# Fonds Description

**Alden Barss fonds.** – 1910-1977.

3.87 m of textual records.

255 photographs.

## Biographical Sketch

Alden Forest Barss was born in New York State in 1888, and received a B.A. from the University of Rochester, a B.Sc. in agriculture from Cornell University, a masters degree in horticulture from Oregon State College, and a Ph.D. from the University of Chicago. He joined UBC's Department of Horticulture in 1918, eventually succeeding Agriculture Dean F.M. Clement as Department Head in 1940. He served as head until his retirement in 1953. Barss also served as a member of the UBC Senate from 1924 to 1930, and was involved with the Inter- Fraternity Council. He was a member of many professional and scientific societies, and he gave a number of radio presentations on agricultural issues. Barss was also an active member of St. Helen's Anglican Church in Vancouver, and also served from 1927 to 1971 on the Board of Governors of the Anglican Theological College of B.C. (later part of the Vancouver School of Theology), including twenty-five years as its secretary.

## Scope and Content

The fonds consists of textual records (including correspondence, reports, minutes, and course materials), published materials, and photographs, documenting the life and career of Alden Barss. The records deal with the teaching of horticulture; the development of the Department of Horticulture, the Faculty of Agriculture, and the University; Barss' involvement with the Anglican Theological College and the Anglican Church; his professional career; and his personal life. Some records were apparently collected and arranged by Barss in the course of writing a history of the Department of Horticulture.

## Notes

Researchers are strongly advised to check with the University Archives regarding permission to publish or otherwise use materials from this fonds.

The original series in which the records were arranged have for the most part been maintained. However, some series were consolidated, and some physical re-arrangement was carried out to restore series which had been broken apart in the course of being transferred to the University Archives. In addition, the files in each

series have been placed in alphabetical order. Most newspaper clippings have been removed.

File List available.

One file containing correspondence between Alden Barss and various students, containing recommendations for employment, is restricted.

Records of the Anglican Theological College may also be found in the archives of the Vancouver School of Theology and the Anglican Synod of British Columbia.

Other records relating to the Department of Horticulture can be found in the [Faculty of Agricultural Sciences](#) and the [Division of Plant Science](#) fonds.

All but 30 of the photographs are described and stored separately. The remaining 30 photographs are with the Horticulture - General series.

## Series Descriptions

### **Horticulture - General series.** – 1913-1965.

35 cm of textual records.

30 photographs.

The series consists of correspondence, reports, course materials, published materials (including off-print articles, clippings, and pamphlets), and photographs. The records concern general aspects of horticulture.

The photographs are pasted onto pages, and are part of a report included in the file "Geology Notes". These pages have been placed in separate envelopes, but left in the file folder.

### **Horticulture - Course Materials series.** – 1918-1953.

21 cm of textual records.

The series consists of course outlines and other materials, written lecture notes, and published materials (including off-print articles, clippings, and pamphlets).

### **Horticulture - Systematic Pomology series.** – 1914-1954.

14 cm of textual records.

The series consists of correspondence, course materials including written notes, and published materials (including off-print articles, clippings, and pamphlets). The records concern the growing of apples, pears, and related fruits.

### **Horticulture - Historical series.** – 1918-1969.

34.5 cm of textual records.

10 photographs.

The series consists of correspondence, reports, course materials, published materials (including off-print articles, clippings, and pamphlets), and photographs. Some of the records may have been collected by Alden Barss in the course of writing his history of the Department of Horticulture.

The photographs are described and stored separately.

### **"50 Years Horticulture at UBC, 1917-1967" series.** – 1917-1973.

48 cm of textual records.

ca. 150 photographs.

The series consists of correspondence, reports, course materials, published materials (including off-print articles, clippings, and pamphlets), scripts for radio presentations, and photographs. These records were presumably collected and arranged by Alden Barss in the course of writing his history of the Department of Horticulture, of which a copy is included in this series.

The photographs are described and stored separately.

**Agriculture series.** – 1920-1956.

22.5 cm of textual records.

The series consists of correspondence, reports, course materials, and published materials (including off-print articles, clippings, and pamphlets). The records deal in general with agriculture and the Faculty of Agriculture.

**U.B.C. series.** – 1918-1974.

50 cm of textual records.

ca. 50 photographs.

The series consists of correspondence, reports, minutes, published materials, and photographs. The records deal primarily with the areas of University administration in which Barss was involved, including Senate, the Inter-Fraternity Council, the Department of University Extension, the building of Brock Hall, and campus development and maintenance. Also included are some administrative records of the Department of Horticulture.

The photographs are described and stored separately.

**Anglican Theological College series.** – 1910-1971.

39 cm of textual records.

The series consists of correspondence, reports, minutes, and published materials. The records document Alden Barss' involvement with the Anglican Theological College of B.C.

**St. Helen's - Historical series.** – 1910-1960.

39 cm of textual records.

The series consists of correspondence, reports, minutes, financial records, and published materials. The records document Barss' involvement with St. Helen's Anglican Church in Vancouver, and with the Anglican Church in general.

**Personal / Alphabetical Files series.** – 1918-1977.

84 cm of textual records.

The series consists of correspondence, published materials, and one photograph. The records document Barss' various interests including horticulture, religion, and Ireland and Britain, as well as some of his personal and family relationships.
