Fonds Description

Marjorie V. Smith fonds. – 1958-1973.

36 cm of textual records.

25 photographs : b&w; 20.5cm x 25.5cm and smaller.

Biographical Sketch

Marjorie V. Smith was the program director for the Aging and Human Relations Division at UBC's Department of University Extension (later the Centre for Continuing Education) between 1940 and 1978. She received a Bachelor of Arts degree from the University of Saskatchewan and her Master of Social Work from UBC.

Scope and Content

Fonds consists of records created or acquired by Marjorie V. Smith in the course of her work at the Centre for Continuing Education, and include correspondence, course materials, reports, photographs, and published materials. The records are arranged in five series: East Indian Programs, Multiculturalism, First Nations Peoples, Reports on Workshops, and Publications. The arrangement is based on the order in which they were kept in Smith's office and transferred to the Archives.

Notes

File list available.

The records were received by the University Archives on March 7, 1979.

Photographs are listed as part of the Reports on Workshops series, but are stored separately.

The series "First Nations Peoples" was originally entitled "Indians".

The term "Indian" is now outdated and is considered by many Indigenous Peoples to be offensive. However, it is retained in some places in this inventory to reflect historical naming conventions.
