Fonds Description

Committee for Medieval Studies fonds. - 1971-1979

35 cm of textual records.

c. 80 video cassettes.

Administrative History

Constituted under the auspices of the Faculty of Arts, the Committee for Medieval Studies was established in the early 1970s. The primary goal of the Committee is to coordinate course offerings in the inter-disciplinary, undergraduate Medieval Studies program at UBC. In addition, beginning in the early 1970s at the University, the Committee also sponsored annual Medieval Workshops which attracted specialists in the field from North America and Europe.

Scope and Content

Fonds consists of correspondence, minutes, financial records, course outlines and materials, papers submitted to the Medieval Workshop, and video recordings. The records reflect the Committee's involvement in devising an interdisciplinary course of study (1972-1977) for students interested in the medieval field, and the Committee's role in organizing the annual Medieval Workshop at UBC (1973-1979). The video recordings are from a series entitled Beyond the Memory of Man in which members of the Committee appeared.

Notes

Fonds consists of institutional records – access requests must be reviewed by the University's FOIPOP Coordinator.
