse, Secretary, and David Ellis, Treasurer.

American Society of Mechanical Engineers

The student branch was organized in 1938 to replace the Mechanical Club, to acquaint the members with public speaking and to conduct a programme of educational films for engineers.

Student speakers have presented papers on Photo - Elasticity, Air Conditioning, Asphalt, Plant Machinery, and various mechanical topics. In addition a very interesting trip was

conducted to the Standard Oil Company Refinery.

Throughout the year a campaign was conducted to improve the Mechanical Engineers' Reading Room library. This is to make available reference books for students, both in the club and in senior years.

This year's executive were: Professor, F. W. Vernon, Honorary Chairman; Roy T. Bogle, Chairman; Keith Eadie, Vice-Chairman; and Harold J. Morris, Secretary-Treasurer.

American Institute of Electrical Engineers

The aim of the club is to enable students to gain experience in the presentation and discussion of technical papers.

Membership is limited to students in fourth and fifth years of Electrical Engineering. Student members of the Institute may attend the monthly meeting of the Vancouver Section and once a year the Student Branch holds a joint meeting with them. At this meeting all papers are presented by students.

Last summer M. Fraresso, chairman, and Mr. W. B. Coulthard, councillor, attended the Pacific Coast Convention held in San Francisco.

During the year speakers from electrical firms in the city addressed the members on some technical or industrial aspect of Electrical Engineering. Members also had the opportunity to visit downtown plants. The CBR Transmittor on Lulu Island, the power plant of the New Vancouver Hotel, British Wire Ropes, Cemco Manufactures and Neon Signs have been included in these visits.

This year's executive were: M. Fraresso, Chairman; J. Gregory, Vice-Chairman; J. R. Pogson, Secretary-Treasurer; and C. V. Ryder, Junior Member.

Biological Discussions Club

The Biological Discussions Club provides an opportunity to hear interesting and informative papers and to meet graduates and professors in an informal way. Membership is open to all students who have taken Biology 1 and intend to take some senior courses in this field.

This year's activities commenced with a social evening spent at the home of Dr. and Mrs. MacLean Fraser. An observation night was held. Each member gave a brief description of some biological observation they had made during the summer. Last event of the season was the annual picnic.

This year's executive were: Honorary President, Dr. MacLean Fraser; President, Don Buckland; Vice-President, Irene Bush; Secretary-Treasurer, Winnifred McBride; Curator, Jack Rattenbury.

Forestry Club

The aim of the Forestry Club is to promote interest in Forestry and to establish closer contact with outside interest in Forestry and the lumber industry.

Membership is of two types. All students who show a substantial interest in any phase of Forestry may become associate members. Active membership, however, is open only to those students in 2nd or higher years of Arts or Applied Science who are proceeding to a Forestry degree.

Among the speakers at the meetings were R. W. Brown, G. W. Mimms, T. G. Wright, and W. B. Dixon.

An annual banquet was the main social function.

This year's executive were: R. M. Brown, Honorary President; Professor F. M. Knapp, Dr. B. G. Griffith, Mr. T. G. Wright, Honorary Members; Ian M. Smellie, President; Ian Mahood, Vice-President; A. H. Dixon, Secretary; J. R. Johnston, Treasurer.

Historical Society

The Historical Society is one of the most active senior organizations on the campus. Membership is restricted to twenty undergraduates in third and fourth years who are interested in history and historic problems of the present day.

Individual papers and panel discussions were given this year by faculty and student members on such subjects as "What Are We Fighting For?"; "Problems on Canadian Unity"; "American Foreign Policy," and "The A.B.C. Countries." After a main presentation, these topics were informally discussed by club members.

The club's year ended in a joint banquet with the U.B.C. Graduate Historical Society. Included in the executive were: Honorary President, Mr. F. J. Soward; President, Don Pyle; Vice-President, Pat Bibbs; Secretary-Treasurer, Don Sage.

German Club

The aims of the German Club are to interest students of German in the life and culture of Germany as well as to give them practice in speaking the language.

Membership is open to students who have completed German 1. This year the club has from twenty to thirty-five members.

Bi-monthly meetings are held at 'the homes of faculty or members. The programme consists of games, "lieder," discussions and lectures. During this year Dr. C. Borden, Mrs. Alice Roys, Dr. A. F. B. Clark, Miss Letty Hays and Mr. Beattie MacLean have been among the speakers.

This year's executive were: Dr. MacInnes, Honorary President; Dr. Hallamore, Honorary Vice-President; Jack Rush, President; Donald Baker, Vice-President; Edithe Brown, Secretary-Treasurer.

Mathematics Club

The purpose of the Mathematics Club is to stimulate the interest of students in the various fields of Mathematics. The membership is limited to twenty-five undergraduates who are taking at least one honors course in Mathematics.

At the meetings, held every second Friday, some of the members gave talks on those phases of Mathematics which particularly interested them. In the first term these talks were given by members of the Faculty and graduates, while after Christmas undergraduates competed for prizes offered for the best papers presented. This year Dr. Hull, Mr. Brand, Dr. Nowlan, and Dr. Kingston addressed the club.

Psychology Club

The purpose of the Psychology Club is to arange lectures and discussions of topics of psychological interest which are not dealt with in class.

Membership is limited to 30 undergraduate students taking psychology. Topics for the 1939-40 session included the use of psychology in drama, penal institutions, religion, and in teaching defective children. Field trips and a party were also included in the club's activities. A presentation was made to Dr. Coleman, who has for many years been hon-orary president in recognition of his retirement.

This year's executive were: President, Emily Fraser; Vice-President, Evelyn Sadler; Secretary-Treasurer, Ann Jeremy; Corresponding Secretary, Doug Worth; Publicity Manager, Ken Ewing.

Monro Pre-Medical Society

The Monro Pre-Medical Society was founded in honor of Dr. Alexander Stewart Monro, by whose will the University of British Columbia is to receive \$80,000.00 for future medical research after the installation of a Medical Faculty on the University Campus.

The Society is now in its seventh year of active work on the campus.

During this current term the organization was elected to the Major Literary and Scientific Executive, the President attending the L.S.E. Executive meetings.

The Society has been recognized by the Faculty as a potent factor in aiding Pre-Med students, to such an extent that they have assigned a special section in the University Calendar for Pre-Medical students.

During the fall and spring terms various medical practitioners addressed the Society on varied medical subjects. The meetings were generally supper meetings in the Cafeteria. During "Open House" of the spring term, the Society assisted other departments, chiefly those of Zoology and Bacteriology.

A large number of the members took part in a detailed survey of the Essondale Asylum during the spring term.

A committee of three has been formed to help the First Year students select courses most advantageous to them for their Pre-Medical years.

The officers for the year 1939-1940 were: President, Russell Palmer; Vice-President, William Knox; Secretary, William Barclay; Treasurer, Frederick Brason.

Newman Club

The aim of the Newman Club is the association of all Catholic students on a religious, intellectual and social basis.

This year the club continued active affiliation with the Newman Federation. Delegates attended the annual convention of the North-West Province held in Seattle at which A. J. Nash was elected 1st Vice-Chairman.

Meetings were held every two weeks in homes of the members, at which outside speakers addressed the club. Also the discussion group 'Living Creeds'' was held with the S.C.M.

A dance, the first to be sponsored by a university club, was held in the new Union Building. This year's executive were: Mr. J. M. Coady; Honorary President; Rev. F. Hill, Chaplain; A. J. Nash, President; Nancy Carr, Vice-President; Marion Murphy, Recording Secretary; Molly Glen, Corresponding Secretary; and Des Marin, Treasurer.

Letters Club

This was the twentieth year of active cultural work of the Letters Club on the campus. The club held its first meeting in January, 1920, and continued to be a mecca for students with the aim to study literature as a joy.

The membership consisted of ten men and ten women of third and fourth years, and included honorary and associate members.

At the meetings, which were held every two weeks, the members gave papers on various topics. To the author of the best essay of the year Mr. Larsen presented a book prize.

Especially interesting in this year's programme was the Original Contributions Evening, when Mrs. Angus' ghost short story and Pat Keatley's one-act play were received with great applause.

The executive of the past year: President, Edgar Barton; Secretary-Treasurer, Allisen Mc-Callem, and Archivist John Zeroff — wish to tender Honorary President Professor Larsen the most sincere thanks for his assistance during the past year.

Physical Society

The Physical Society meets bi-monthly to hear and discuss papers on Physics given by its members and by visiting Physicists. Membership is automatic for Honor Students in Physics, and is open to students in Physics and related fields.

Among the year's speakers were Dr. H. V. Neher and Dr. W. H. Pickering, here on a worldwide cosmic ray survey; Dr. Beals, of the Astrophysical Observatory in Victoria; Dr. K. C. Mann, Dr. C. R. Jeppesen, A. Covington, and T. D. Newton.

An innovation this term was a contest for the best paper submitted by an under-graduate member, the prize to be awarded at the annual meeting in March.

The Executive consisted of: Honorary President, Dr. G. M. Shrum; Honorary Vice-President, Dr. A. M. Crooker; President, R. E. Bell; Vice-President, T. D. Newton; Secretary-Treasurer, J. B. Brown.

U. B. C. Branch of the B. C. T. F.

The Club's first aim is to keep in close touch with the British Columbia Teachers' Federation and those students in the Education Class who have been teaching for the past few years.

Several interesting speakers have been heard at noon-hour meetings. Mr. T. R. Hall spoke on "Modern Discipline in the School"; Mr. H. Charlesworth and Mr. A. T. Alsbury on the B.C.T.F., and Mr. T. R. Pollock on recent progress in Visual Education.

A dance was sponsored by the club in the Brock Memorial Building, and to mark the end of activities a banquet was held in the cafeteria.

This year's executive were: Murray Sanford, President; Robert Boroughs, Vice - President; William Allan, Miss C. Eek and Miss K. Carr, Committee.

Japanese Students Club

Founded in 1932 to promote higher learning among its members, and goodwill and better understanding among students of other races, the Japanese Students Club is now in its eighth year of existence.

The '39-40 year of activities began with a reception for the freshmen members, at which Sophomores took charge and put the wondering Frosh properly in their places.

During the year, the club's many activities included the annual debate with the Washington Japanese Students Club; the editing and publication of one issue of the New Canadian, a second generation Japanese weekly newspaper printed in English; sponsorship of an annual oratorical contest held for Japanese high school students; participation in the annual Pacific Northwest Students Advance held at Washington University; a parents-students informal meeting; and various other social-education meetings.

This year, in conjunction with Open House, the girls of the club sponsored the Japanese Dolls' Festival, held in the Women's Common Room.

Dance parties were occasionally held to raise funds for the various activities.

Presiding over the activities of its fifty-odd members was the executive consisting of M. Wesley Fujiwara, president; Fred Y. Sasaki, vice-president; Tetsuo Aoki, treasurer; Hiroshi Kawaguchi and George Yamashita, correspondence secretaries; Yoshiko V. Momose, recording secretary; George and Katherine S. Shimo-Takahara, social conveners; Nana Yamamoto, Freshman member.

Women's Public Speaking Club

The Women's Public Speaking Club is organized to give experience in public speaking to women on the campus.

Meetings are held every two weeks during the noon hour. During 1939-40 public debates were arranged with the Parliamentary Forum and University of Washington. In cooperation with the Forum, speaking classes were held weekly to give practical experience to members.

This year's executive were: President, Emily Fraser; Vice-President, Joan McArthur; Secretary-Treasurer, Elspeth Munro; Debate Manager, Barbara White.

"EFFICIENT BUSINESS TRAINING PAYS DIVIDENDS ALL THROUGH LIFE"

The New Type, High Standard College for those who appreciate superior efficiency and modern methods

Students of this progressive College find that they master the courses more thoroughly and in much less time because we have

-The Latest Methods

-The Latest Office Machines

-And More Teachers in proportion to Students than is customary.

\star

SHORTHAND SIMPLIFIED

The New Willis System of Shorthand is so much simpler and speedier than the old systems that students save both time and expense, and have a much more satisfactory system for practical use because they can read their notes with greater ease and accuracy.

(We still teach Pitman to those who desire it, or who began it elsewhere and wish to profit by our advanced methods and modern facilities).

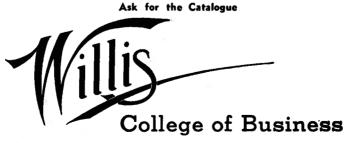

We teach Bookkeeping as actually practiced in business—the practical way. No time is wasted.

We give the Complete Dictaphone Course as prepared by the Dictaphone Company. Special Comptometer Course as arranged by the Comptometer Company.

 \star

University graduates and students are specially invited to visit this High Grade College to inspect our Up-to-the-minute Facilities for Successful Business Training.

"It is better to have attended Willis College than to wish you had."

Once again we are proud to have participated in the production of the TOTEM. The 1940 planning, art, engravings and layouts were prepared by this firm and we present them as exemplifying the craftsmanship that prevails at THE CLELAND-KENT ENGRAVING CO. LTD.

534 Cambie Street, Vancouver

YESTERDAY and **TOMORROW**

ODAY is the fruit of yesterday and the seed of tomorrow. The resolute men and women who began to build when Vancouver was a sea of ashes, a destroyed hamlet with its City Hall a tent amid blackened stumps, created a city. Their grandchildren today go forth to mould this city of their forefathers into one that will be a light and ornament in the happier time of tomorrow.

> To the young citizens of Vancouver schools the Vancouver Sun wishes goodspeed on the task they are soon to undertake . . . the creation of a fruitful and just commonwealth in which the sanctity of the individual and the welfare of the community will be complementary.

The Campus outfit that Bert Horwood wears so well here is casual, comfortable and correct with well dressed University Men.

Betty Quick wears the imported Shetland Sweaters that are now so popular on leading Campusses. She also wears them smartly with sleeves pushed up above the elbows.

We take pride and pleasure in again presenting the printing and binding of the 1940 "Totem" as exemplifying the quality and craftsmanship that are standard at the Ward-Phillips' plant.

May we also join in wishing the Class of '40 success in their new career.

WARD & PHILLIPS

Dear Michael:

Well brother, it doesn't seem possible that this is your graduation. Don't forget I too struggled and finally got my B.A. back in '32. Your nephew Michael and I will be watching you graduate to "Tuum est." Ugh! it's too long ago - but I know what you are experiencing-Exams, results, parties and the graduation ball --- it's all very familiar !! Oh to be a co-ed once again.

Good luck to you,

Your sister,

Claudia, B.A.

P.S. My picture in the Totem looks terrible now --- but just you wait, and yours will look as bad in eight years.

The University Book Store

The Book Store, which occupies a room in the Auditorium Building, was established for the convenience of the students, and has effected a considerable saving to the students in time and money. It is prepared to supply all the text books required for the various courses offered in the University, also such articles as note books, loose-leaf sheets, fountain pens, drawing paper and instruments.

IF YOU WISH TO SUPPLEMENT

Your University Education

у

A COURSE OF PRACTICAL TRAINING

which will assist you in making the most of your Academic Preparation

THE

SPROTT-SHAW SCHOOLS

Are at Your Service — Five of Them

They have been successfully serving your predecessors for well nigh 40 years.

You need not worry about your location. They have brought their services almost to your door.

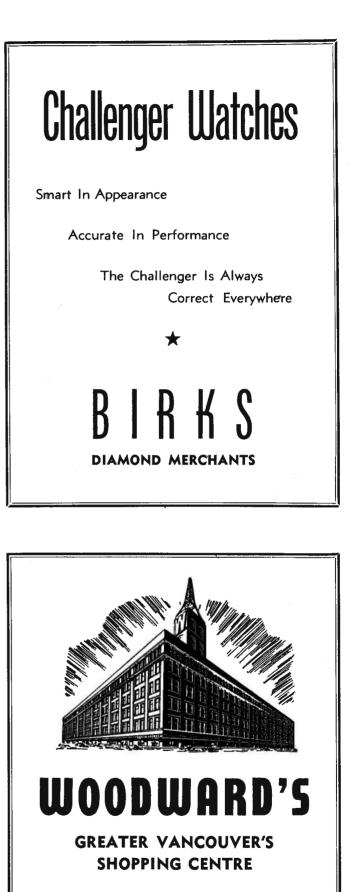

HEAD OFFICE AND MAIN SCHOOL: 812 ROBSON STREET, VANCOUVER, B. C. President, R. J. SPROTT, B.A.

TO REACH YOUR GOAL

Every graduate when he leaves University has an objective he would like to reach. No matter what he decides his life work will be, regular Savings deposits of even small amounts, accumulating at compound interest, lead step by step to security and to the attainment of his goal.

THE

ROYAL BANK OF CANADA

PRINTING

We have served your Alma Mater during your college years.

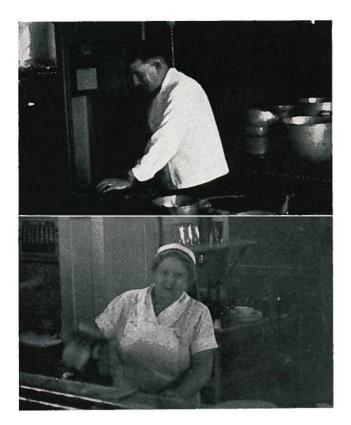

May we take this opportunity to wish you, the graduates of 1940, success in your business and professional careers. May we again serve you.

SE ymour 3400

455 Hamilton St.

Vancouver, B. C.

THE CAF

. . Still boasts the same informality

Although Frank's New Brock Lunch Room is getting some of its business.

Eat at either place, depending on the mood you're in . . . but don't forget to patronize Campus Merchants.

Your Undergrad idiosyncrasies will be understood and overlooked.

*

A P O L O G I A

"To err is human . . . "

—and the critical reader, by the time this page is reached, will likely be entertaining no doubts as to the essential humanity of the editor and his staff.

We do hereby apologize, then, for any mistakes or omissions you may have discovered in this volume of The Totem. Time is an important factor in the compilation of a college annual, and there comes a day when it's just too late to make corrections. So . . .

For pix appearing in this year's Totem, other than those contributed by the Totem staff photographers, I am indebted to the following:

John Aldous Pat Leslie Roy Durkin Bob McCallister Jack Rattenbury Don Sturdy Frank Turley J. E. Underhill Dave Waddell The Vancouver Sun The Vancouver Daily Province
